

## OUTCOME level-2 intercept variance

Parameter 1

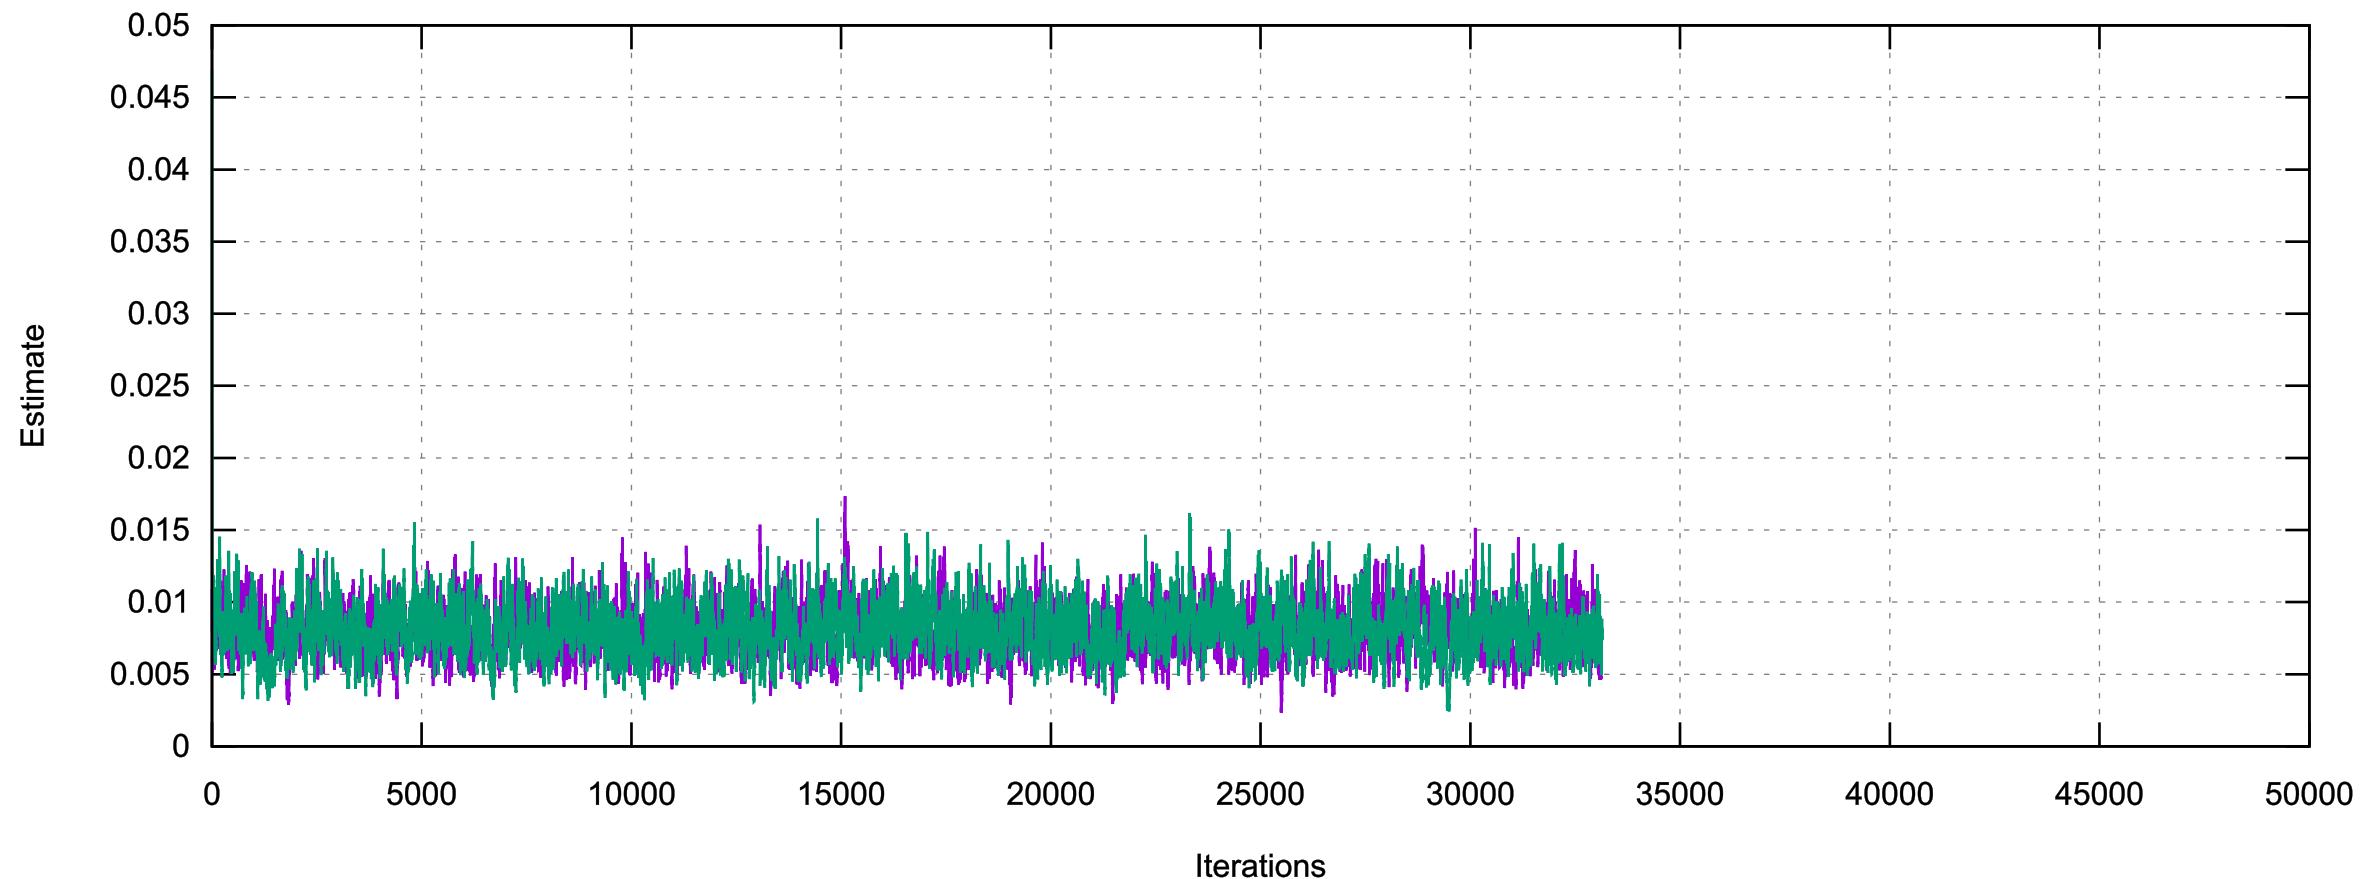

## OUTCOME level-2 covariance between T1 and INTERCEPT

Parameter 2

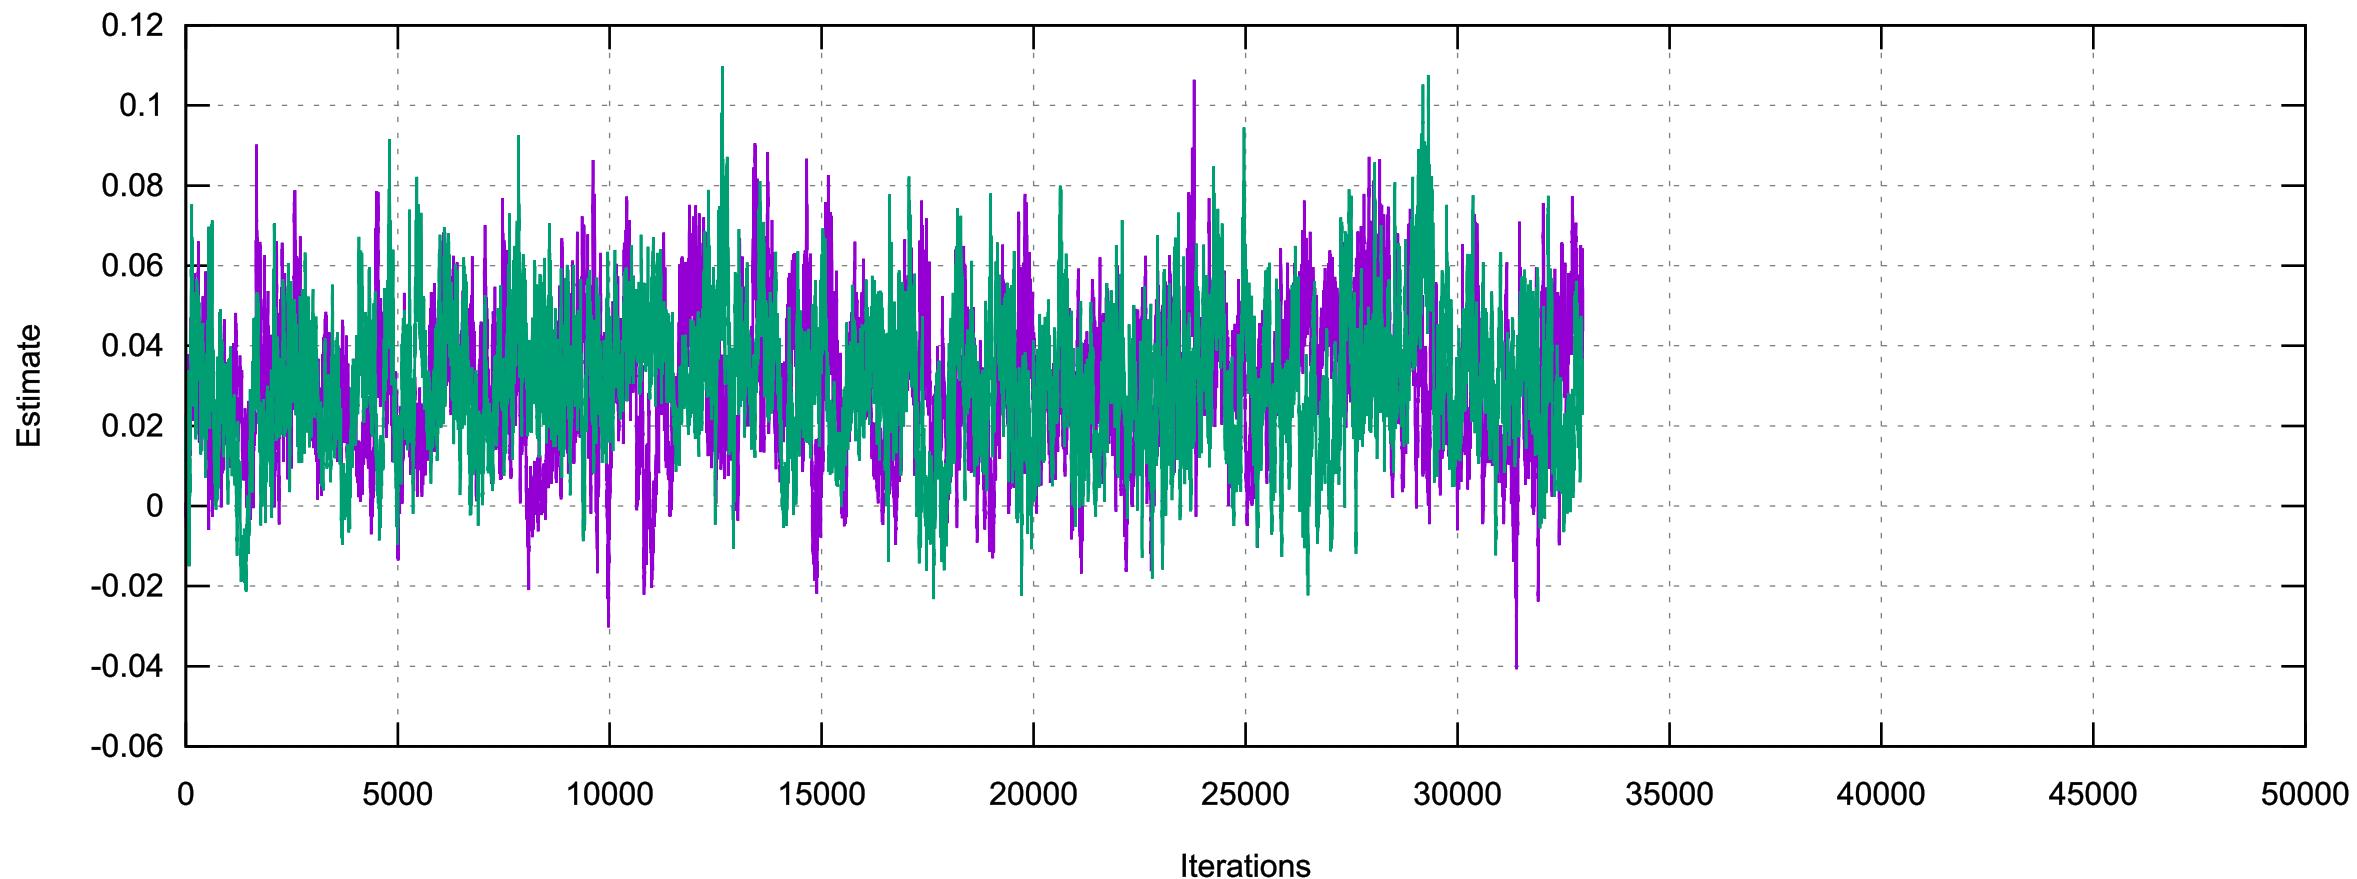

OUTCOME level-2 slope variance of T1  
Parameter 3

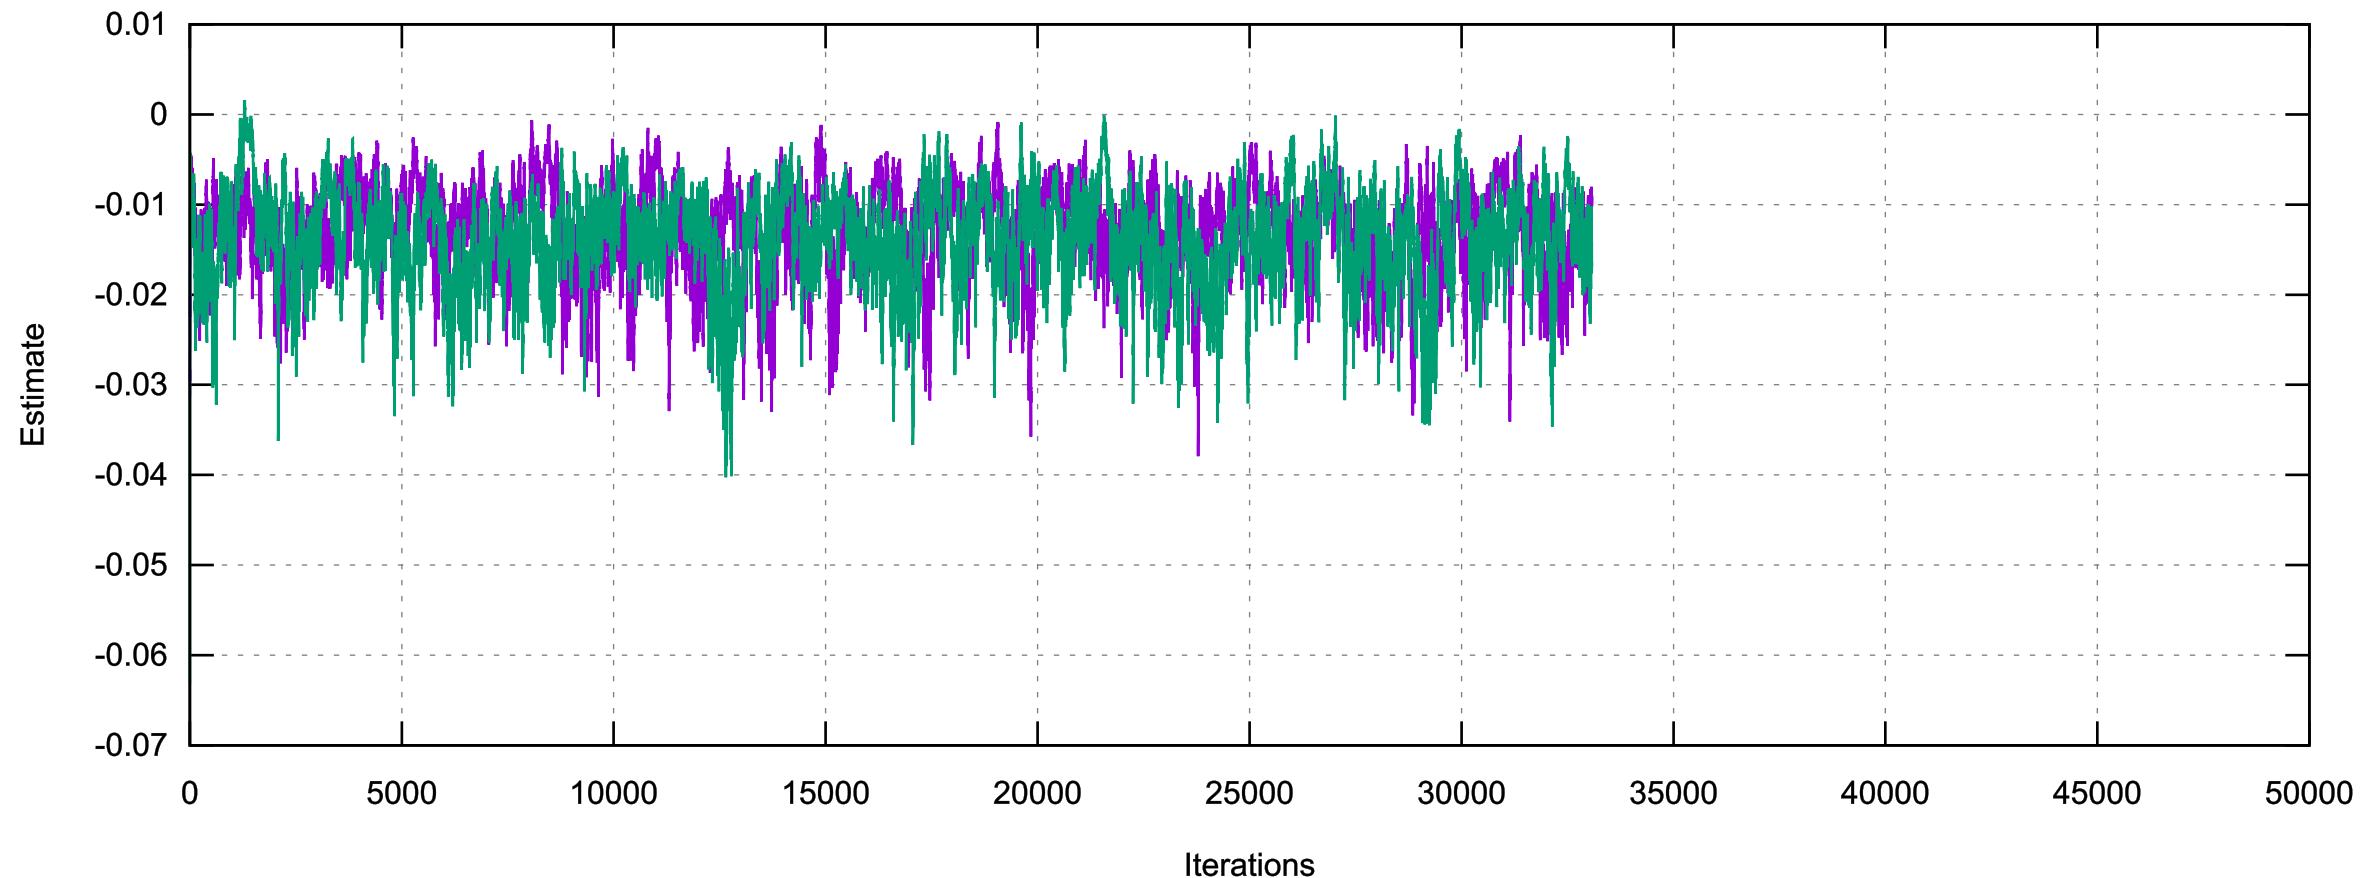

# OUTCOME level-2 covariance between T2 and INTERCEPT

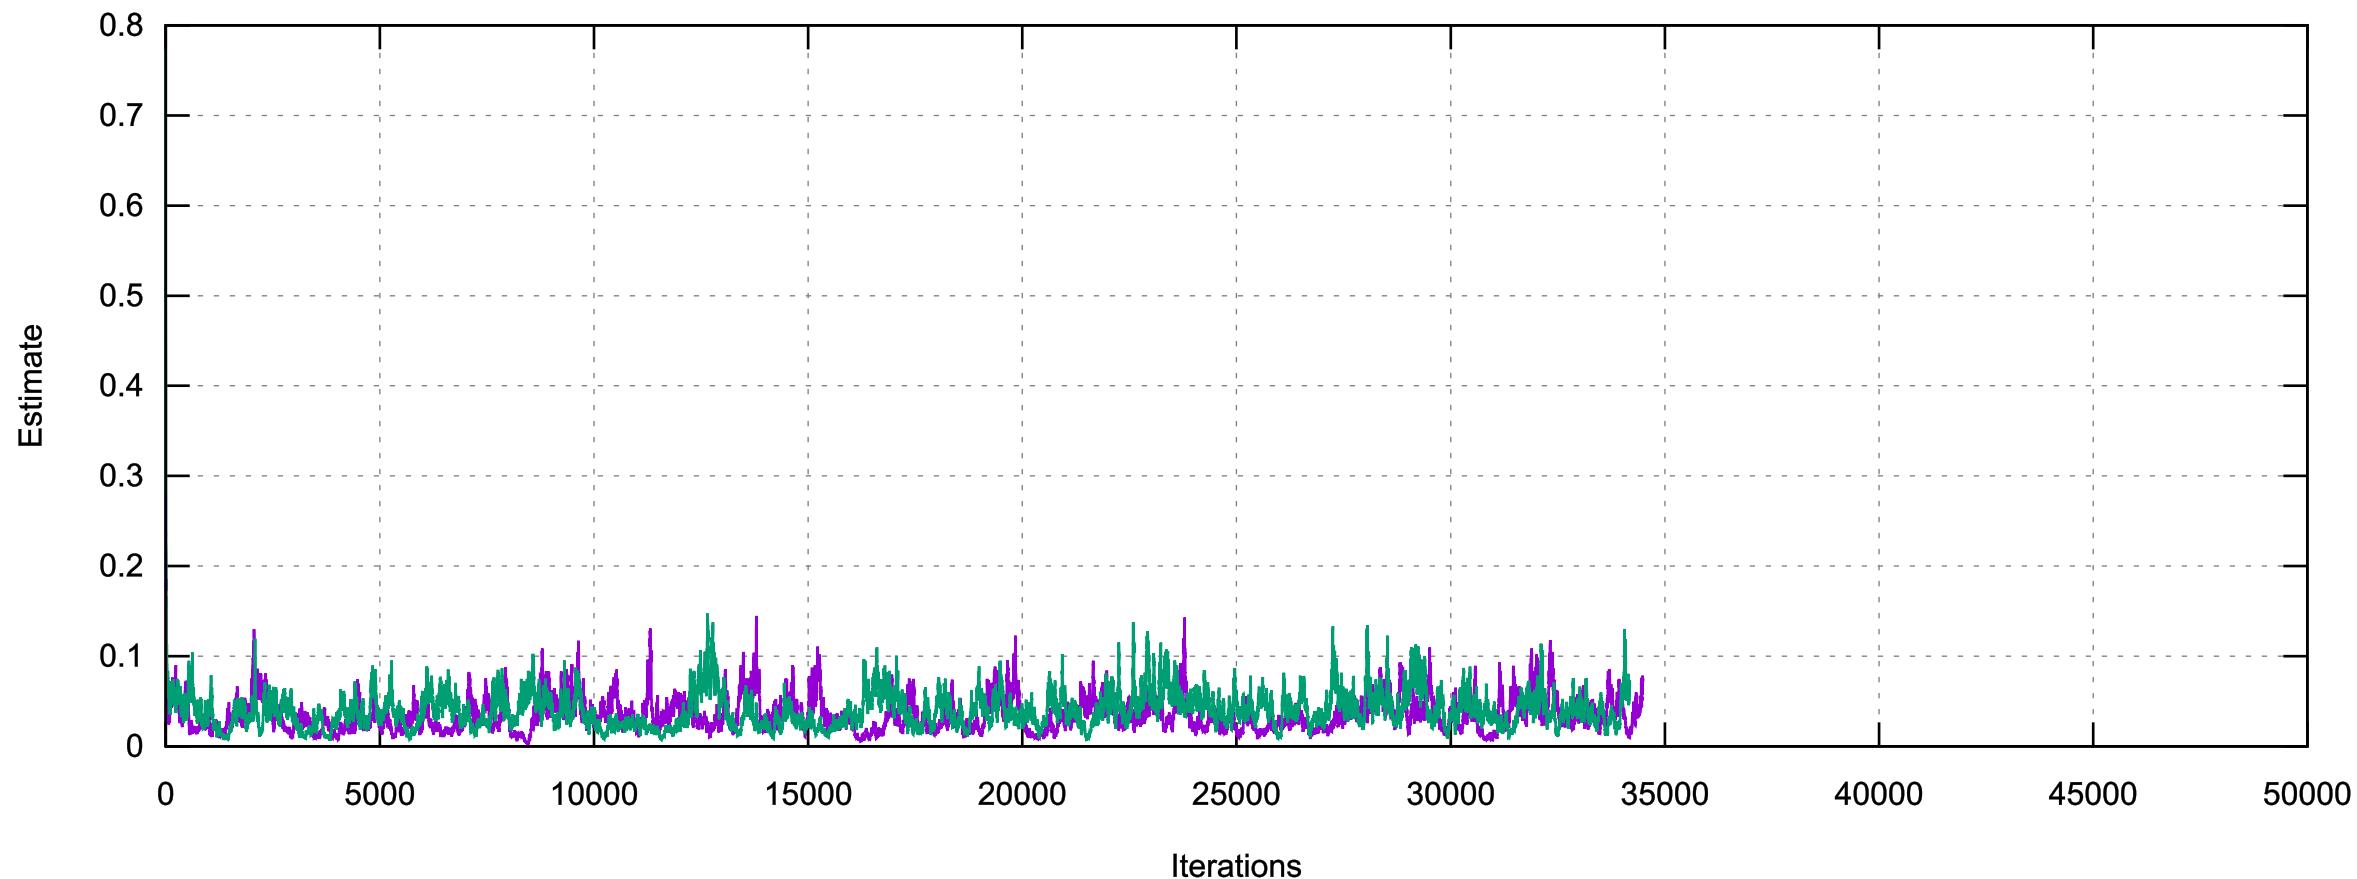

Parameter 4

OUTCOME level-2 covariance between T2 and T1  
Parameter 5

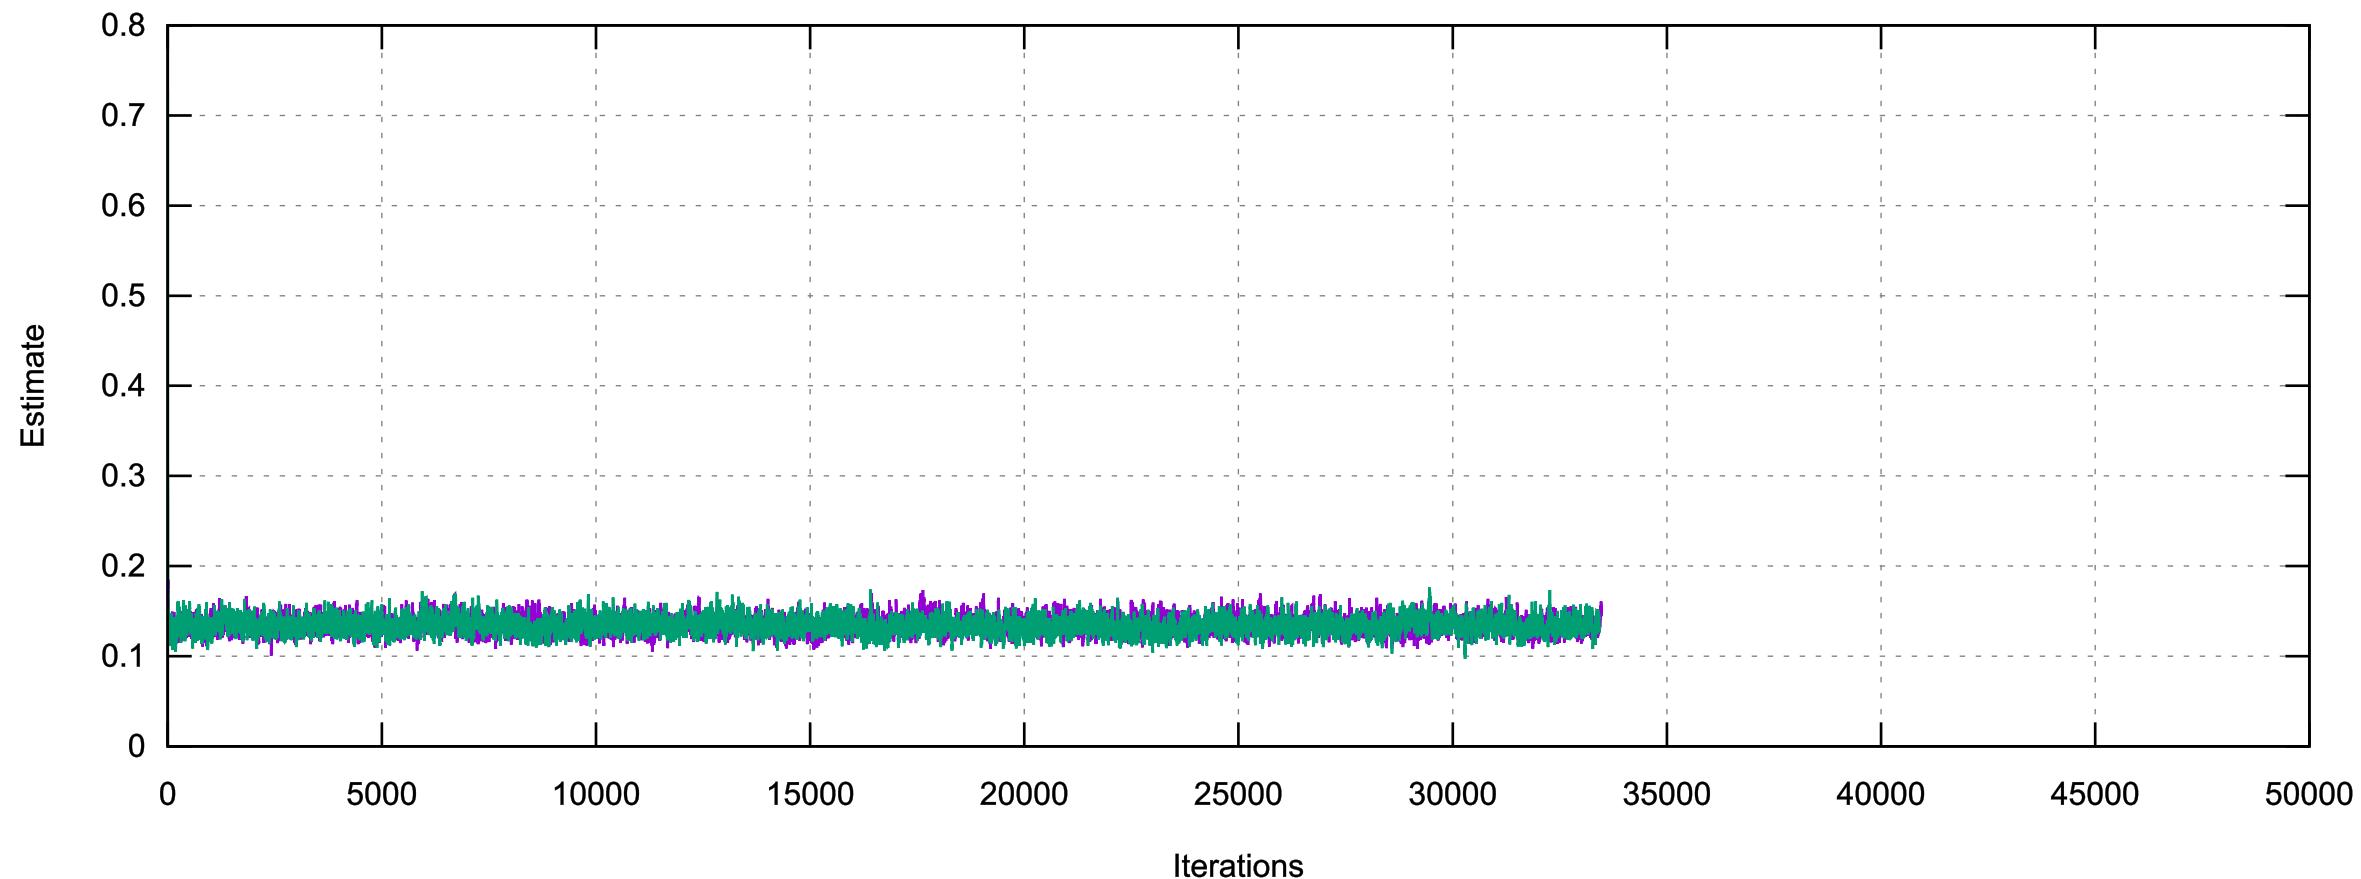

OUTCOME level-2 slope variance of T2  
Parameter 6

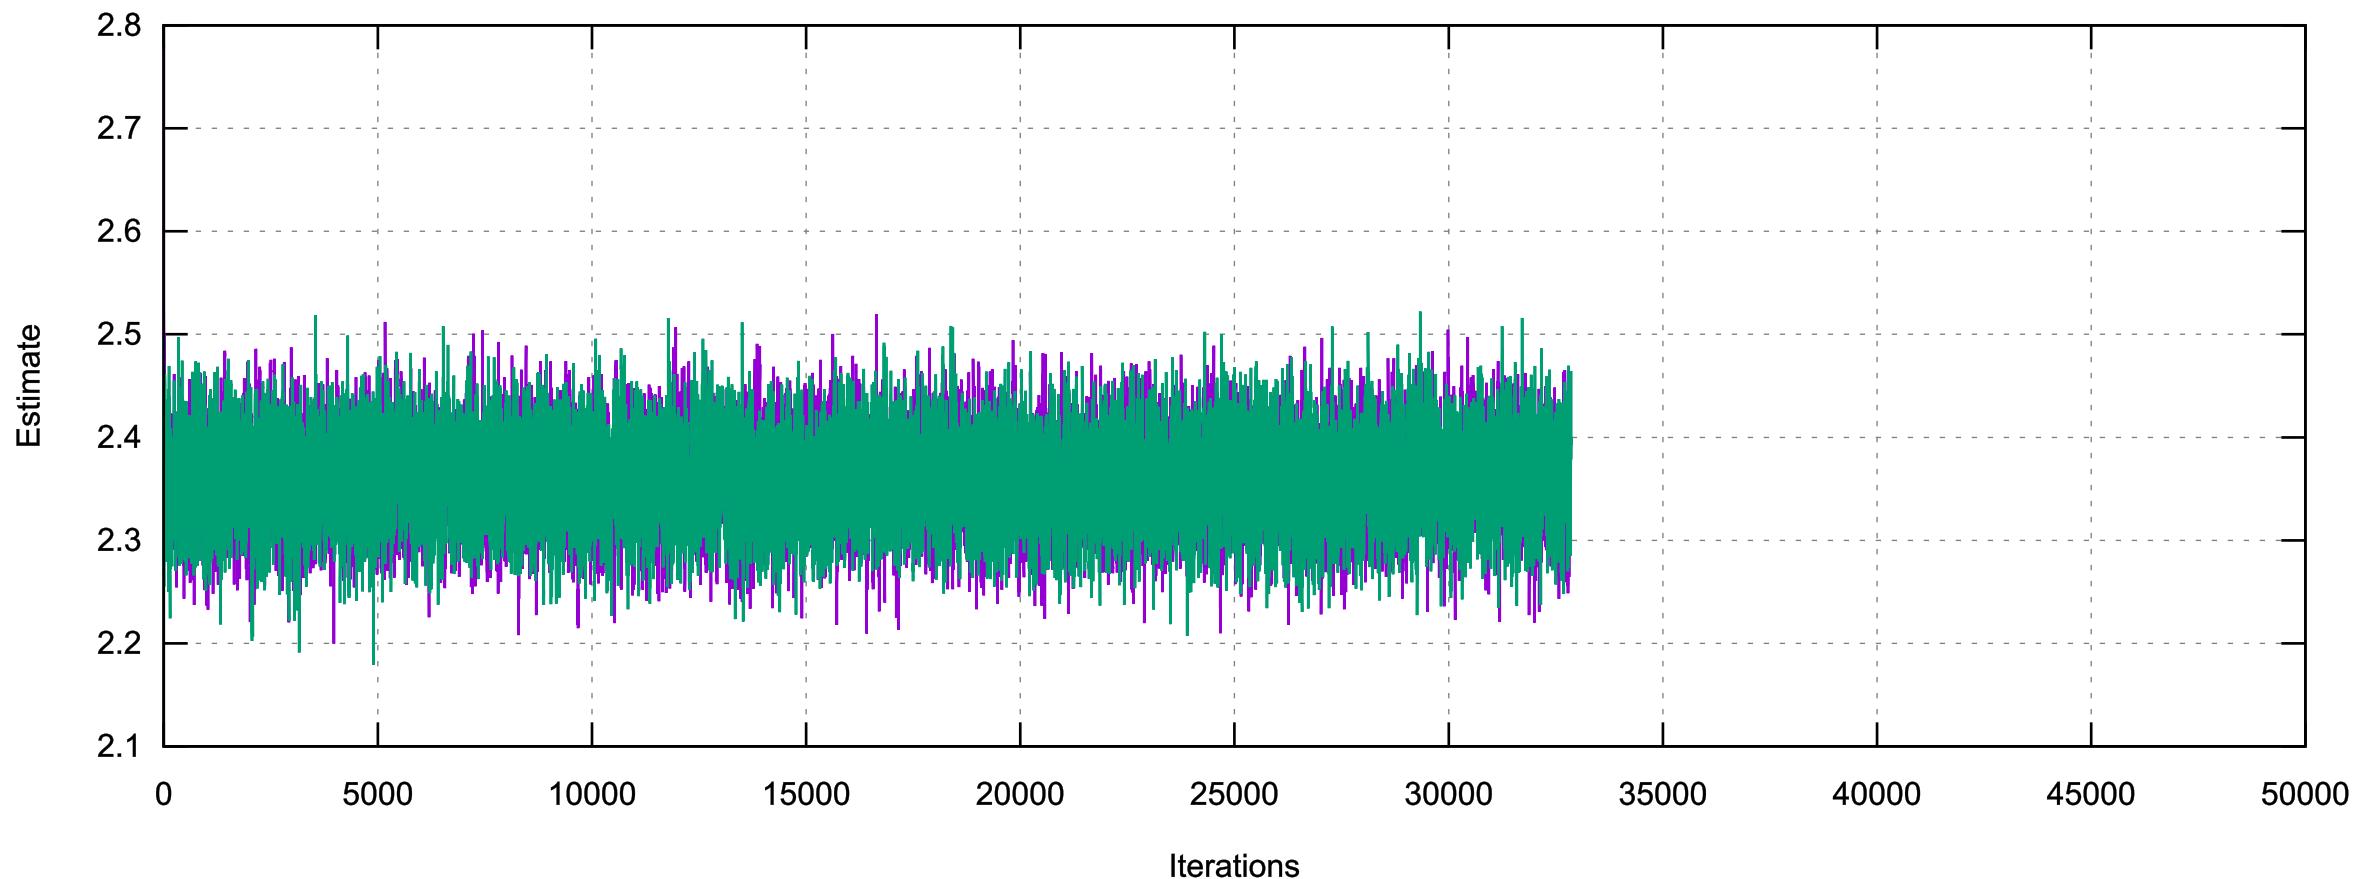

## OUTCOME residual variance

Parameter 7

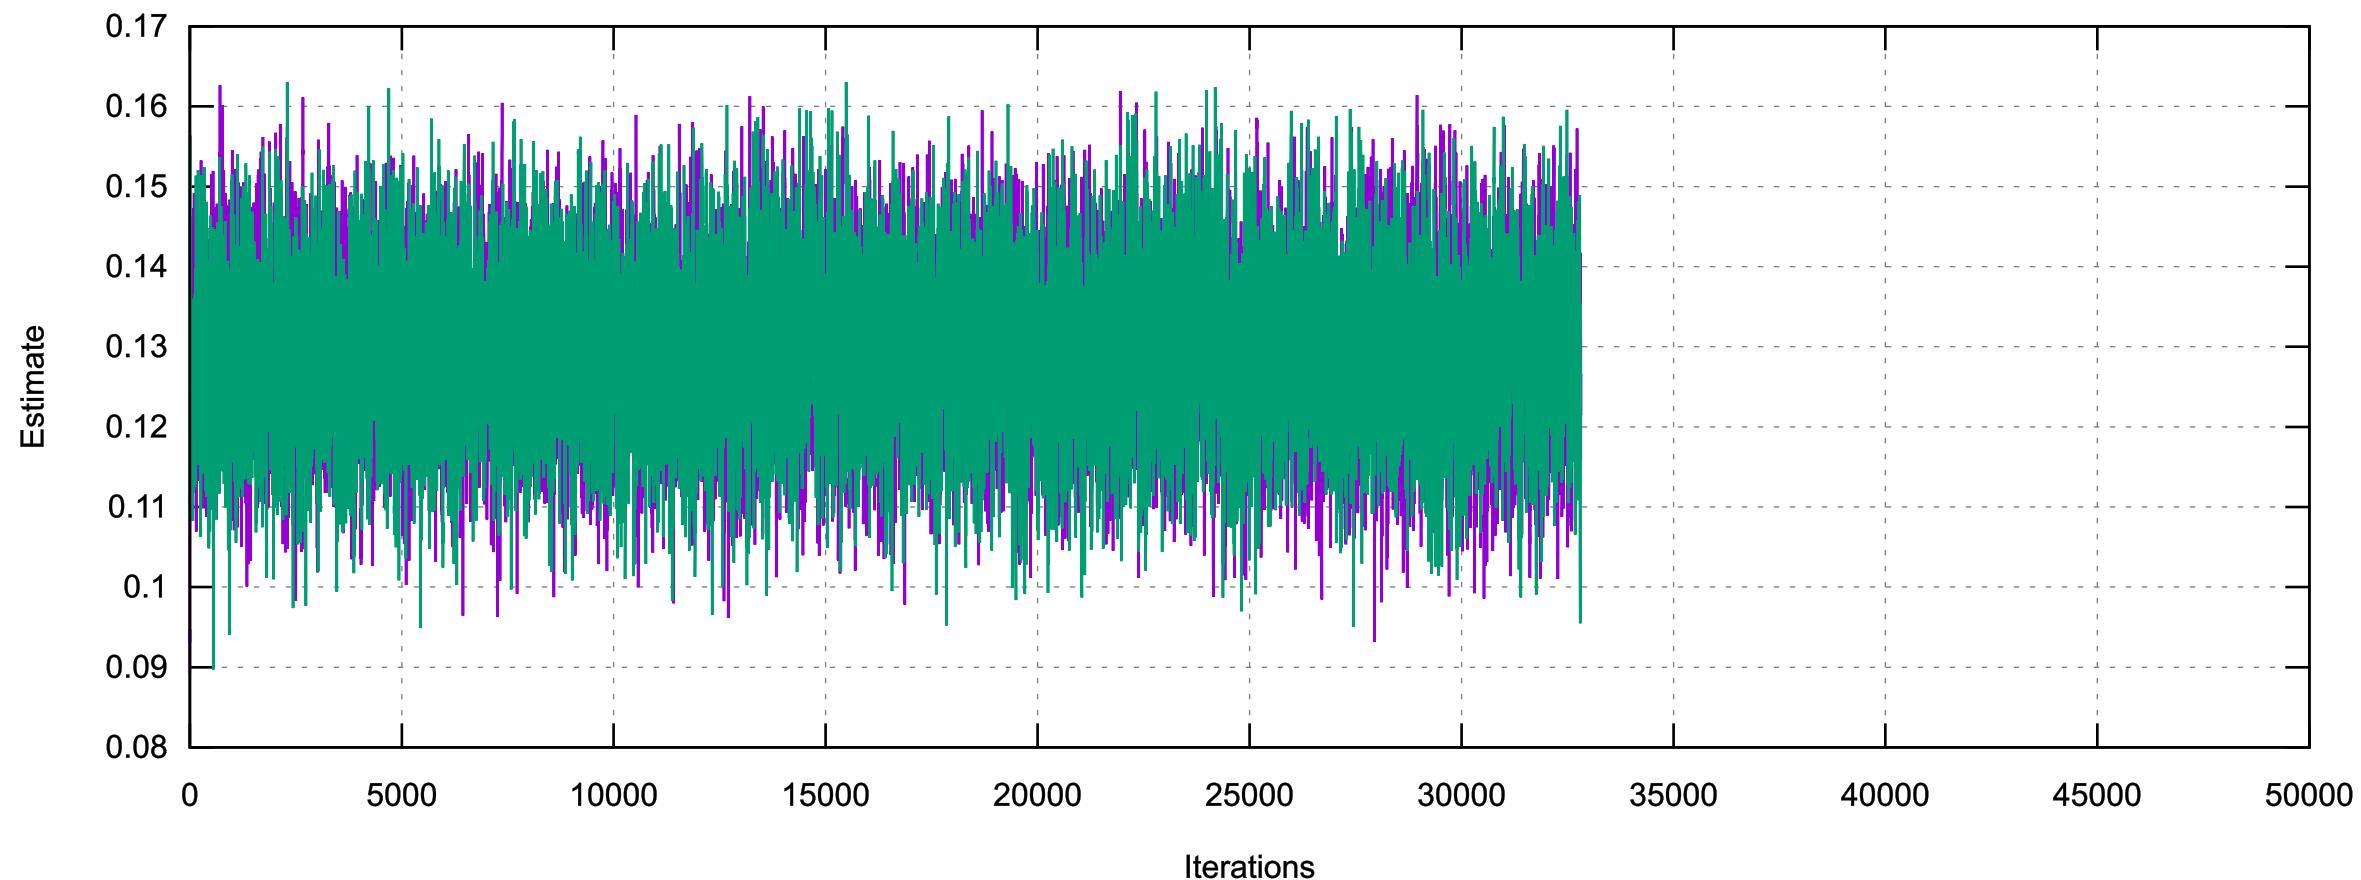

OUTCOME intercept

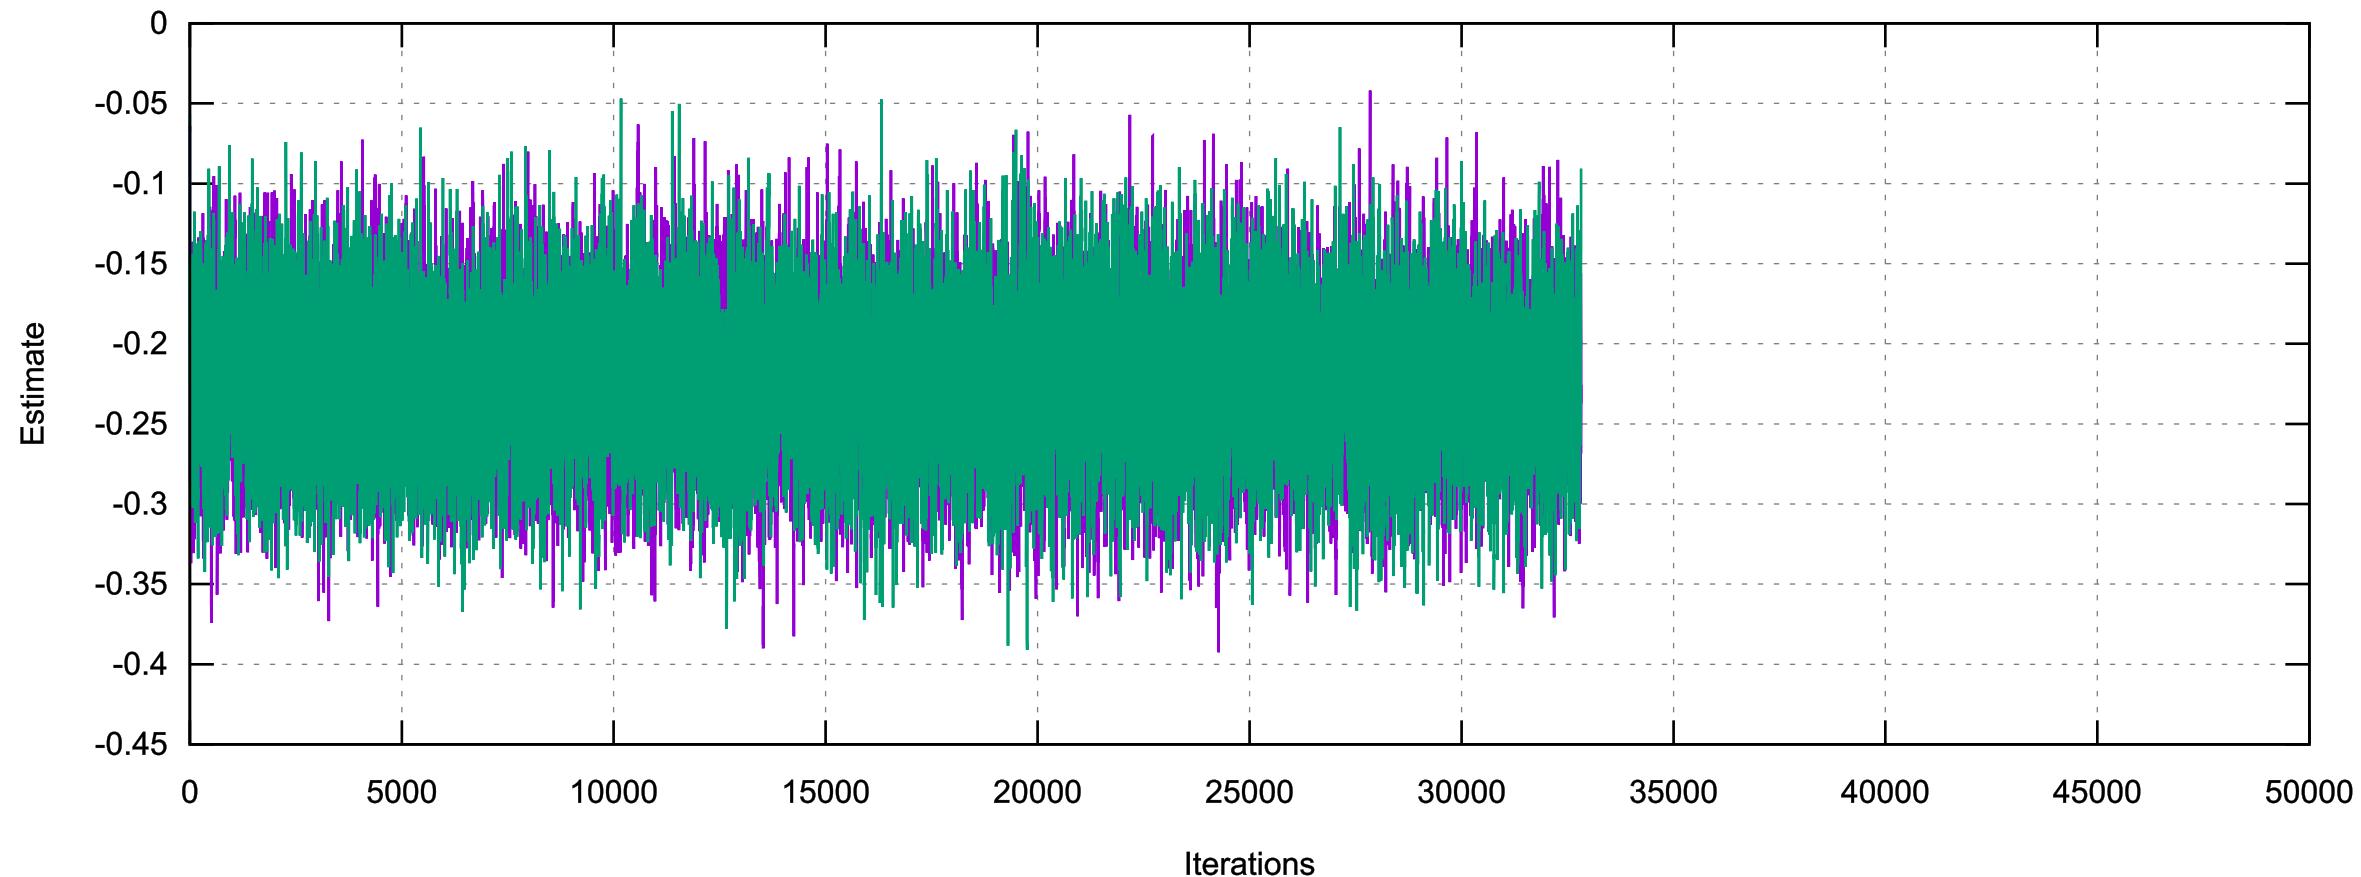

Parameter 8

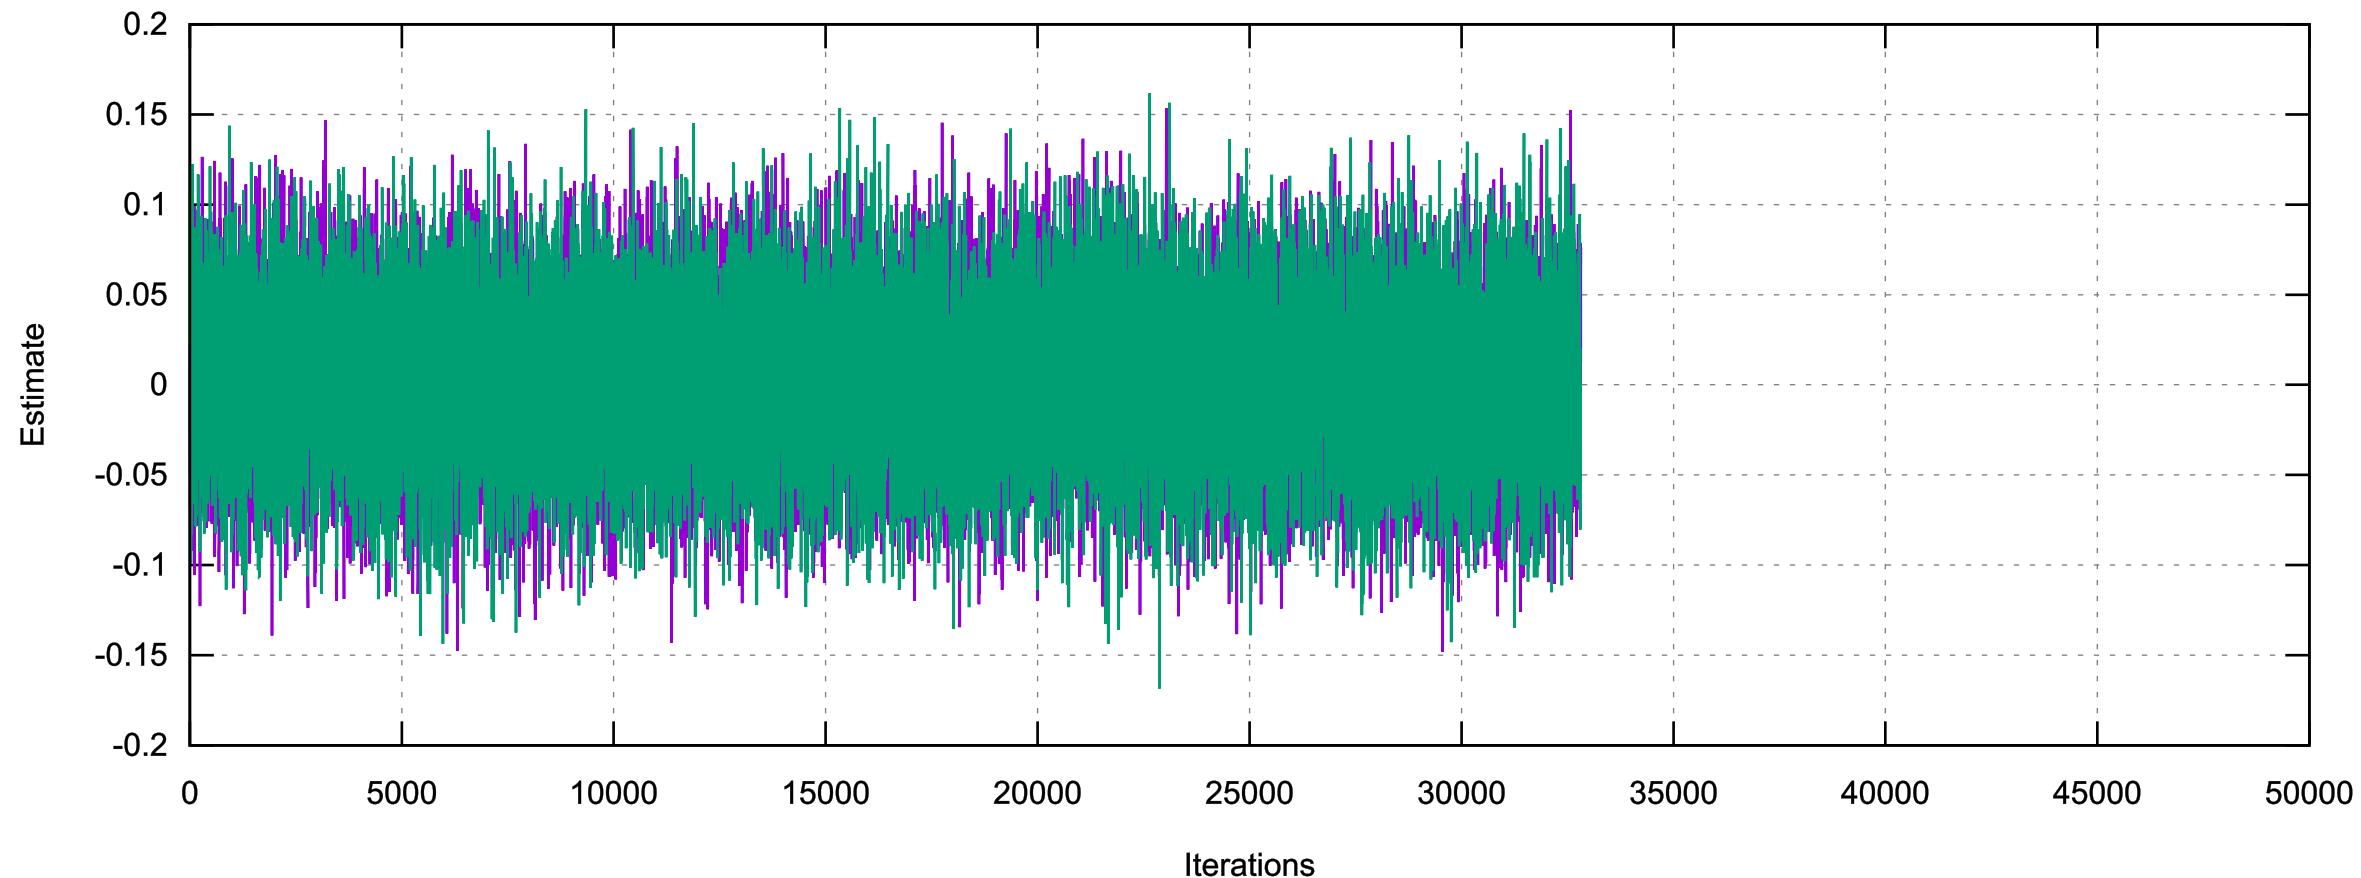

OUTCOME regressed on T1  
Parameter 9

OUTCOME regressed on T2  
Parameter 10

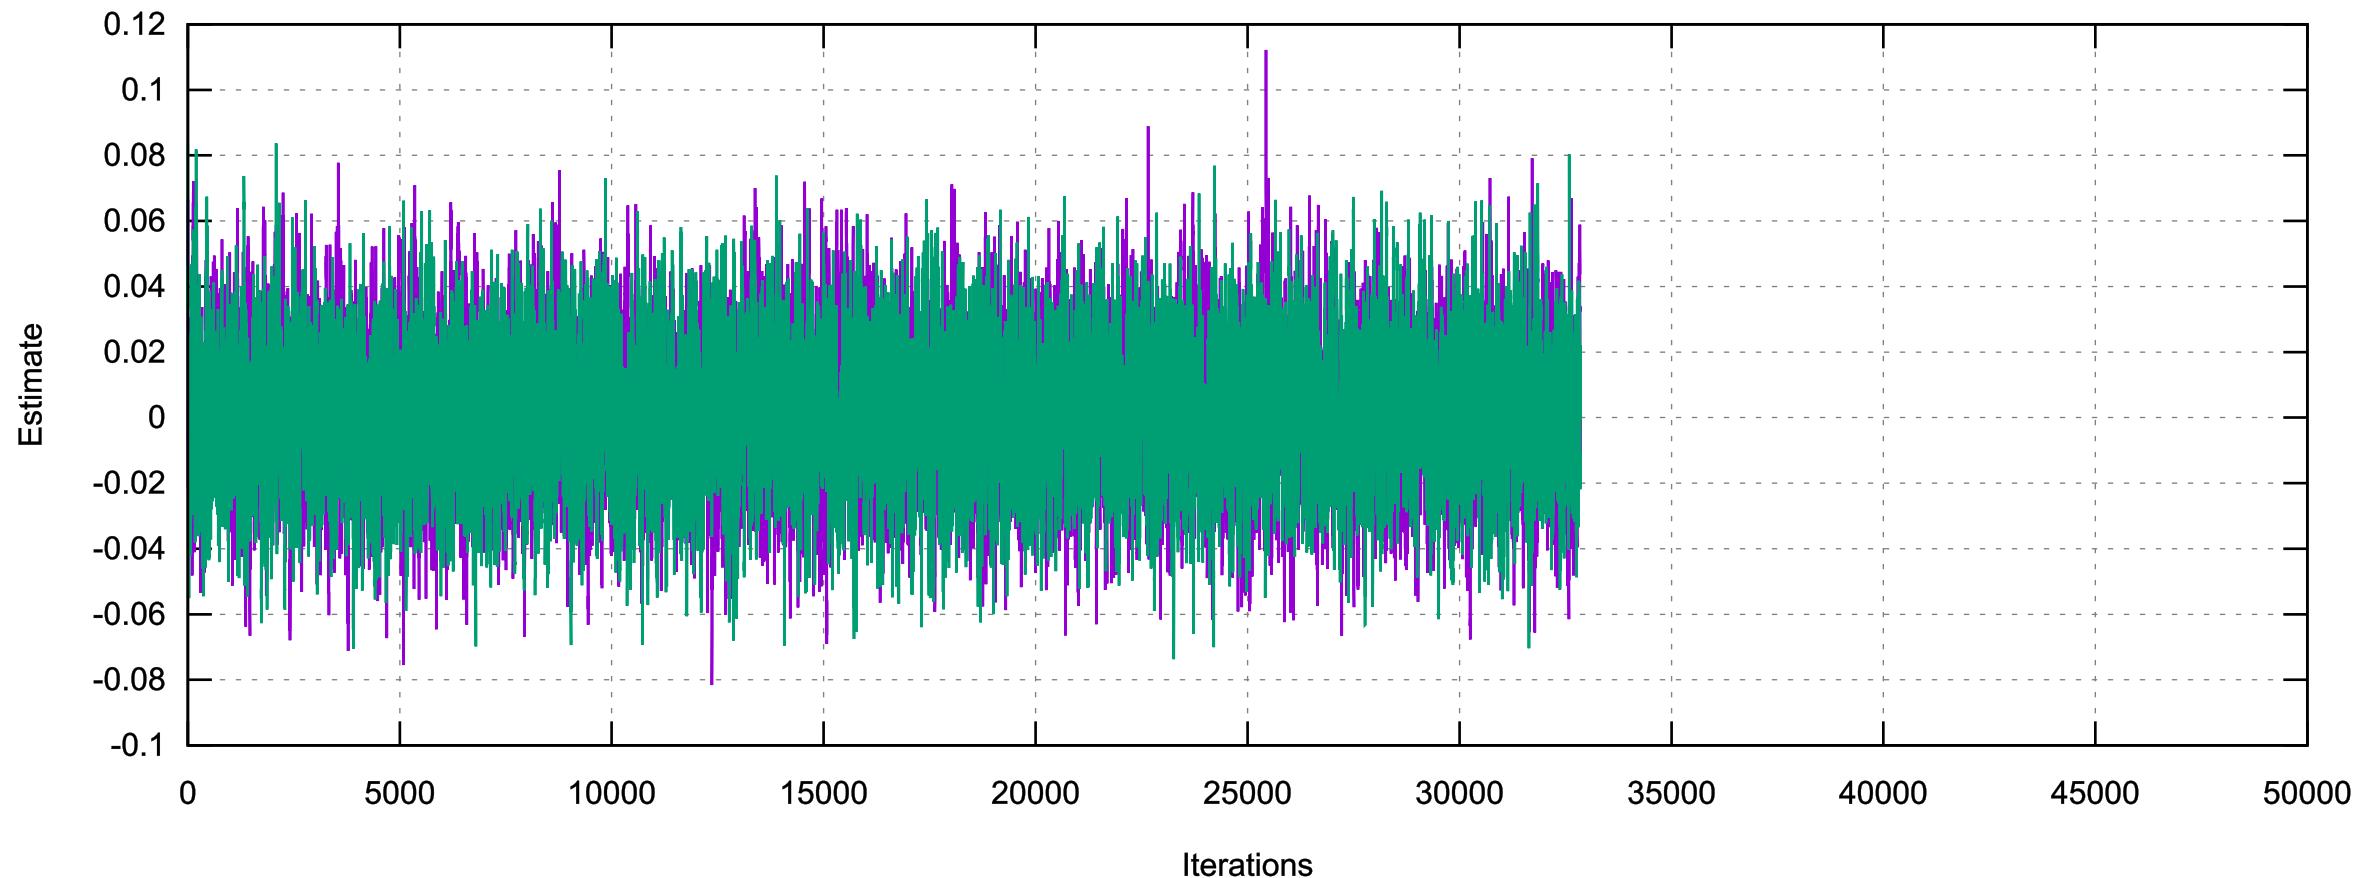

OUTCOME regressed on ENG.2  
Parameter 11

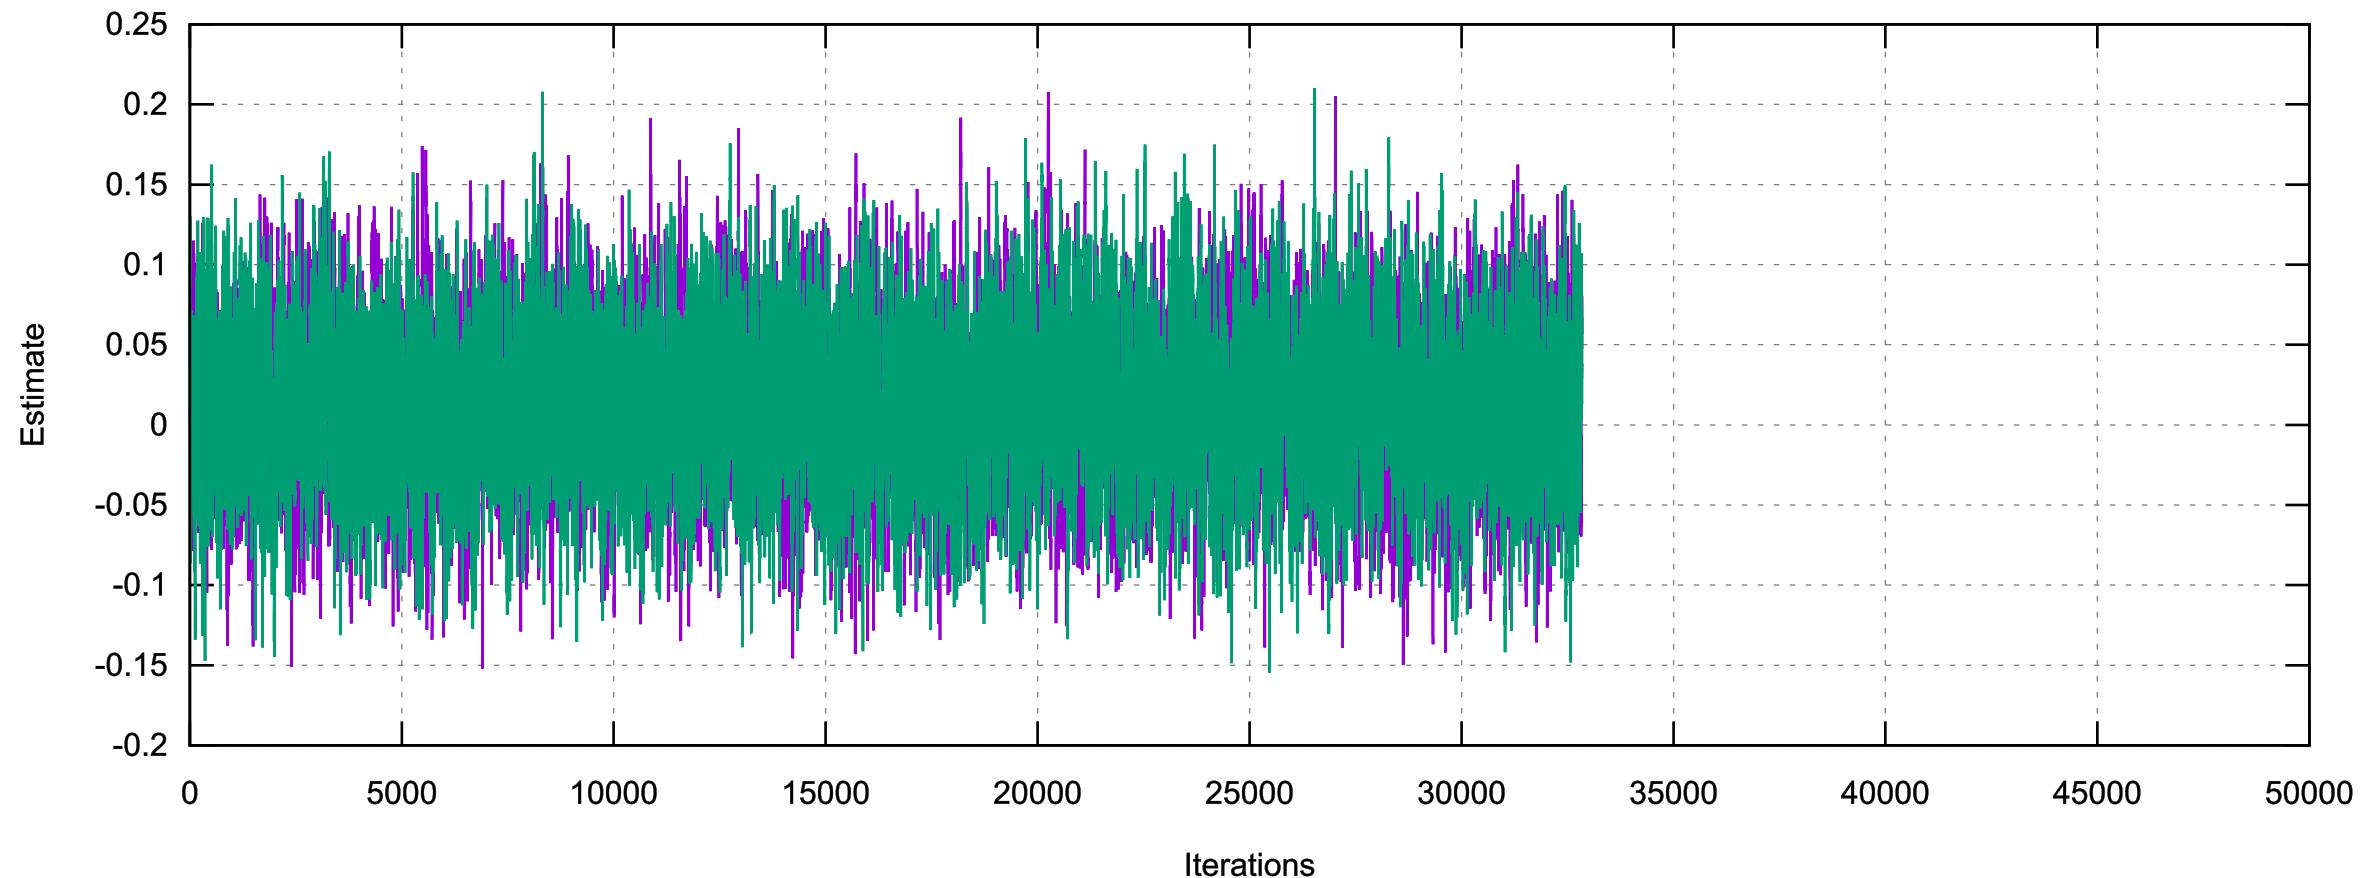

OUTCOME regressed on CRED\_ON

Parameter 12

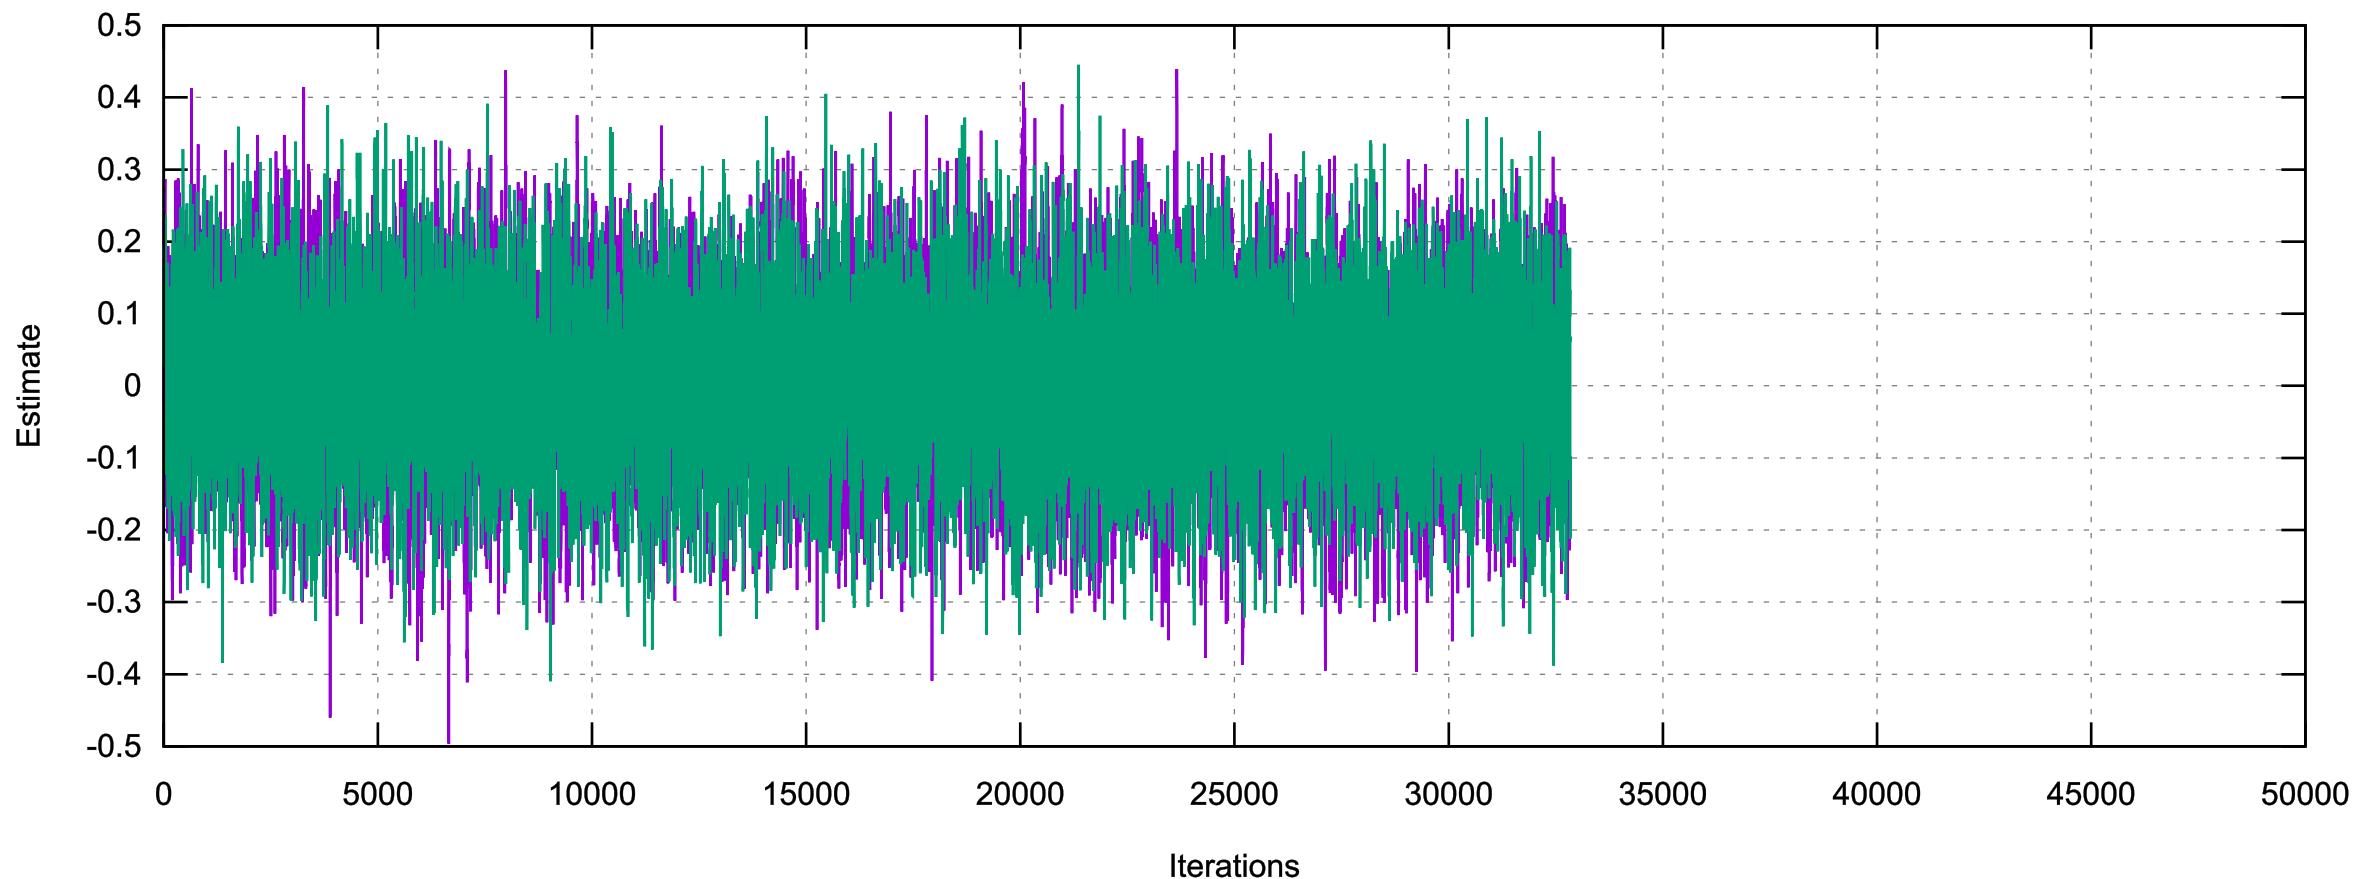

OUTCOME regressed on GENDER.2  
Parameter 13

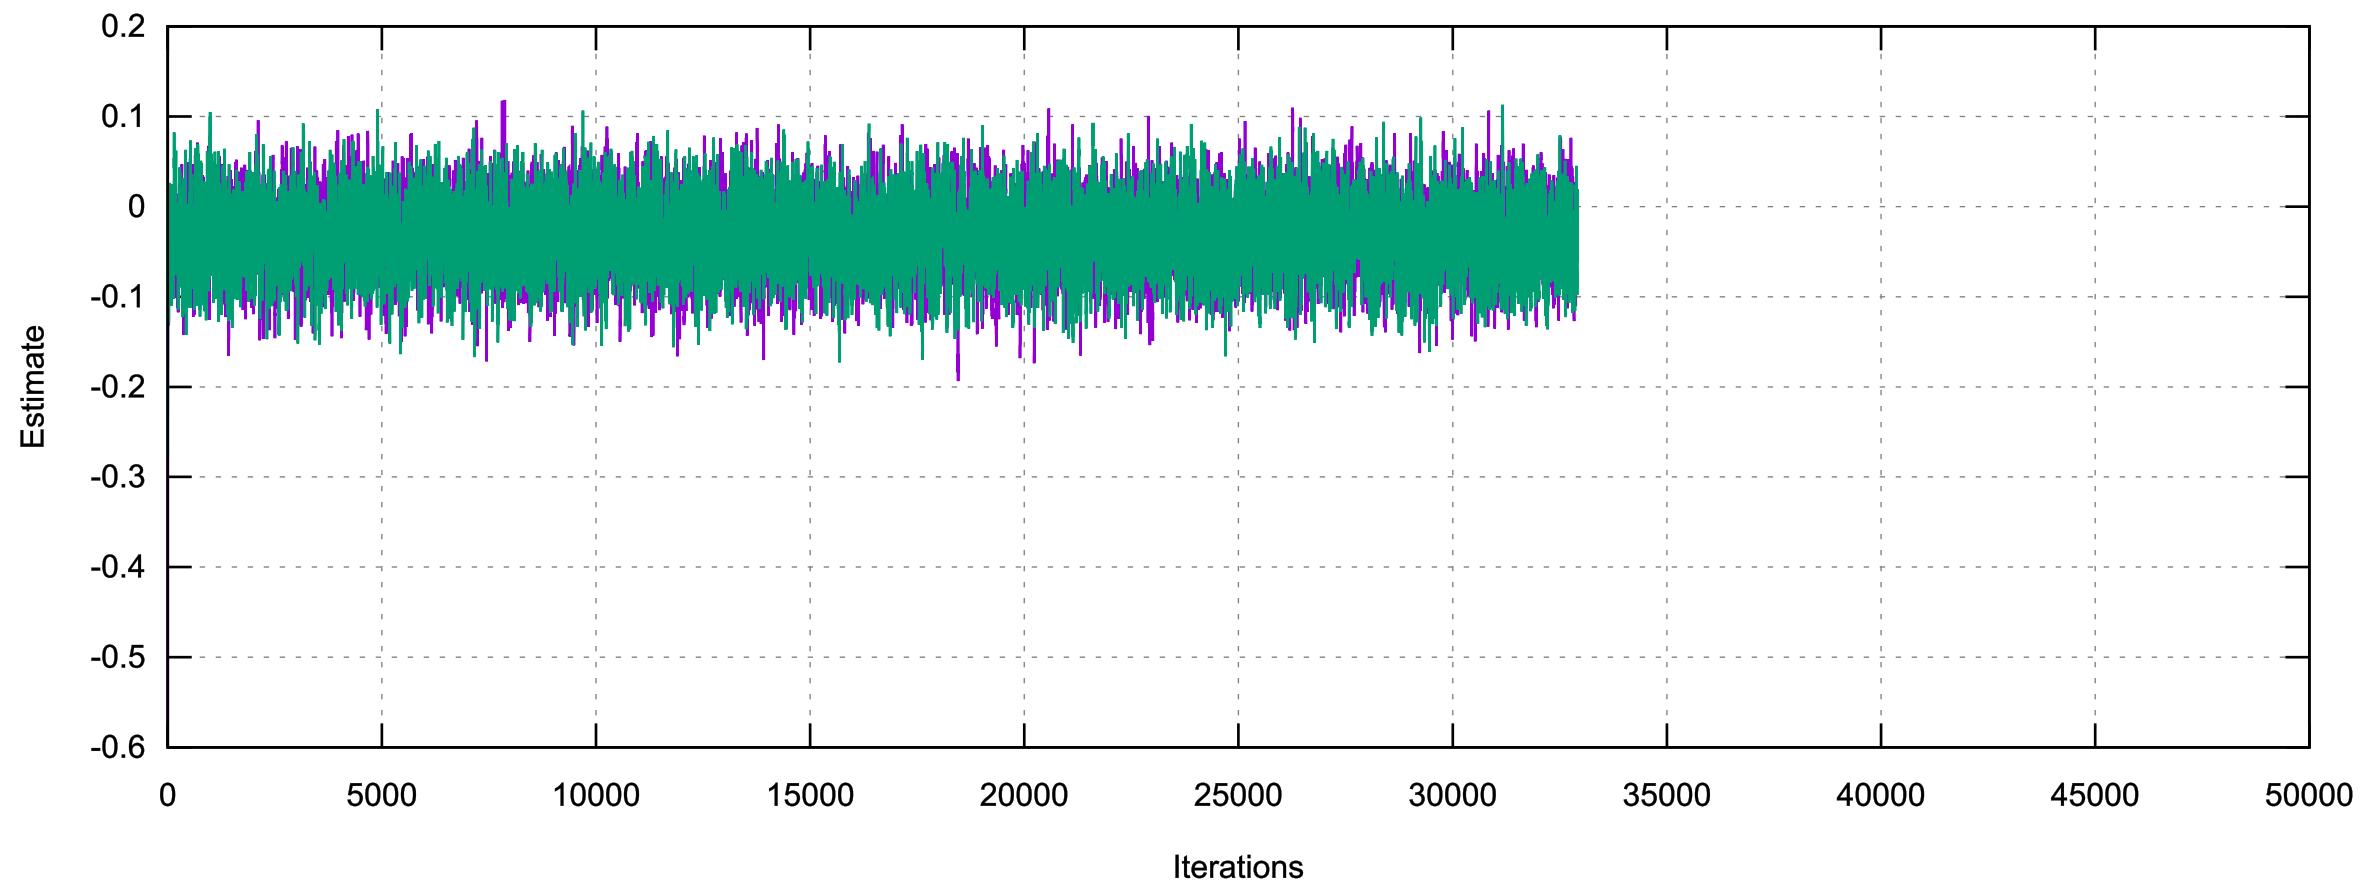

OUTCOME regressed on GENDER.3

Parameter 14

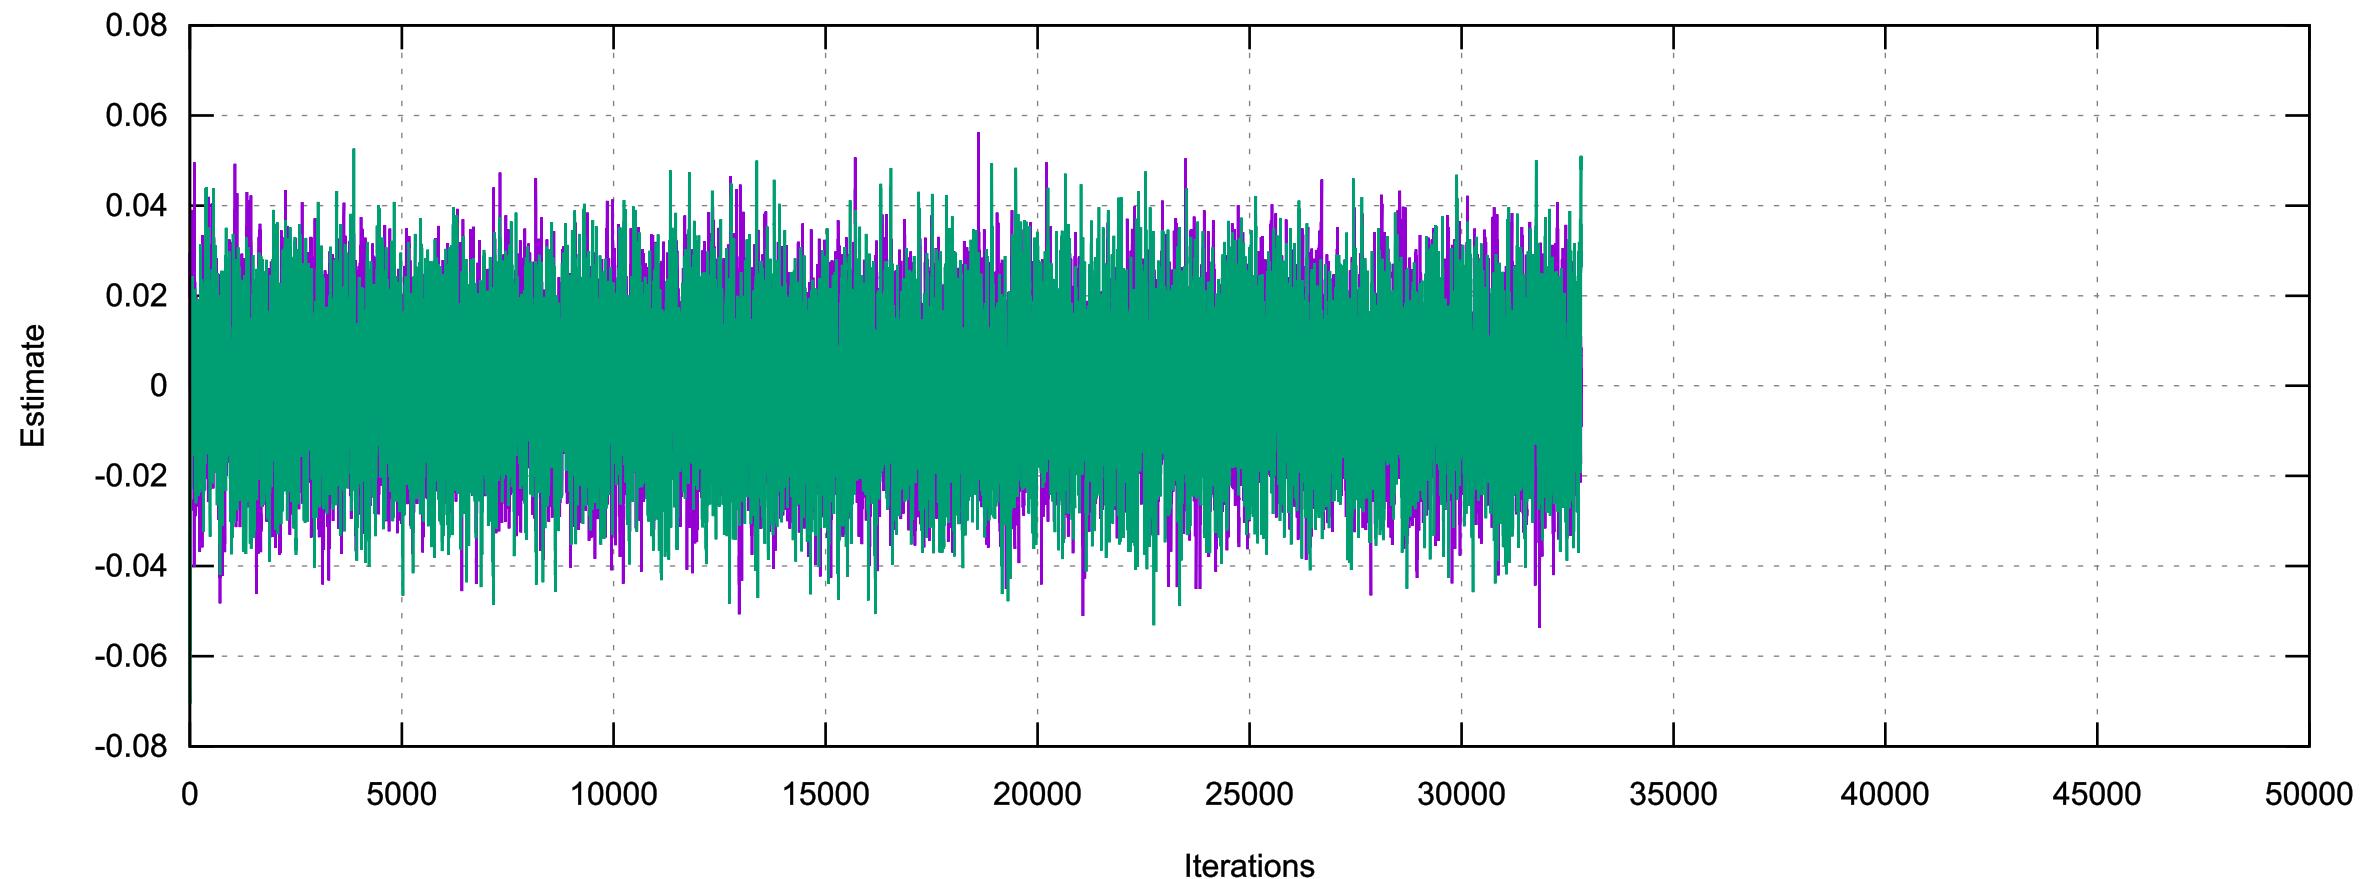

OUTCOME regressed on ISONE

Parameter 15

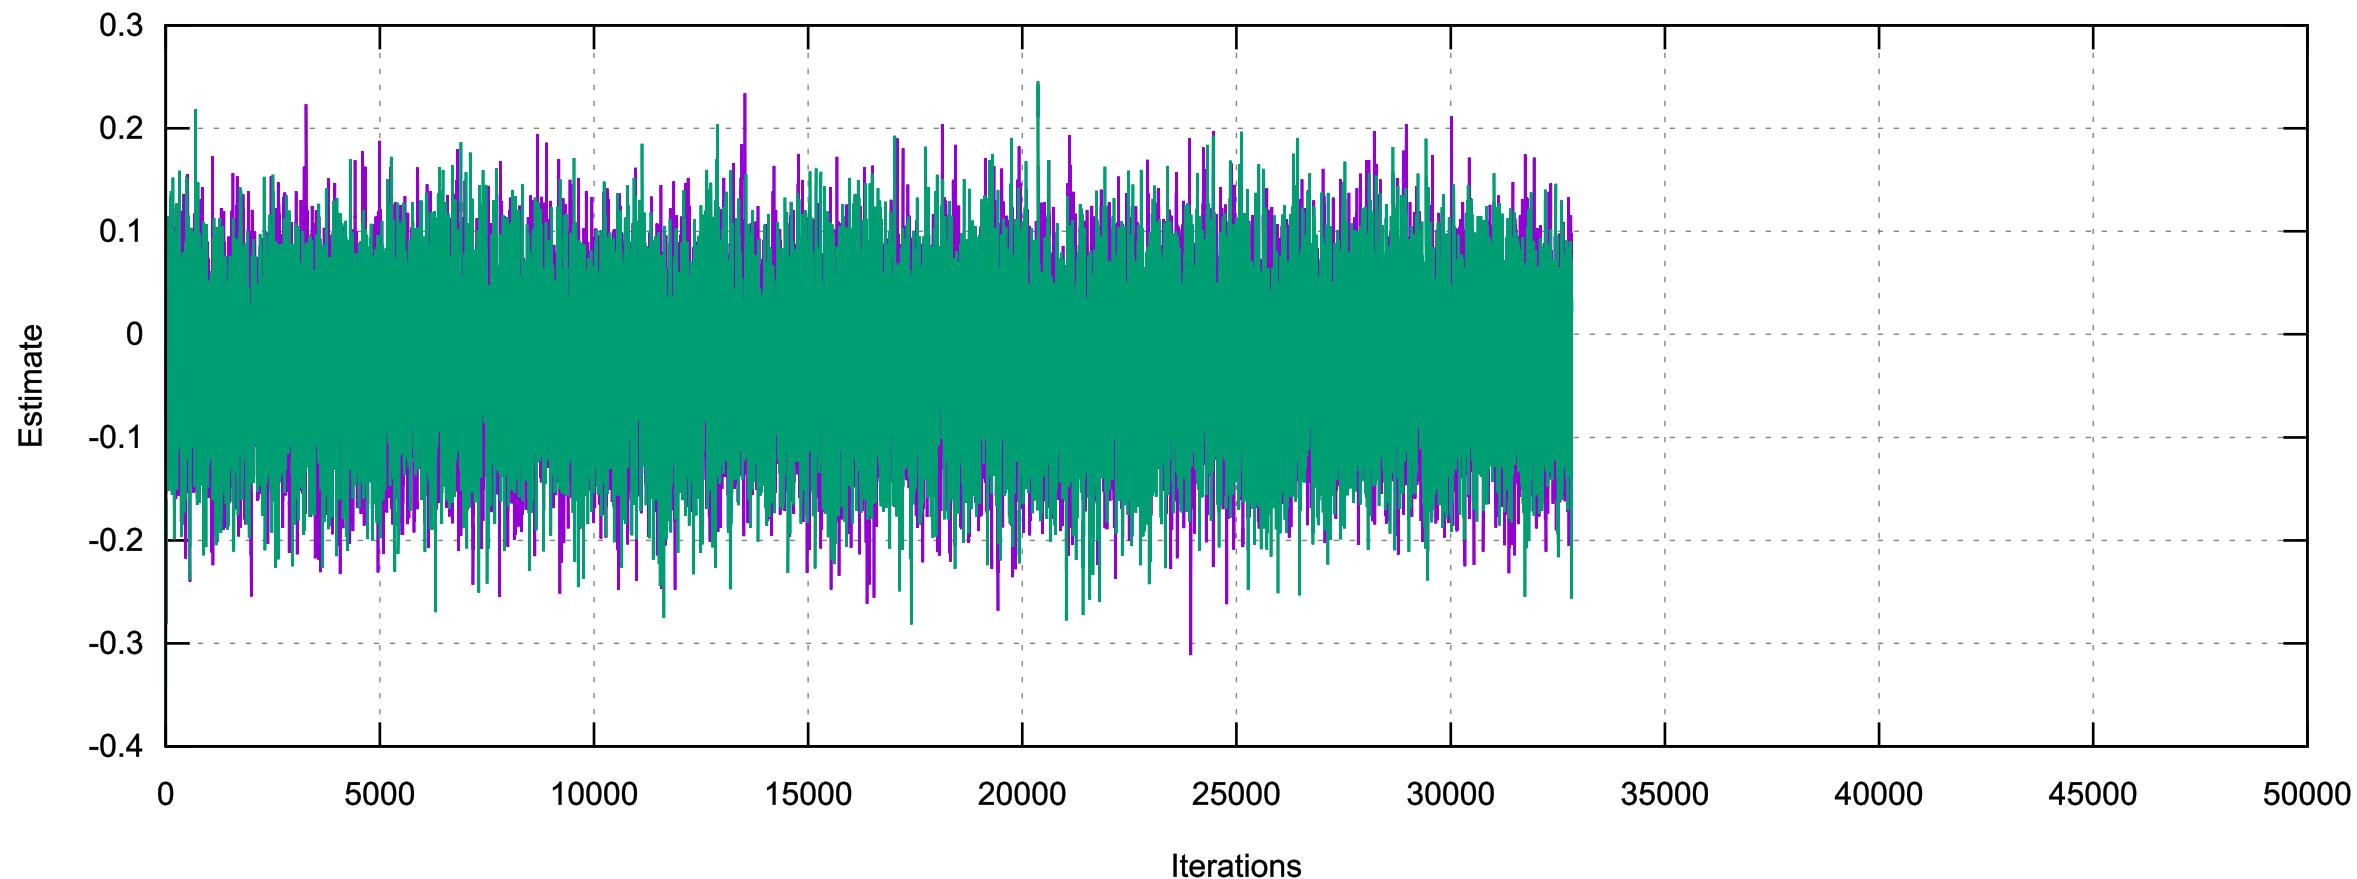

OUTCOME regressed on ENG.2\*T1

Parameter 16

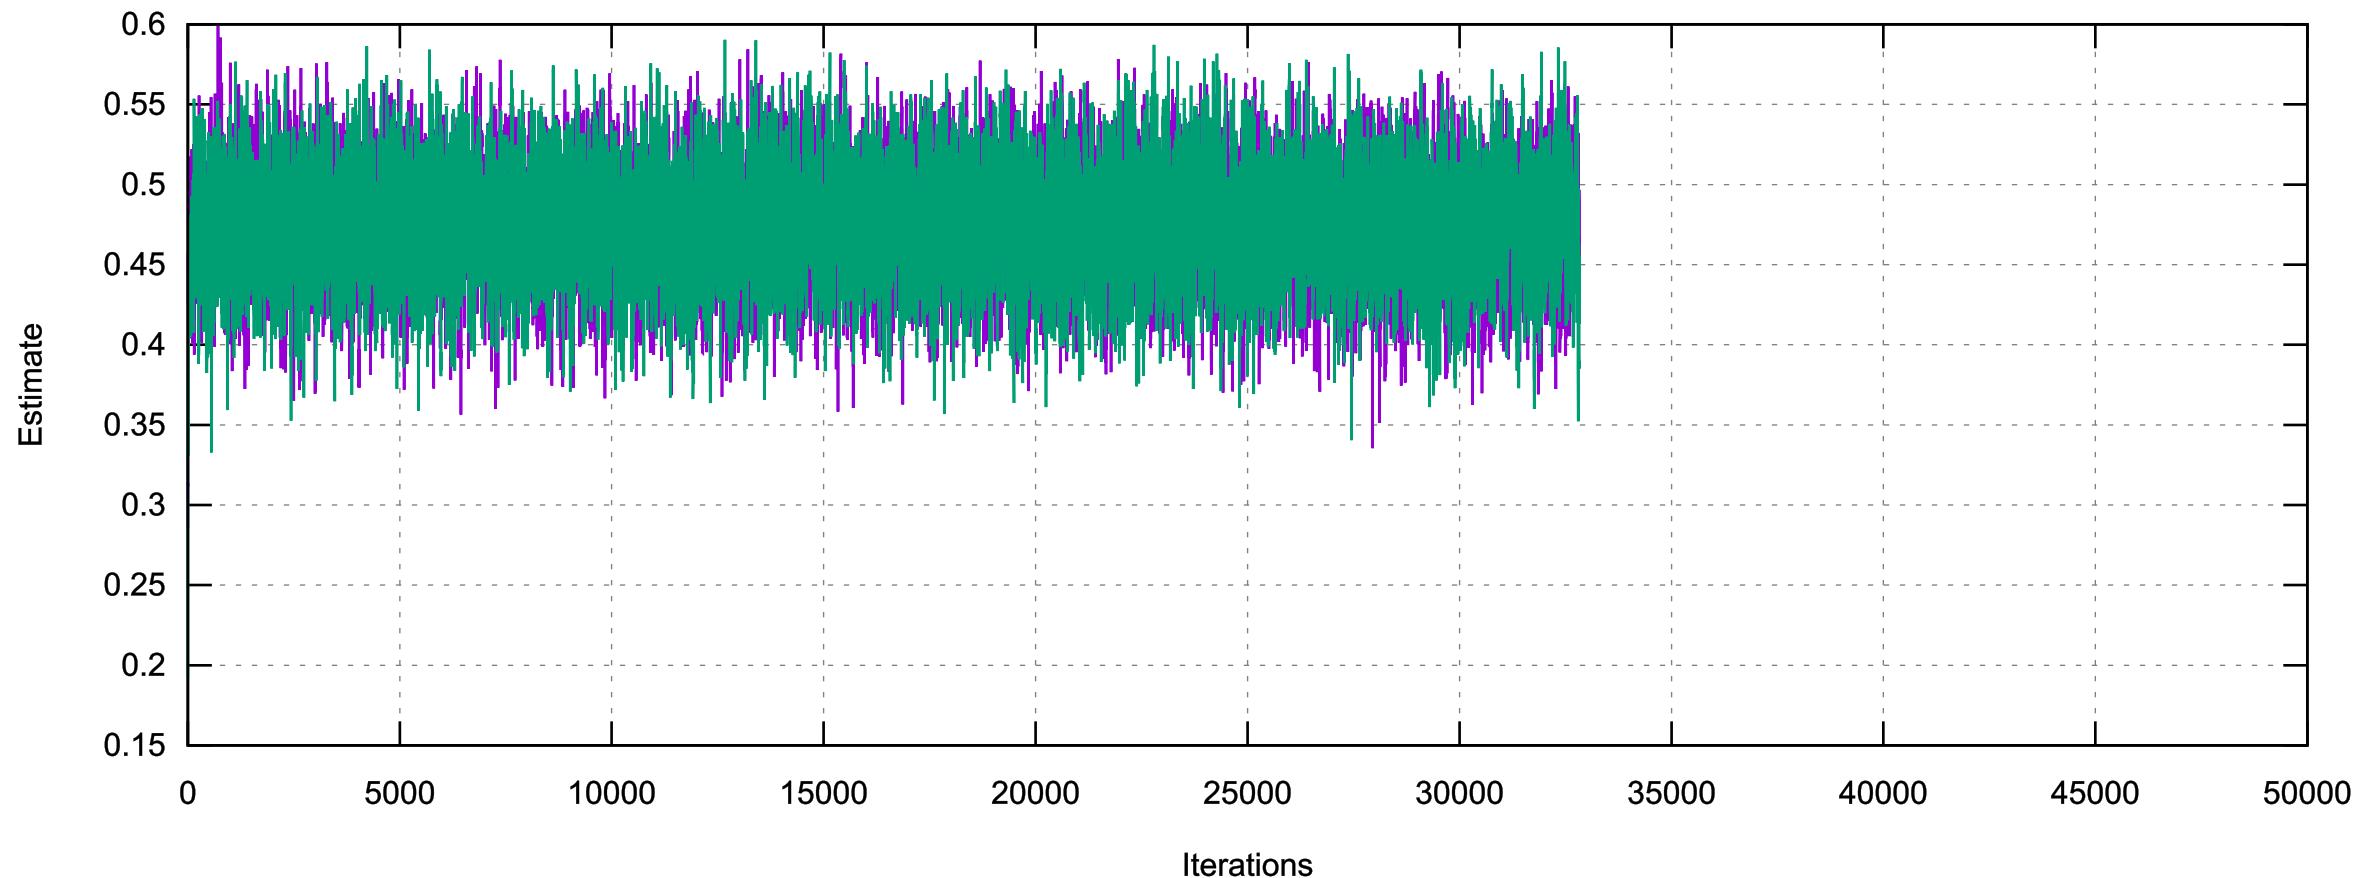

OUTCOME regressed on ENG.2\*T2

Parameter 17

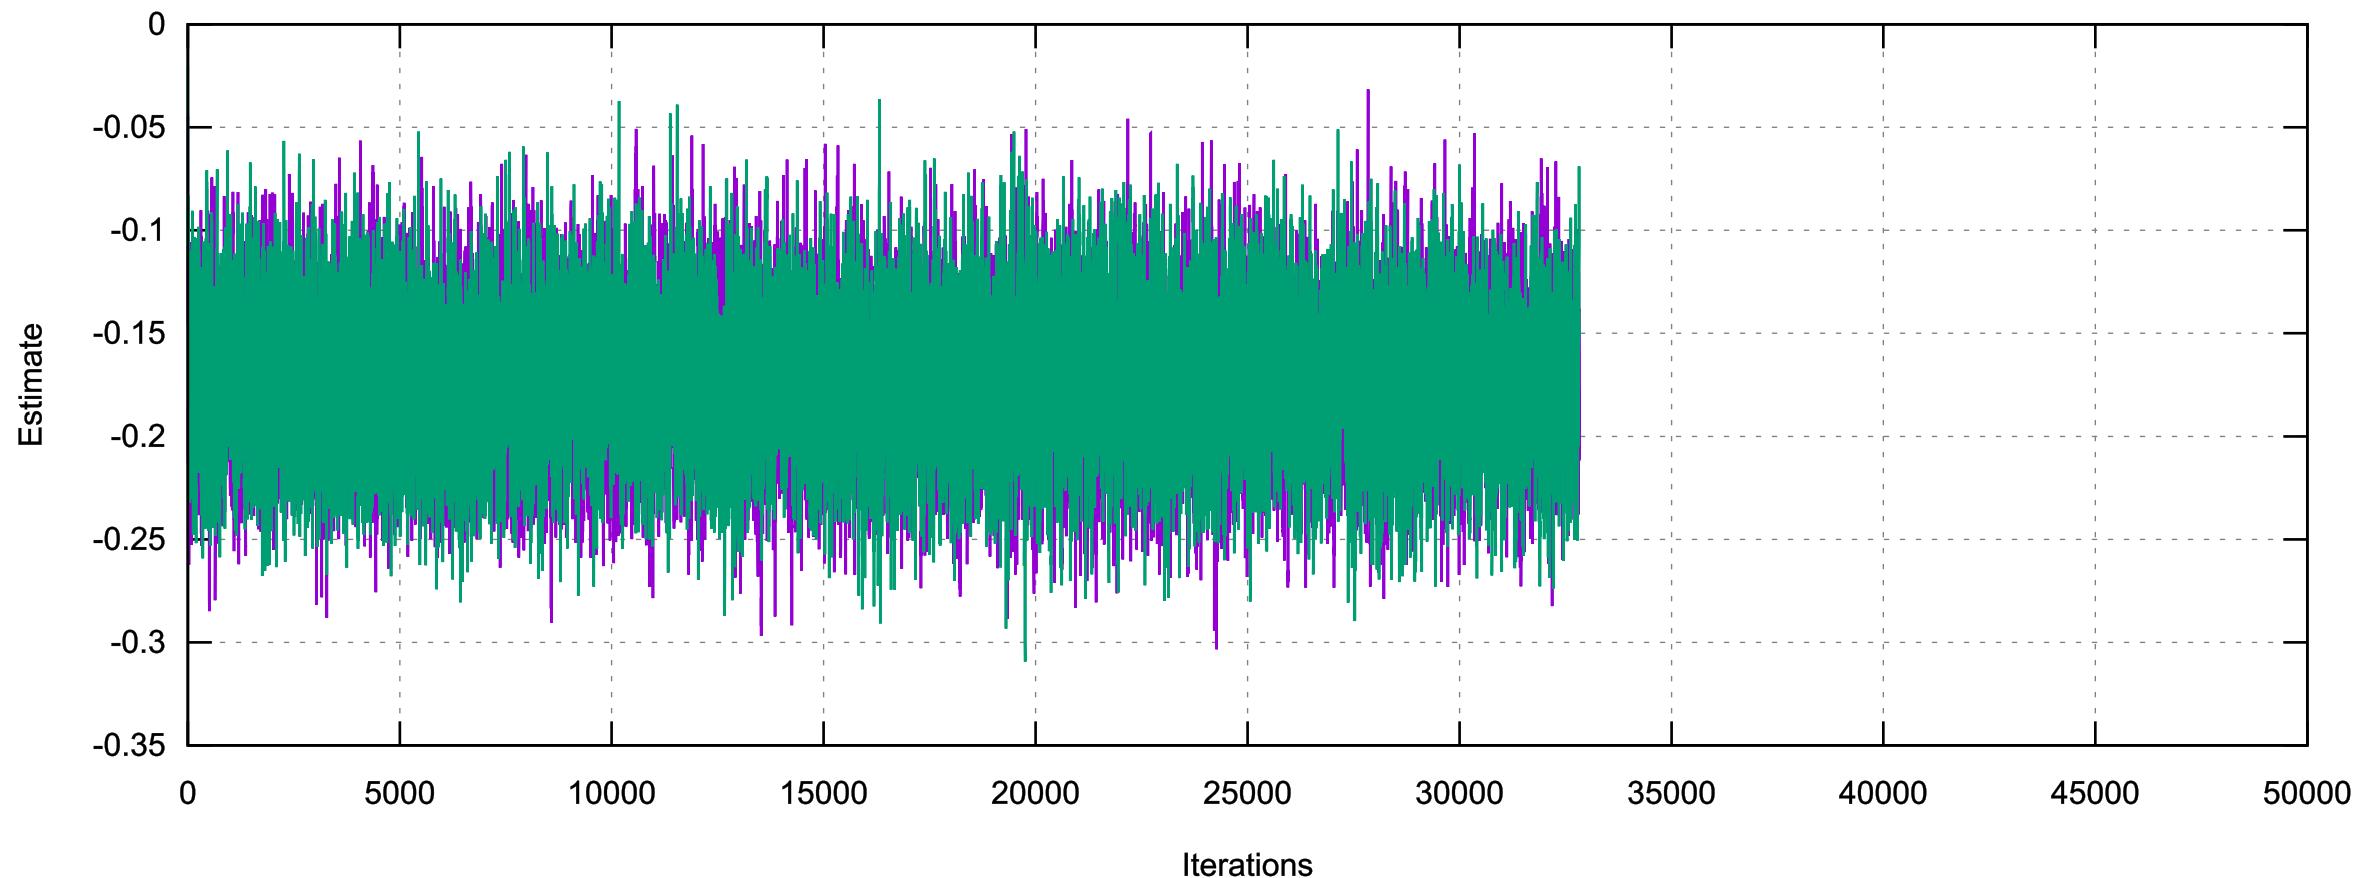

OUTCOME regressed on (standardized) T1

Parameter 18

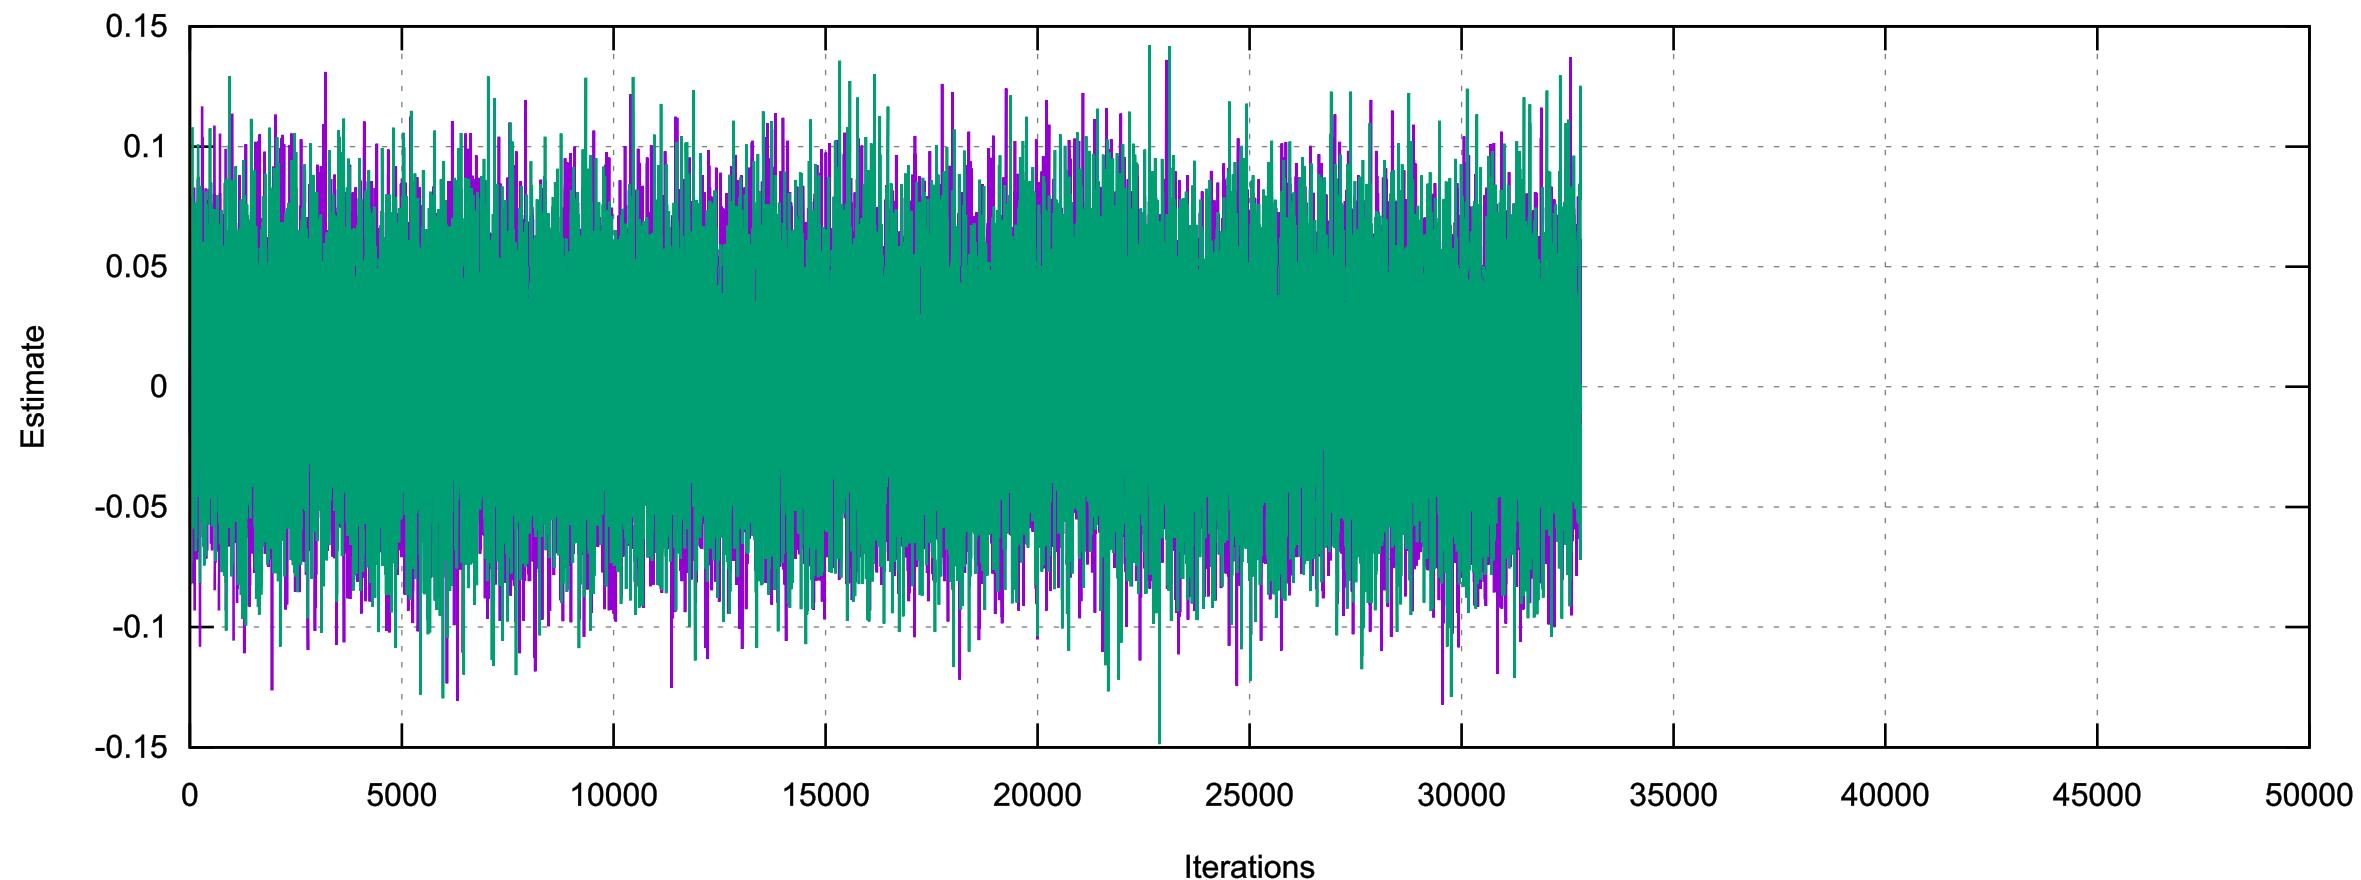

OUTCOME regressed on (standardized) T2

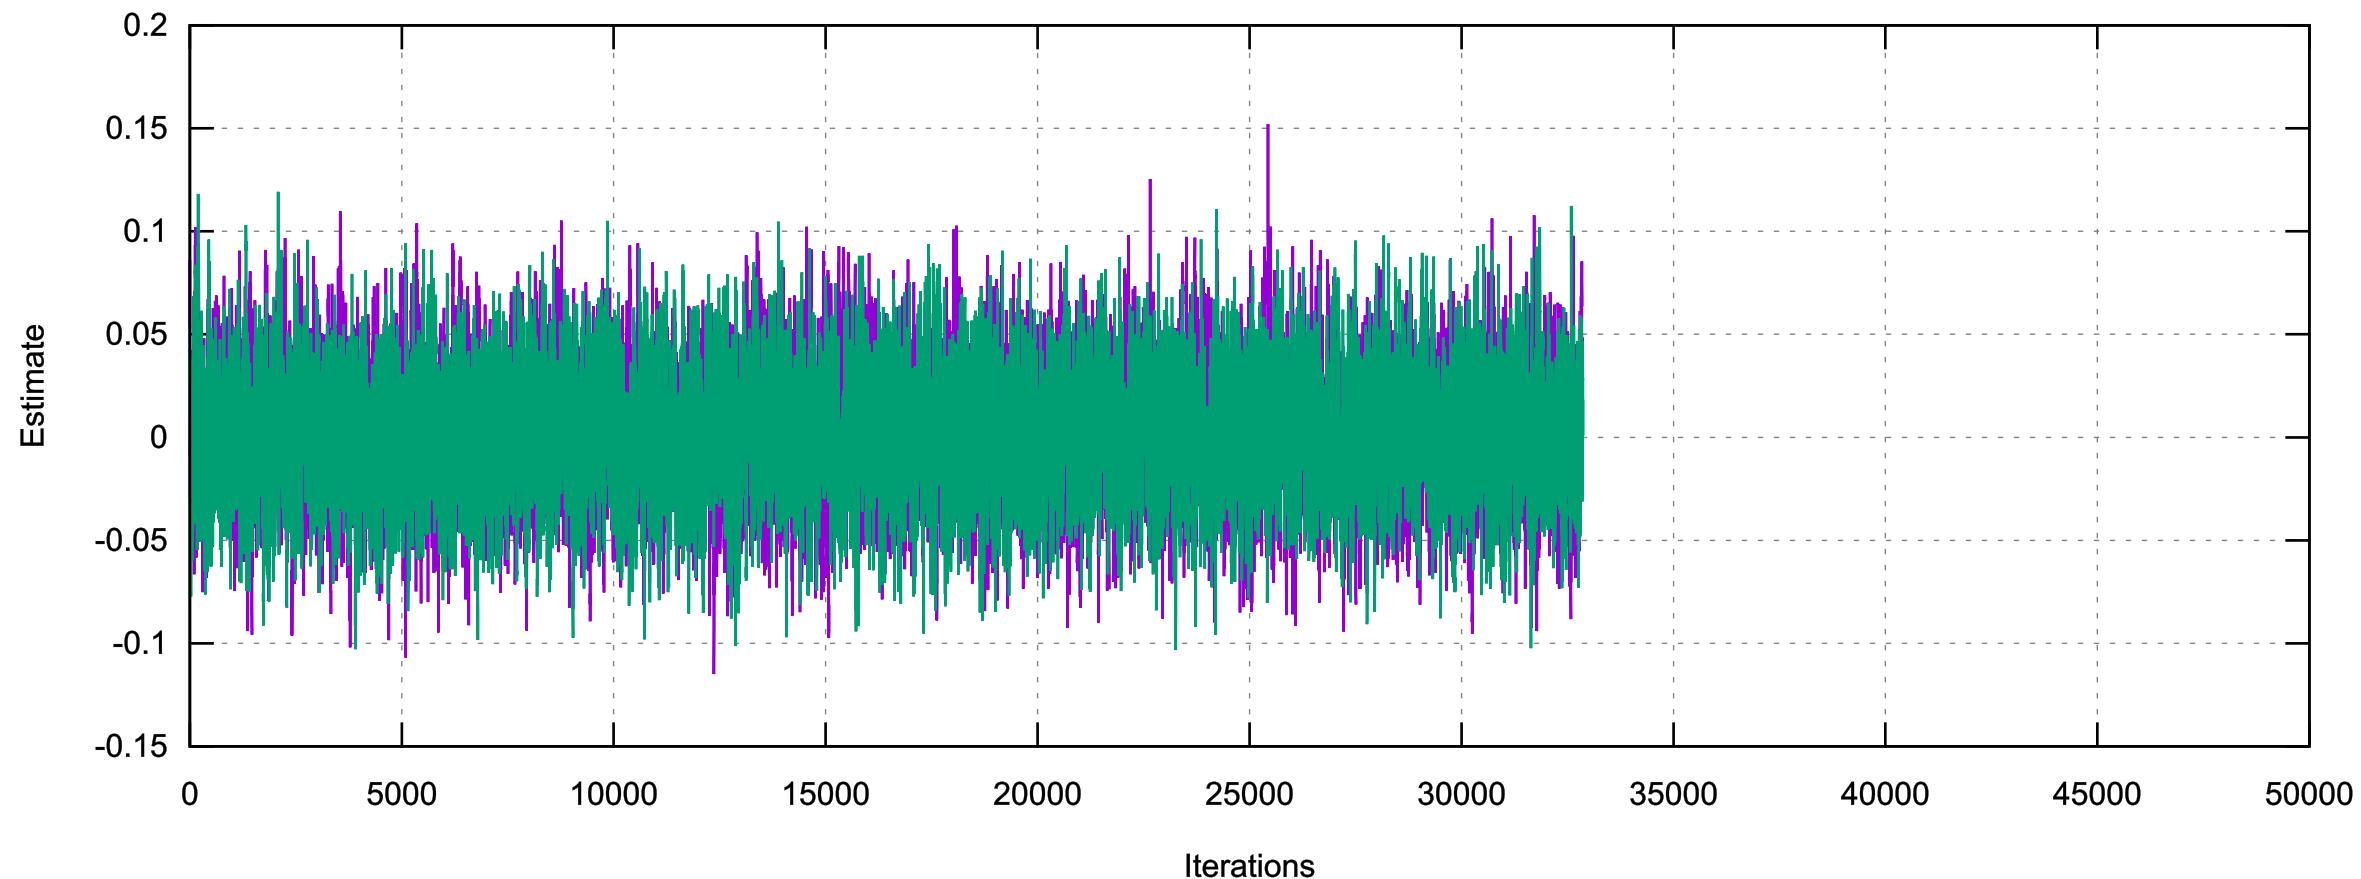

Parameter 19

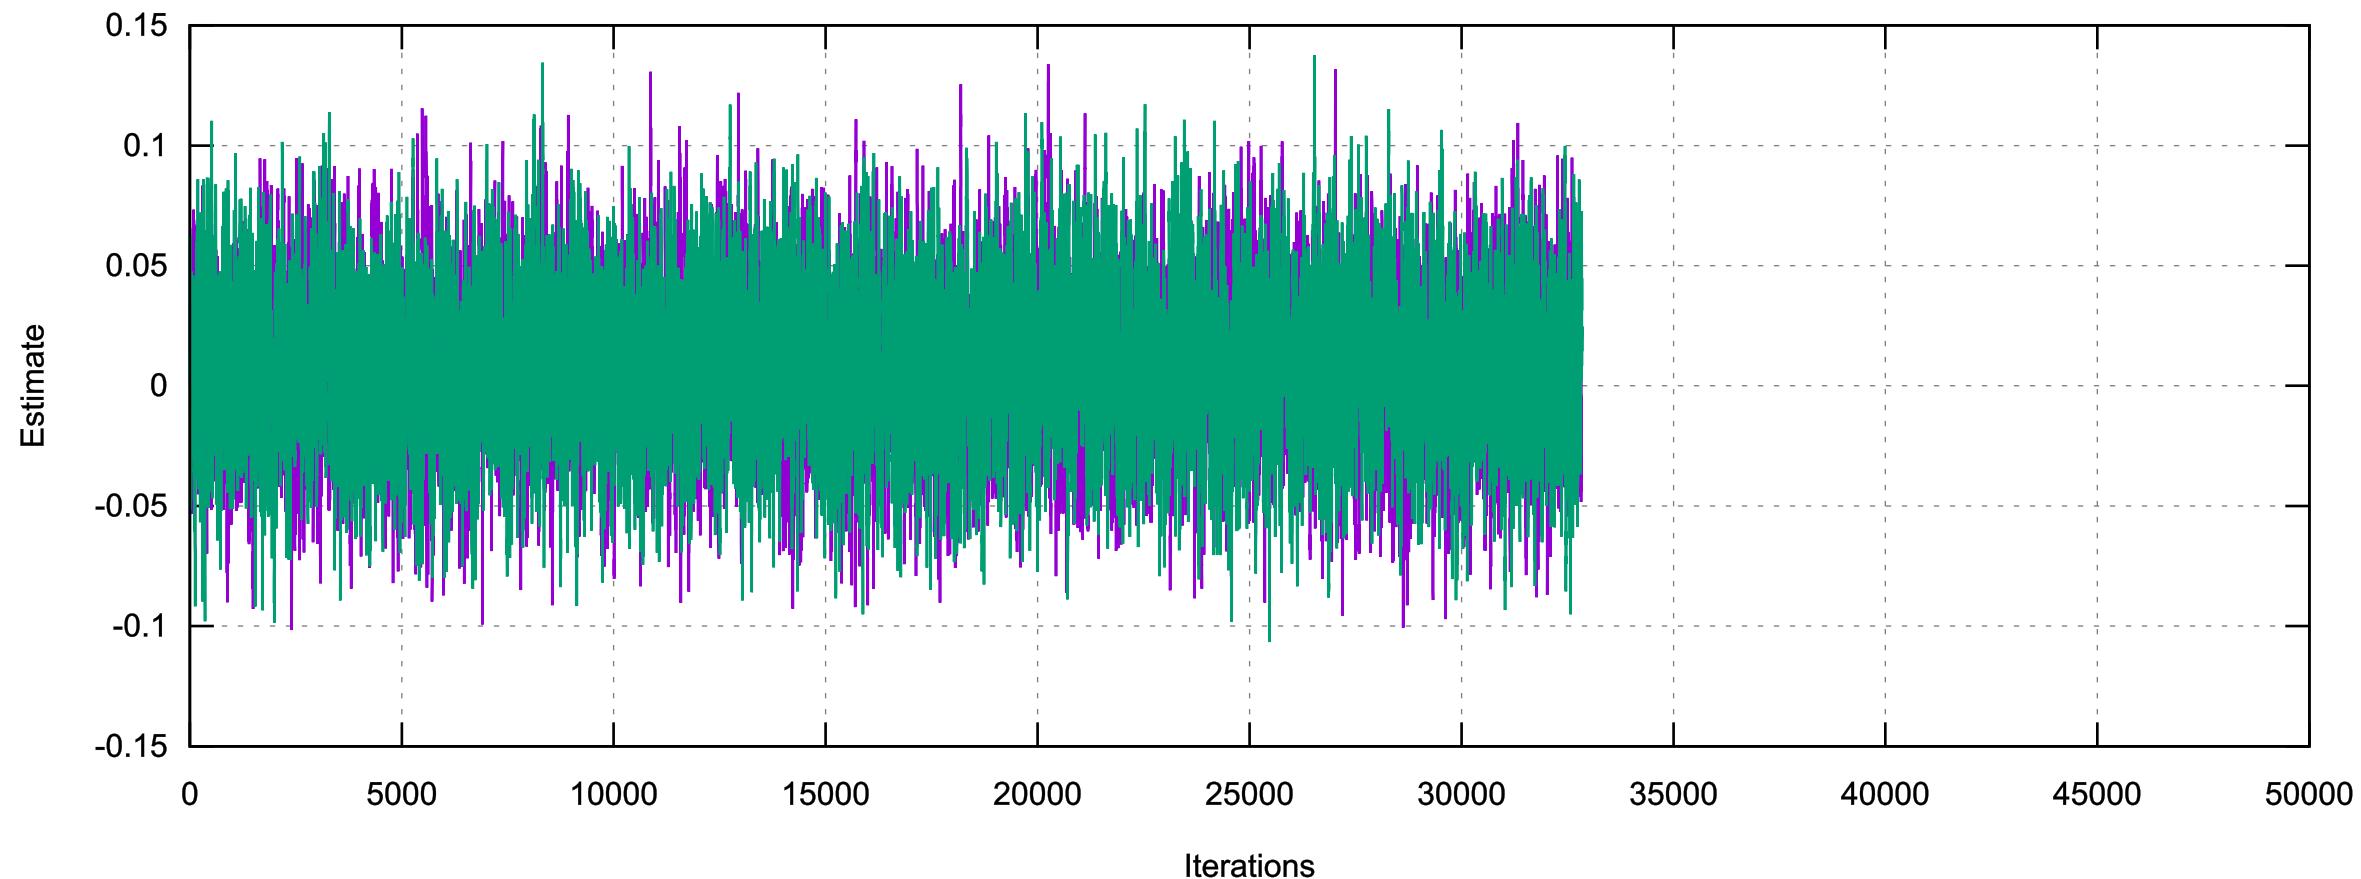

OUTCOME regressed on (standardized) ENG.2  
Parameter 20

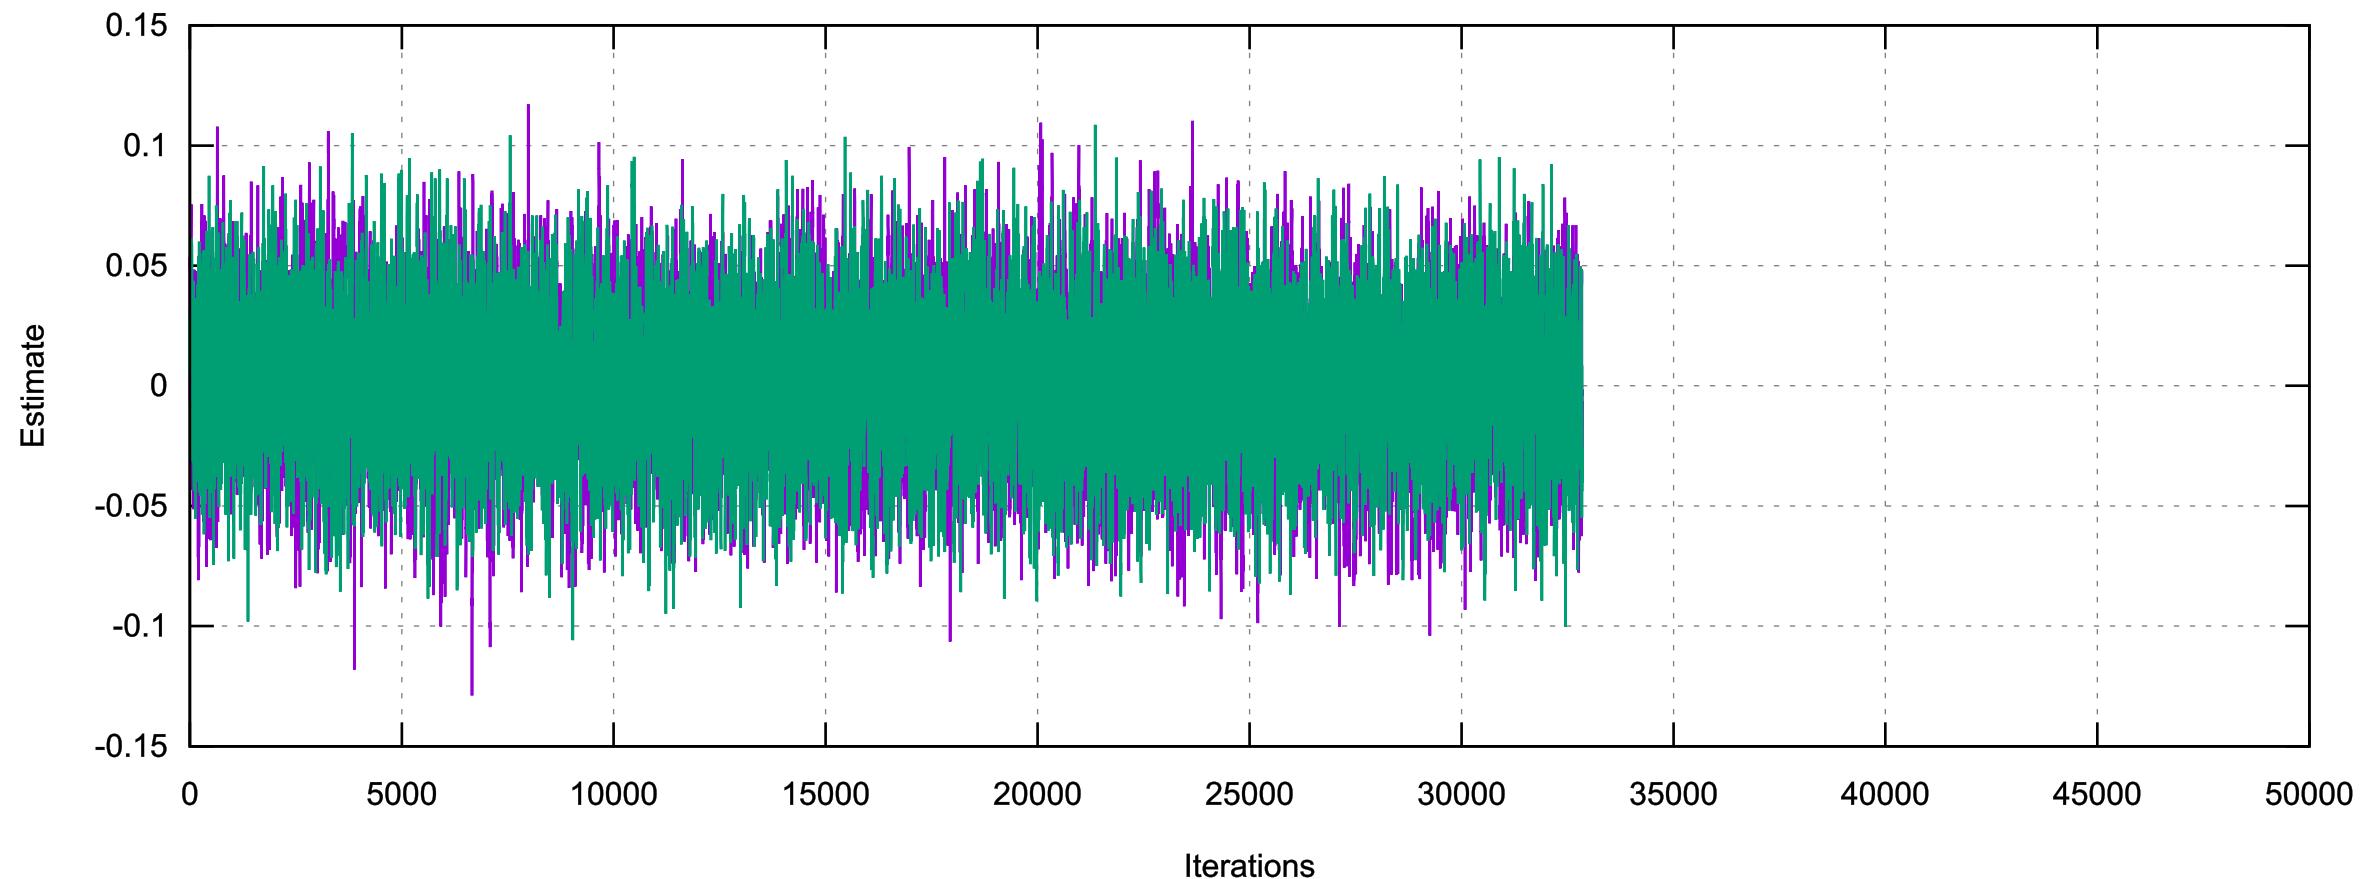

OUTCOME regressed on (standardized) CRED\_ON  
Parameter 21

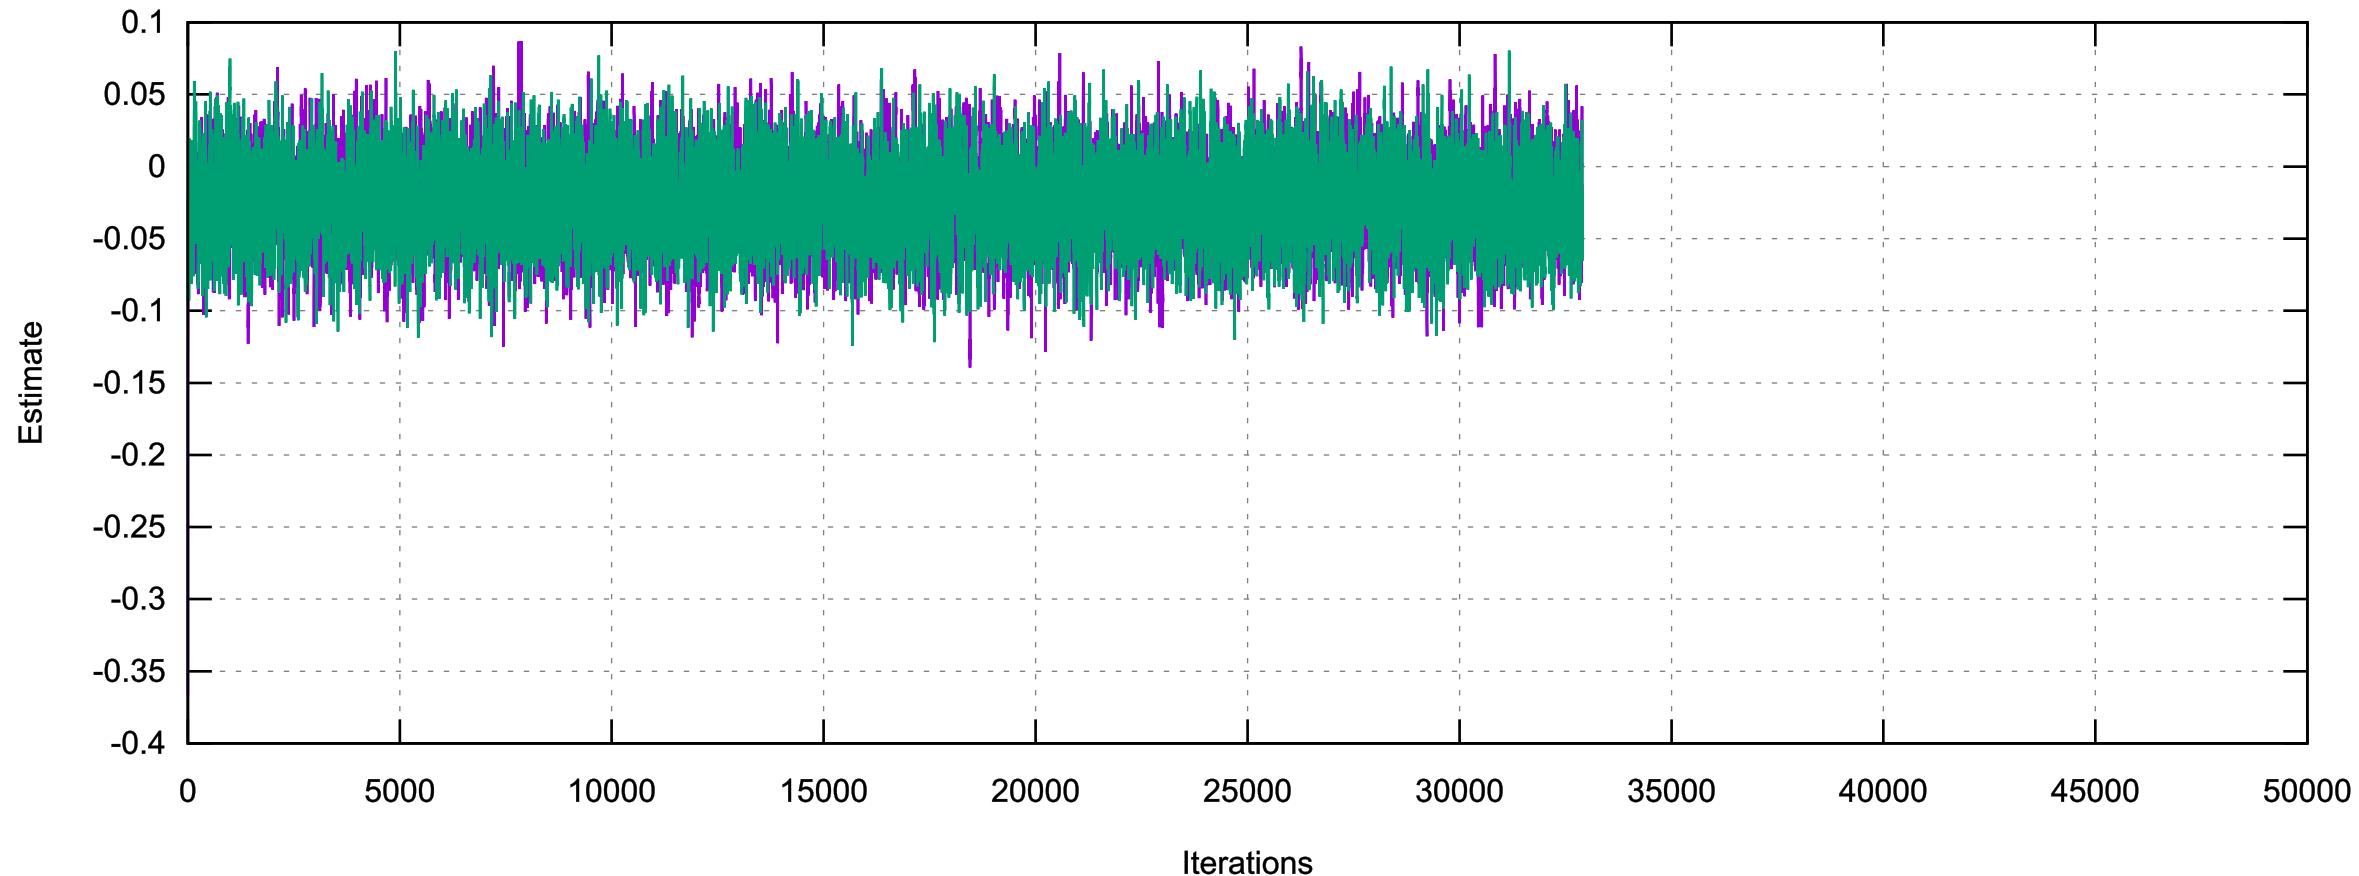

OUTCOME regressed on (standardized) GENDER.2  
Parameter 22

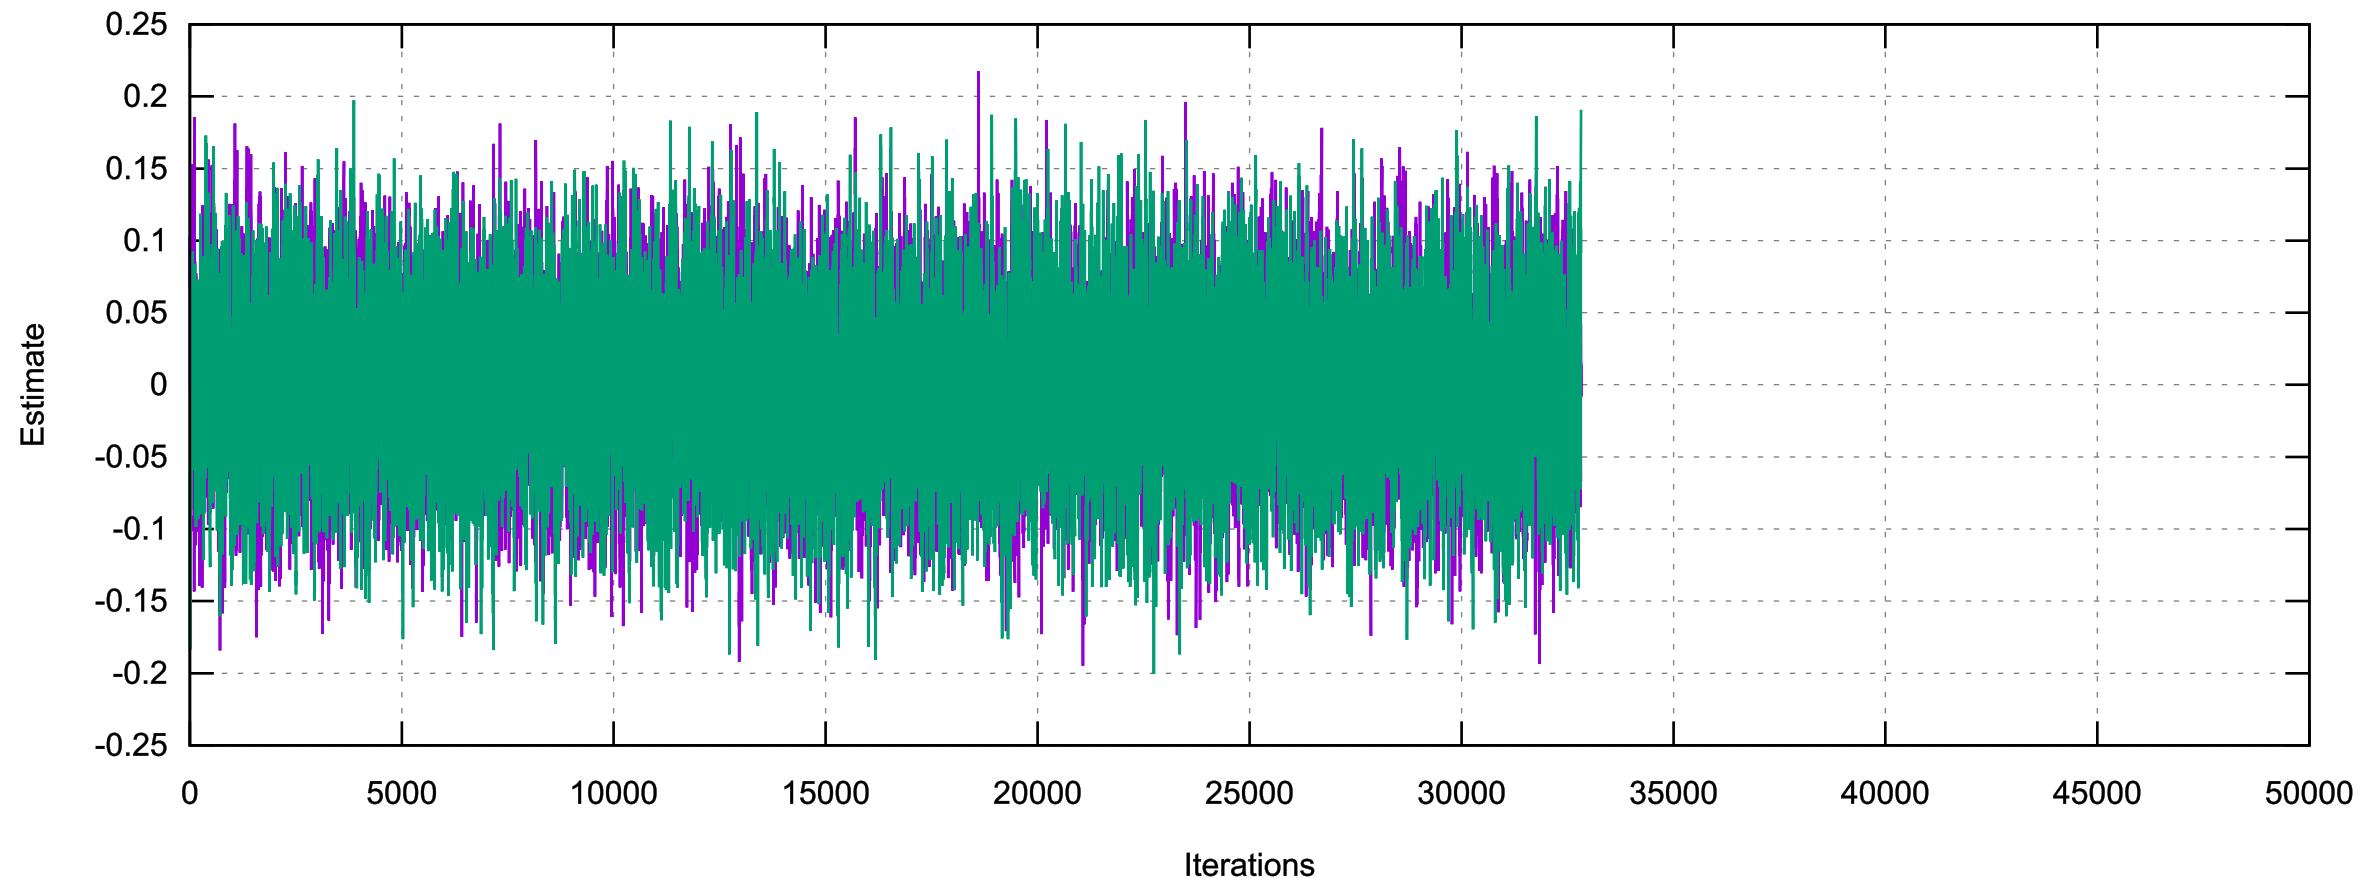

OUTCOME regressed on (standardized) GENDER.3  
Parameter 23

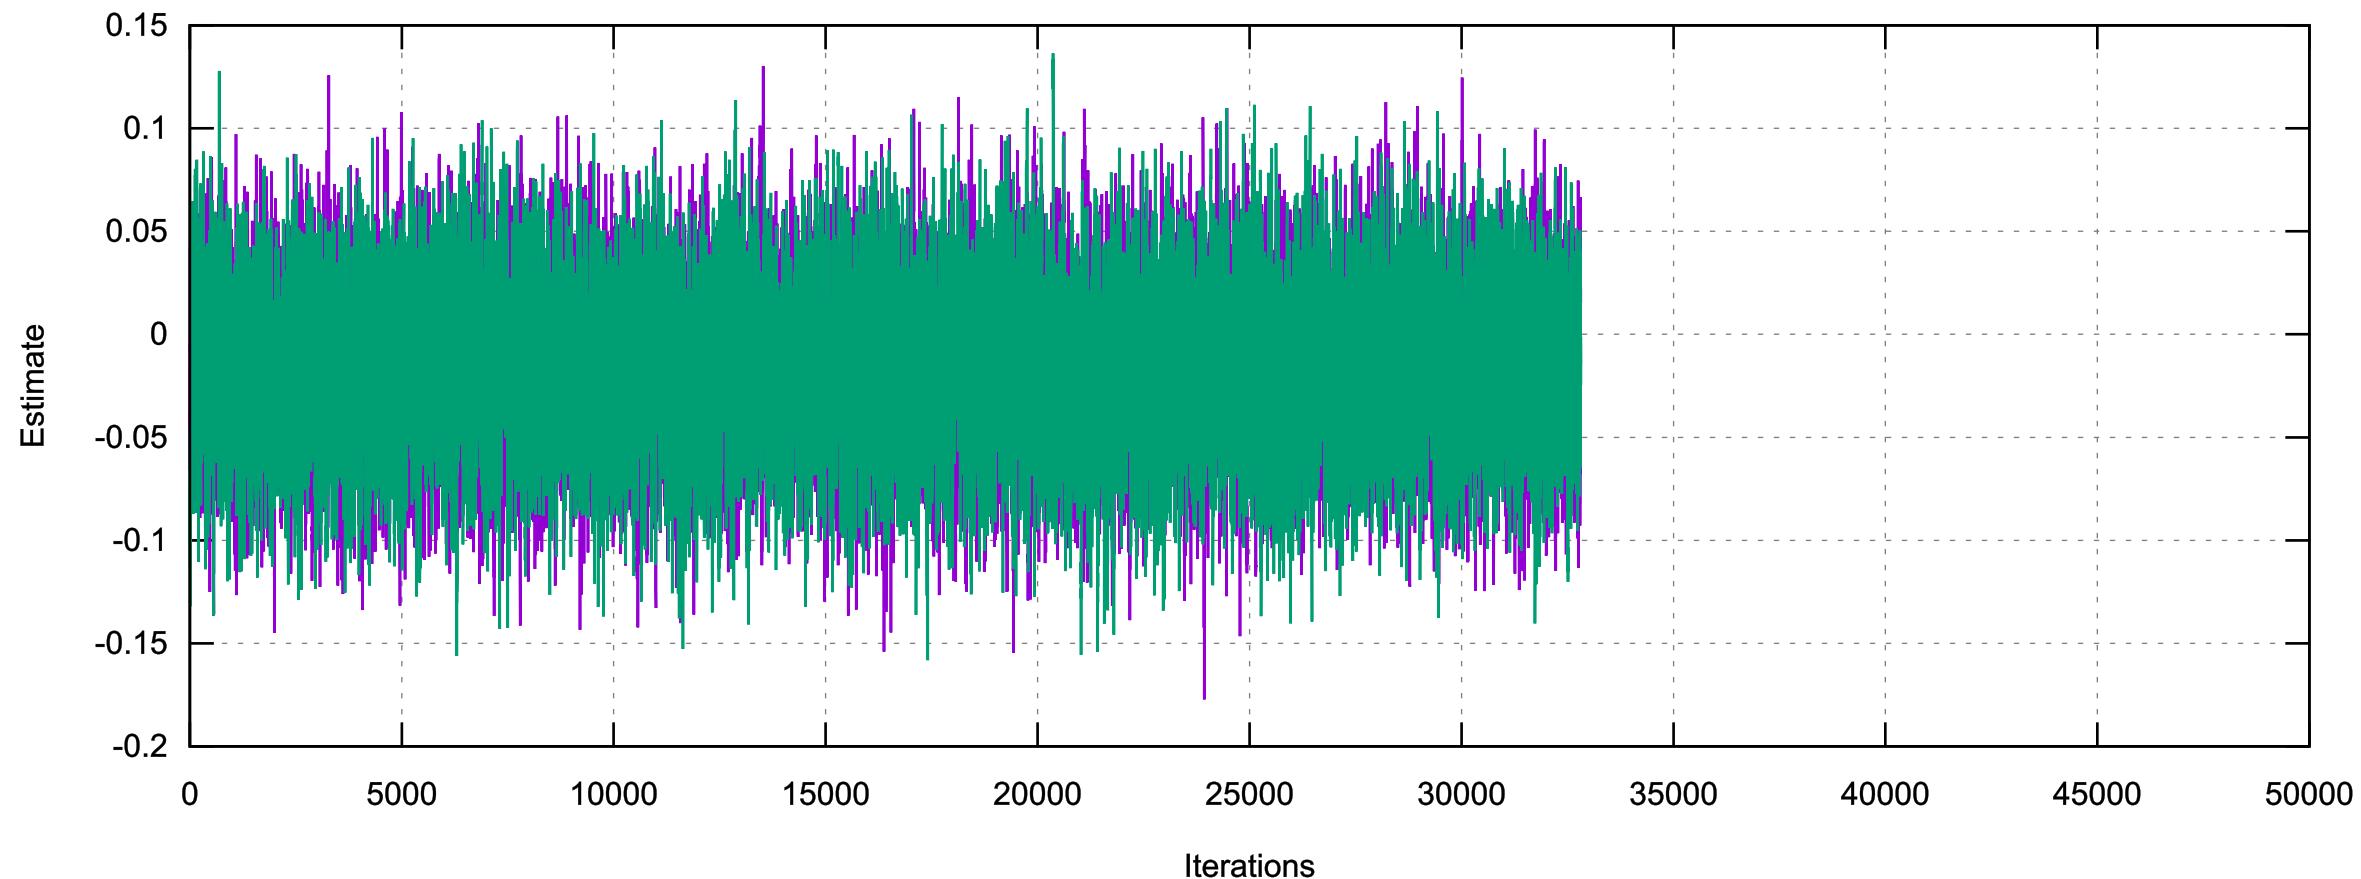

OUTCOME regressed on (standardized) ISONE  
Parameter 24

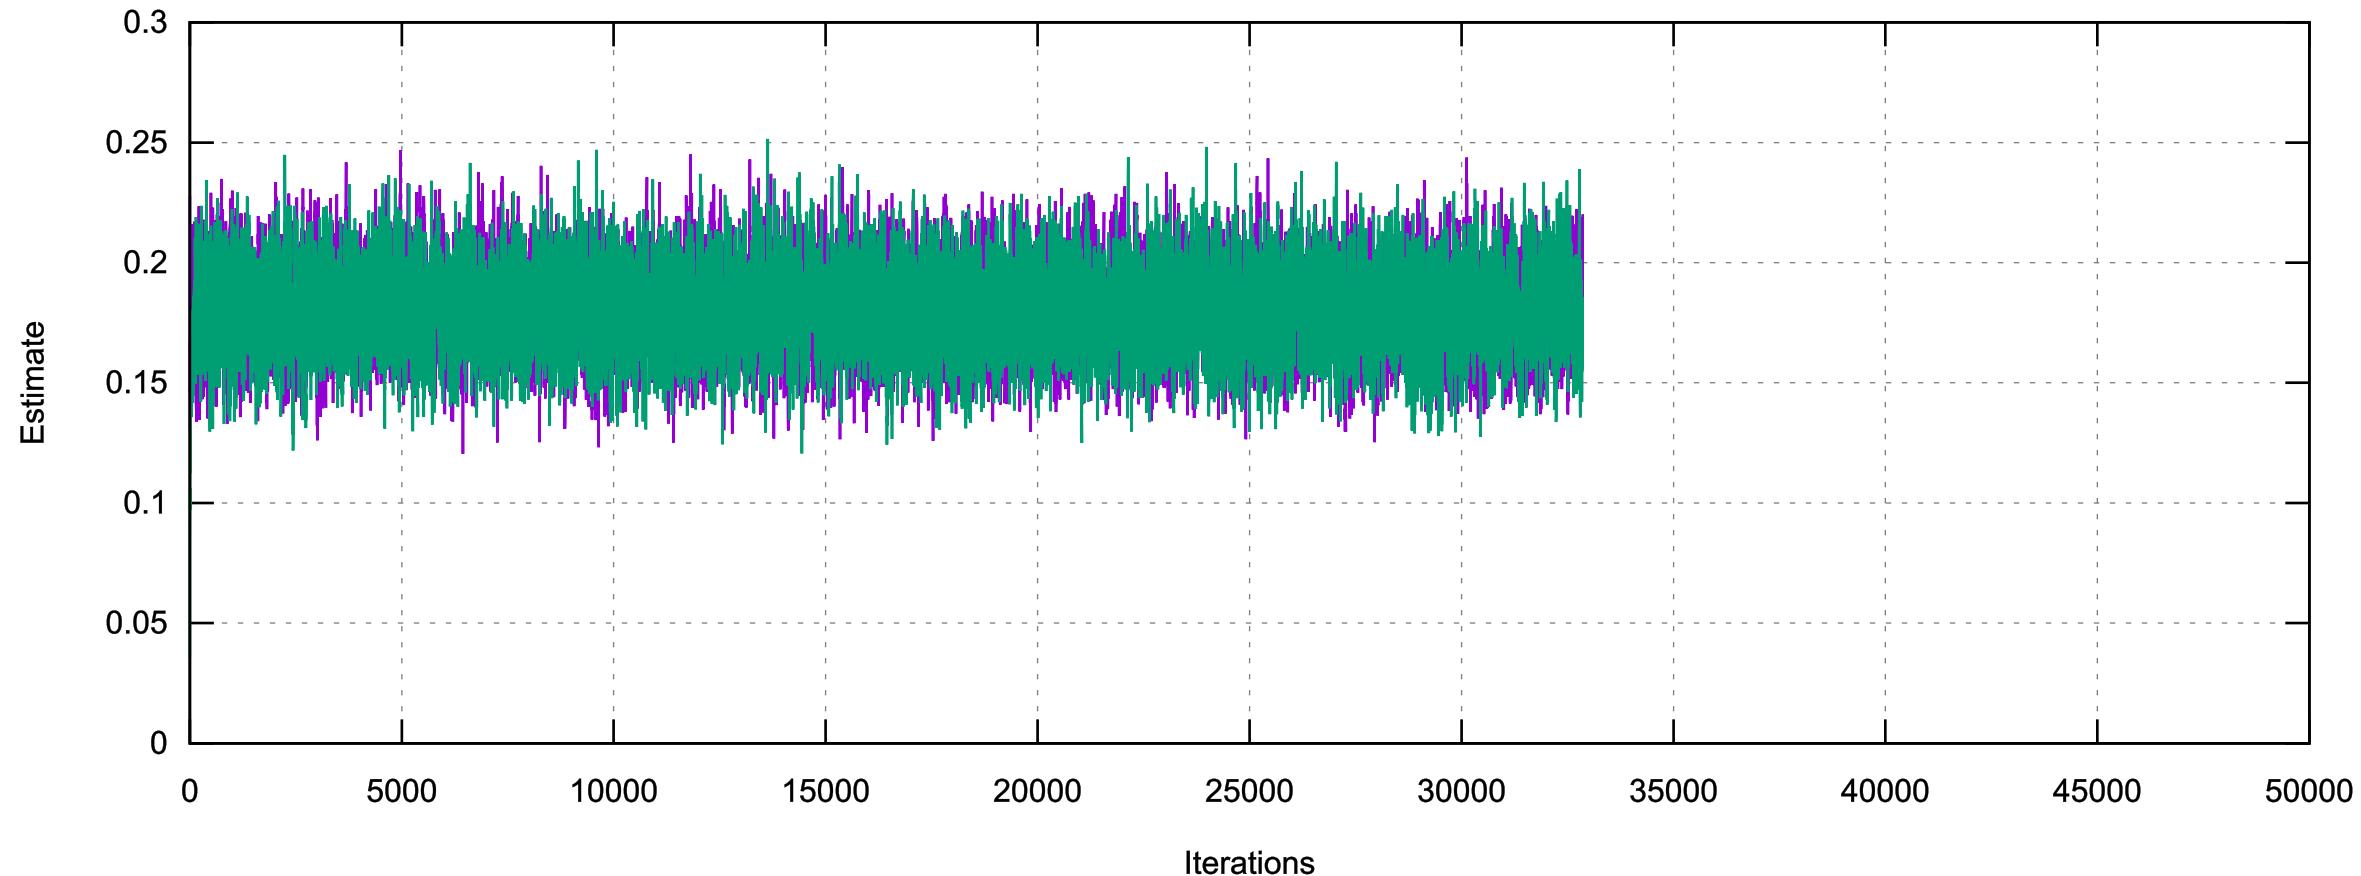

OUTCOME regressed on (standardized) ENG.2\*T1  
Parameter 25

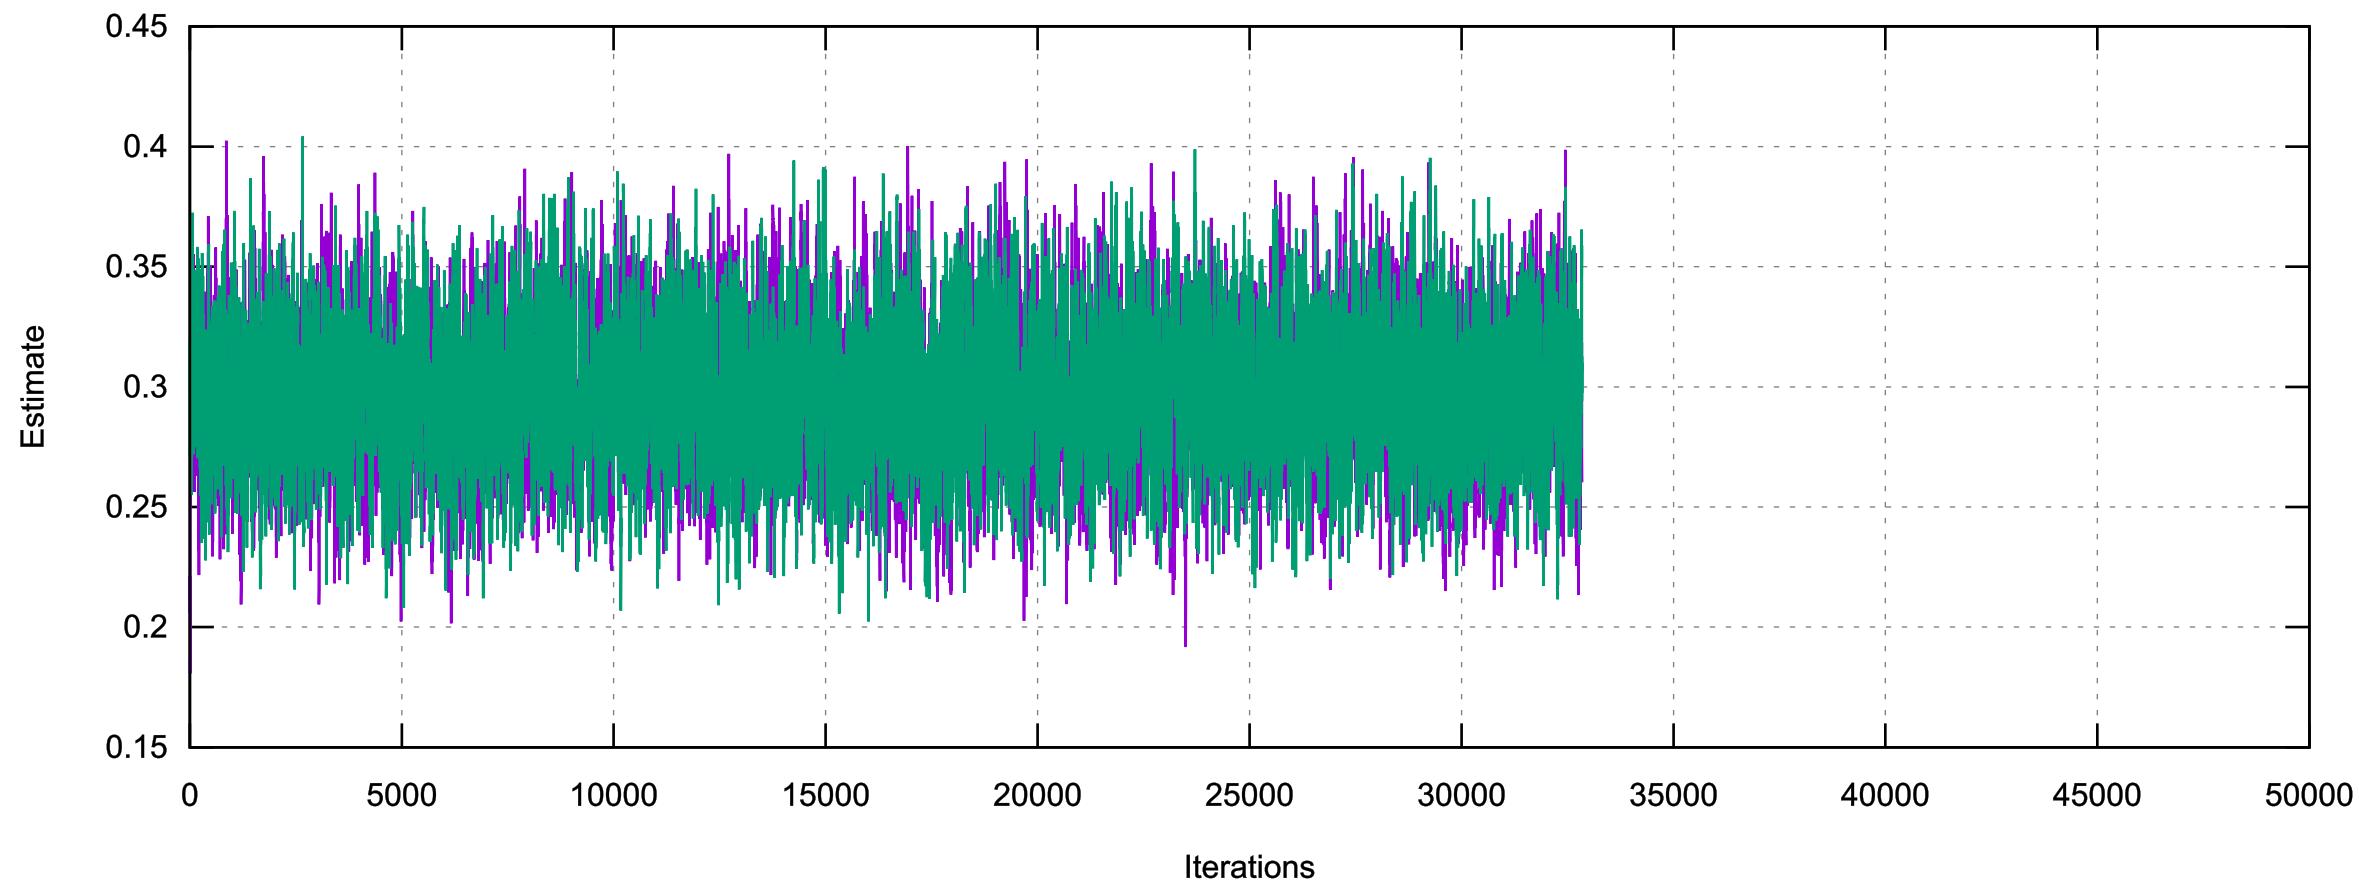

OUTCOME regressed on (standardized) ENG.2\*T2  
Parameter 26

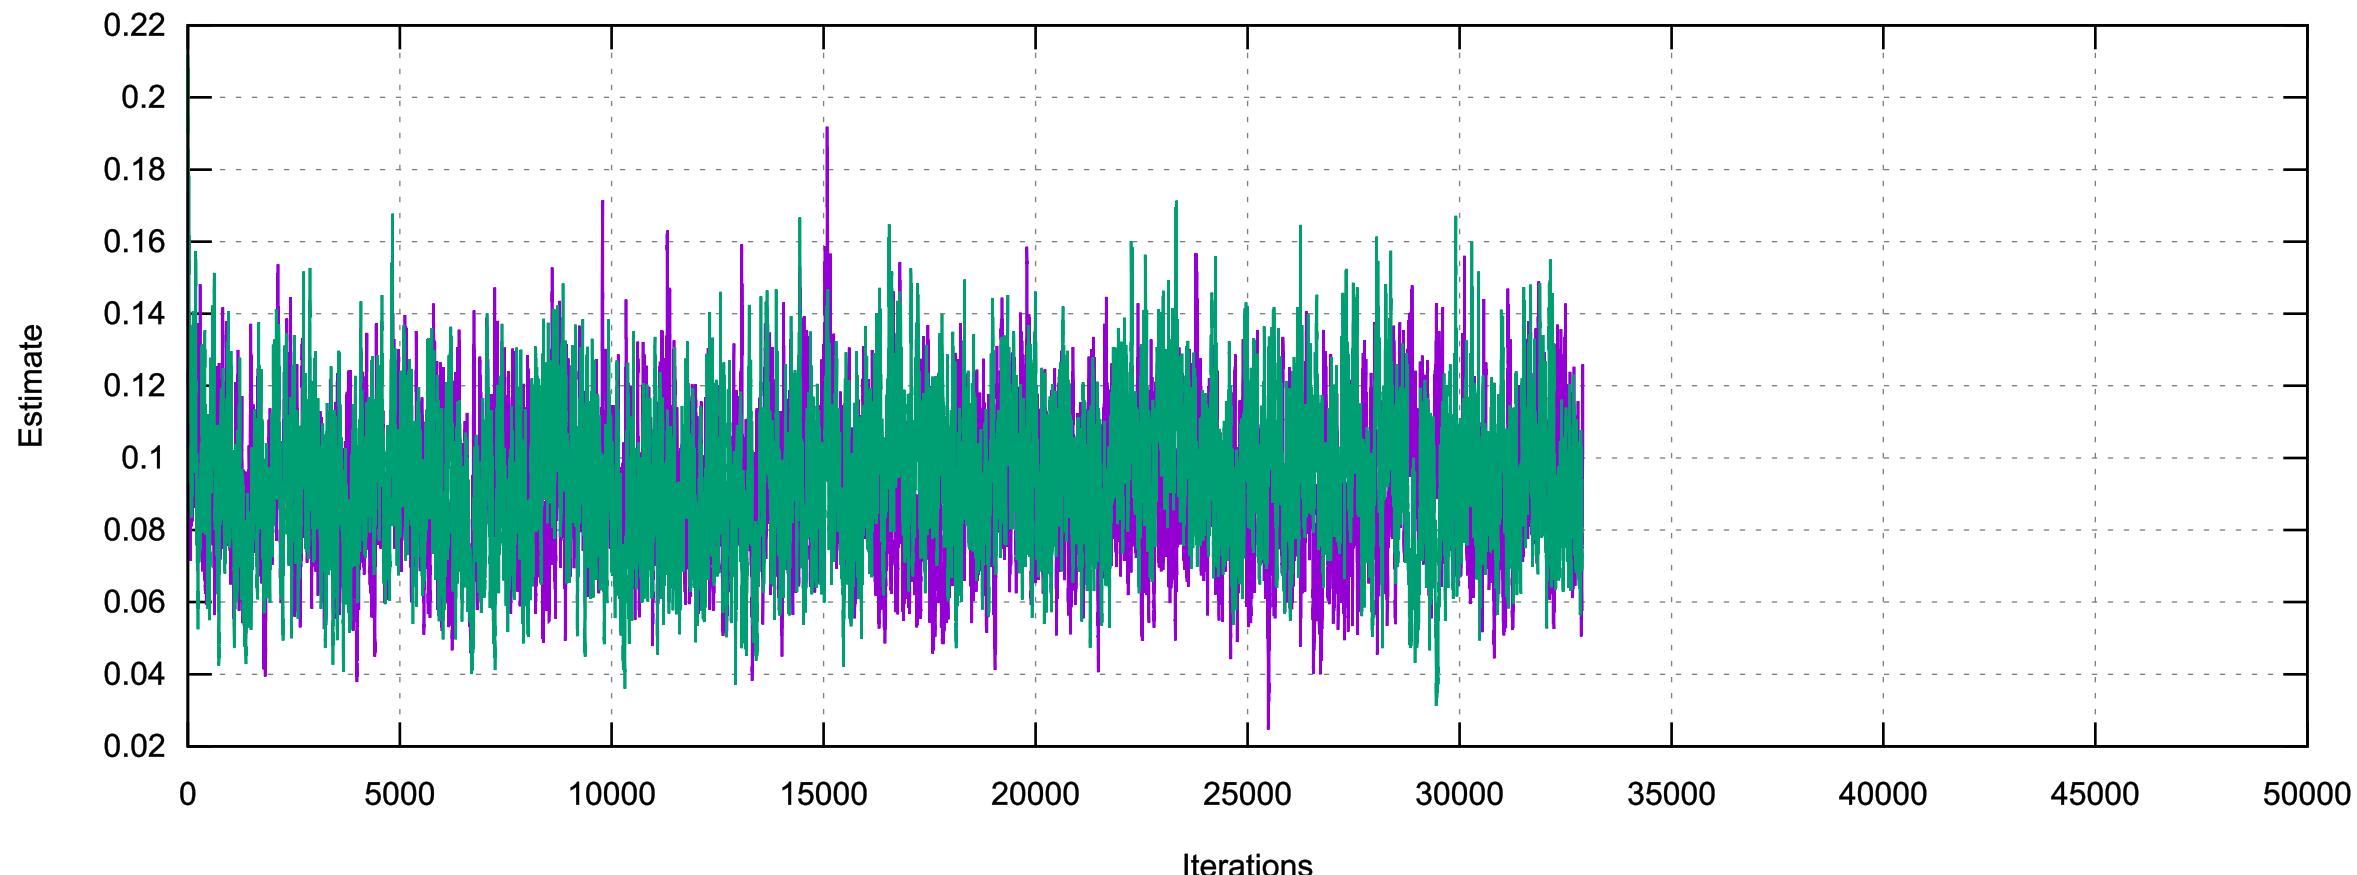

OUTCOME: Proportion of variance explained by Coefficients  
Parameter 27

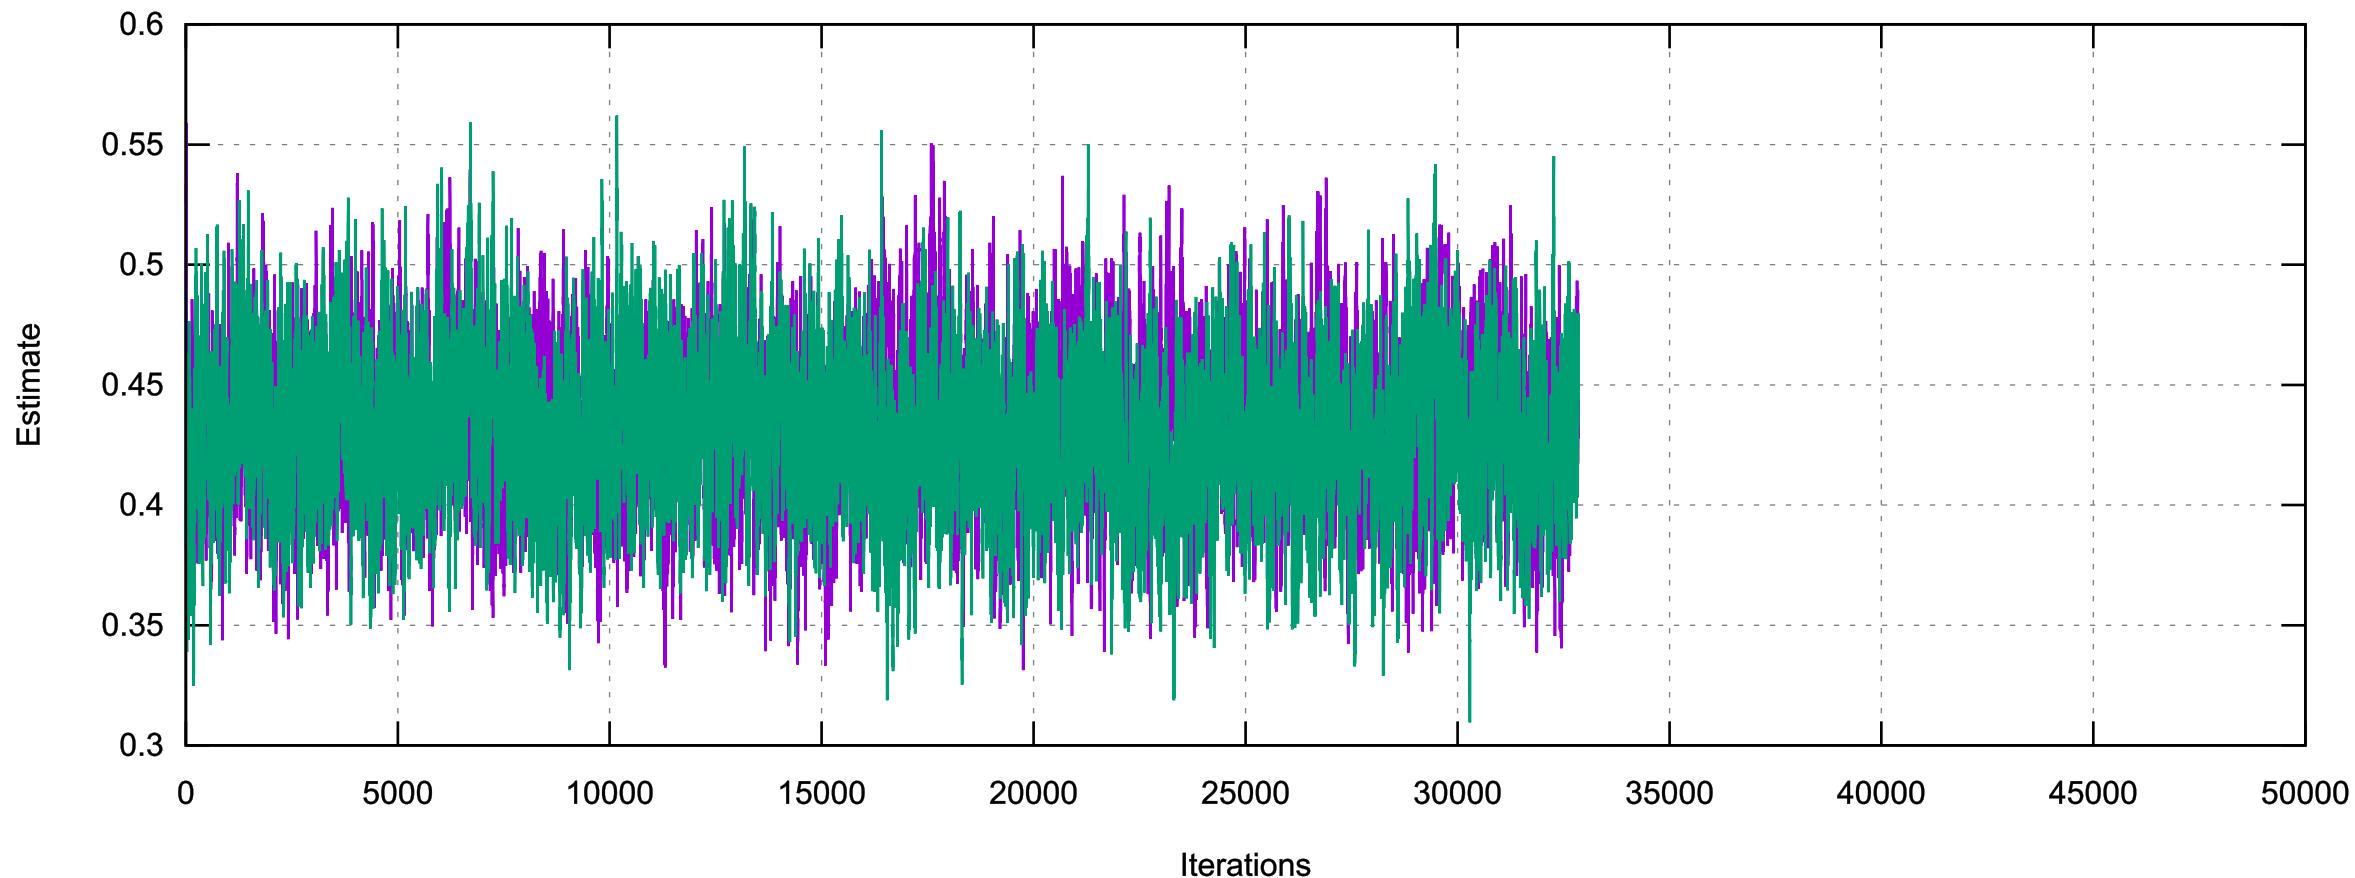

OUTCOME: Proportion of variance explained by Level-2 Random Intercepts  
Parameter 28

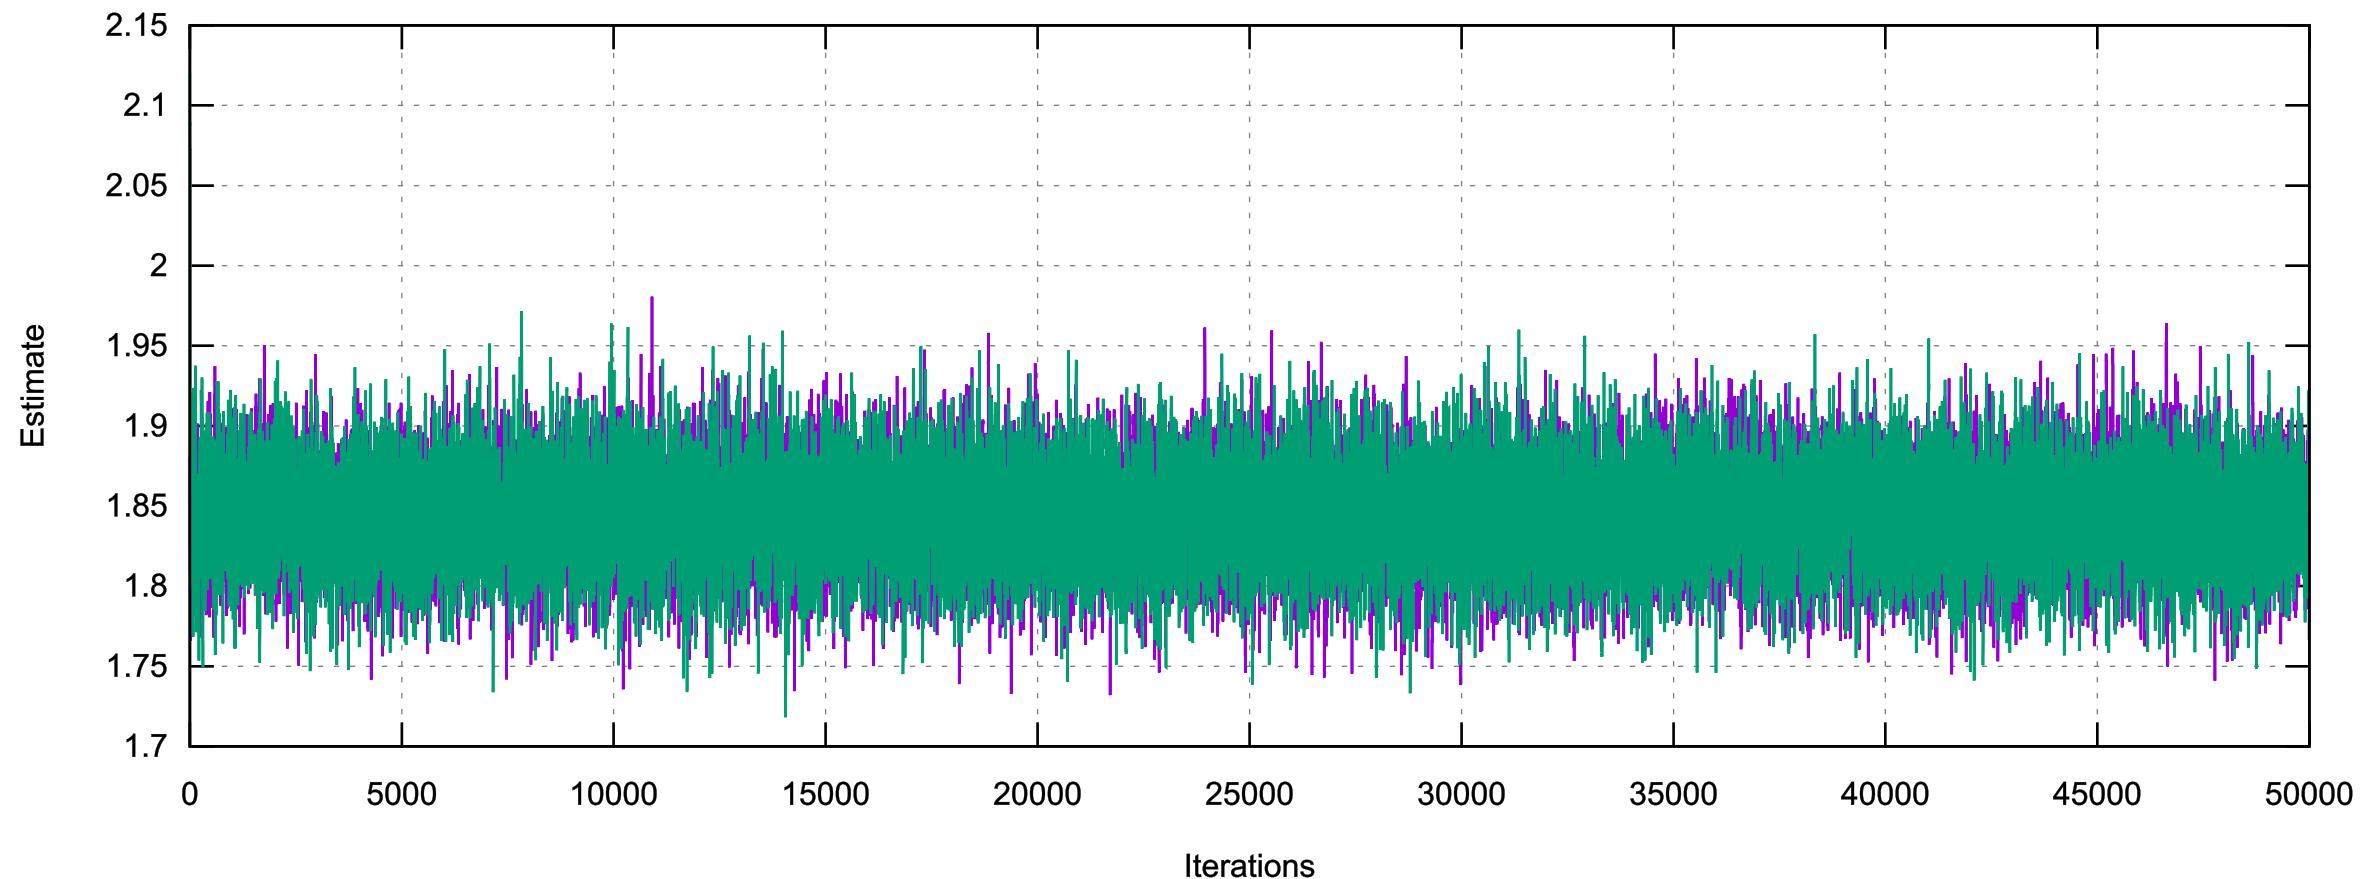

OUTCOME: Proportion of variance explained by Level-2 Random Slopes  
Parameter 29

OUTCOME: Proportion of variance explained by Level-1 Residual Variation  
Parameter 30

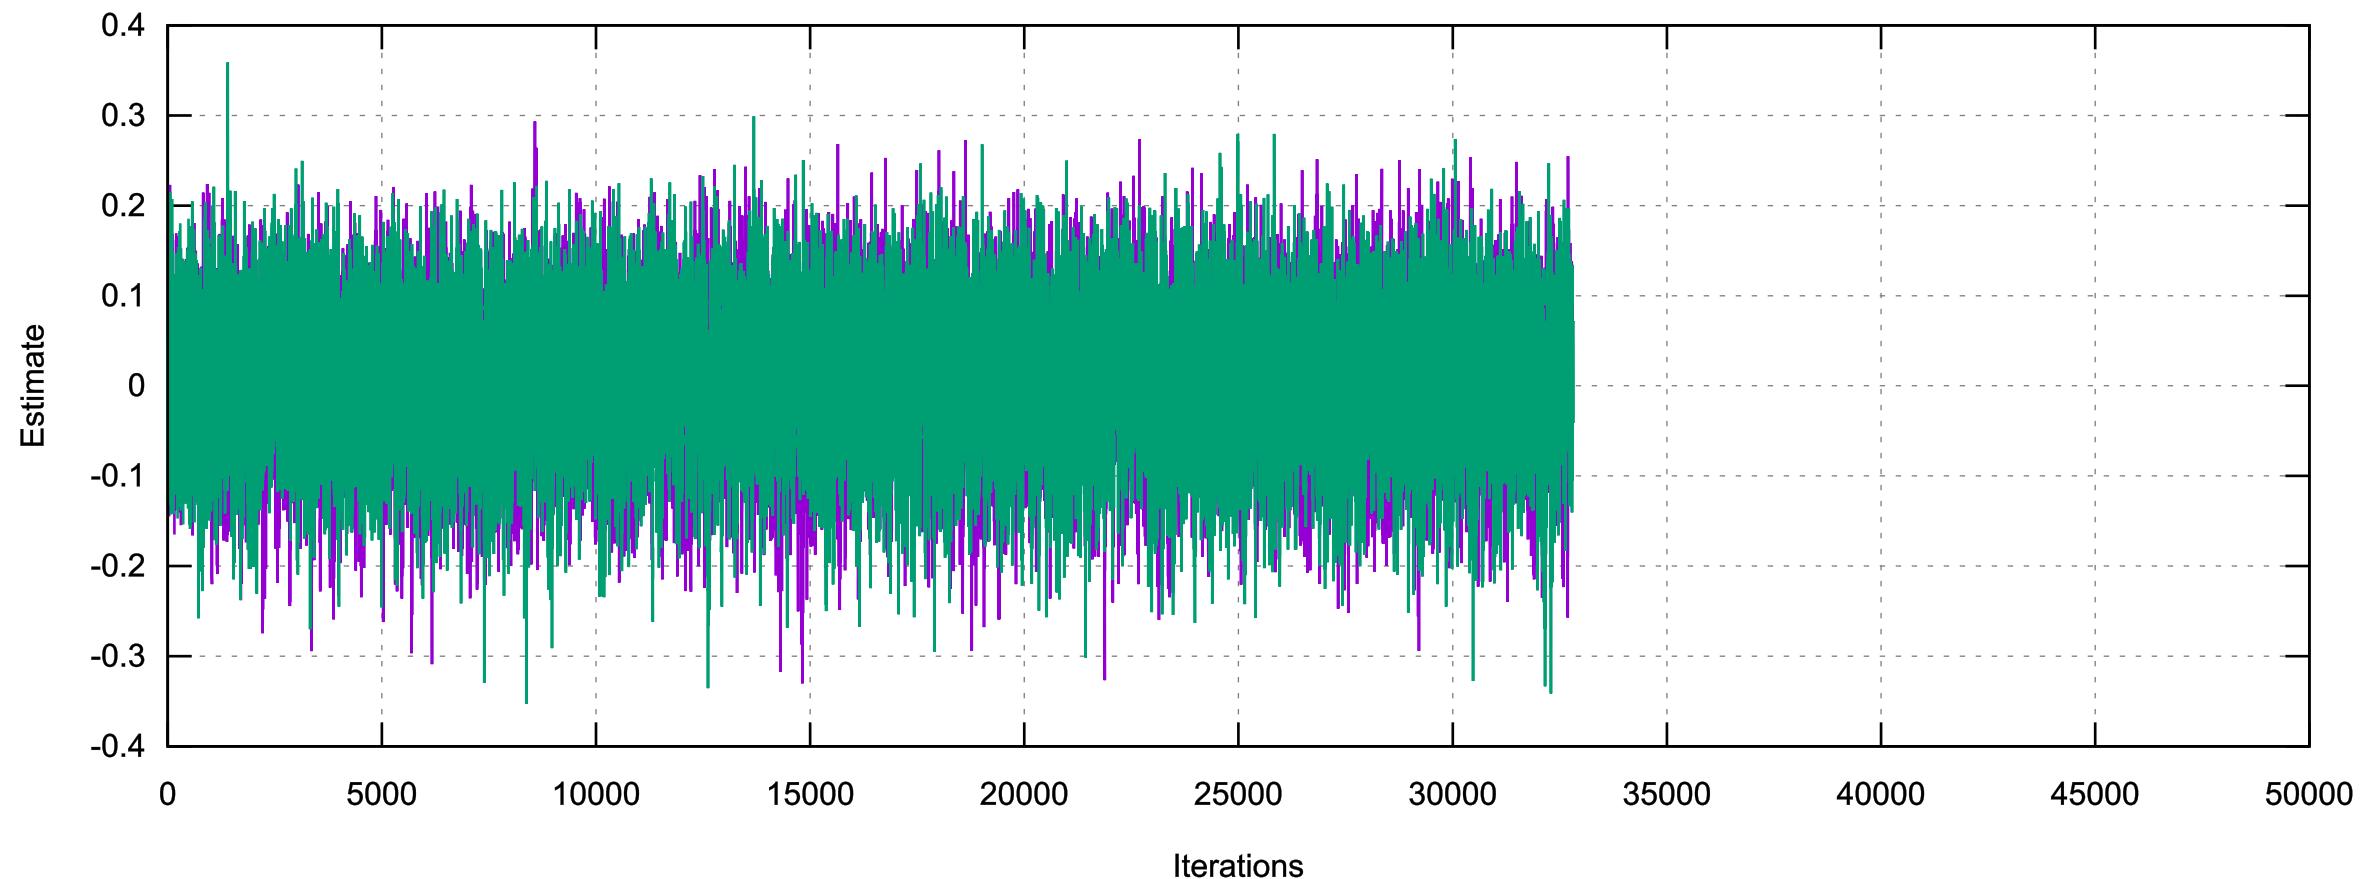

CRED\_ON grand mean  
Parameter 31

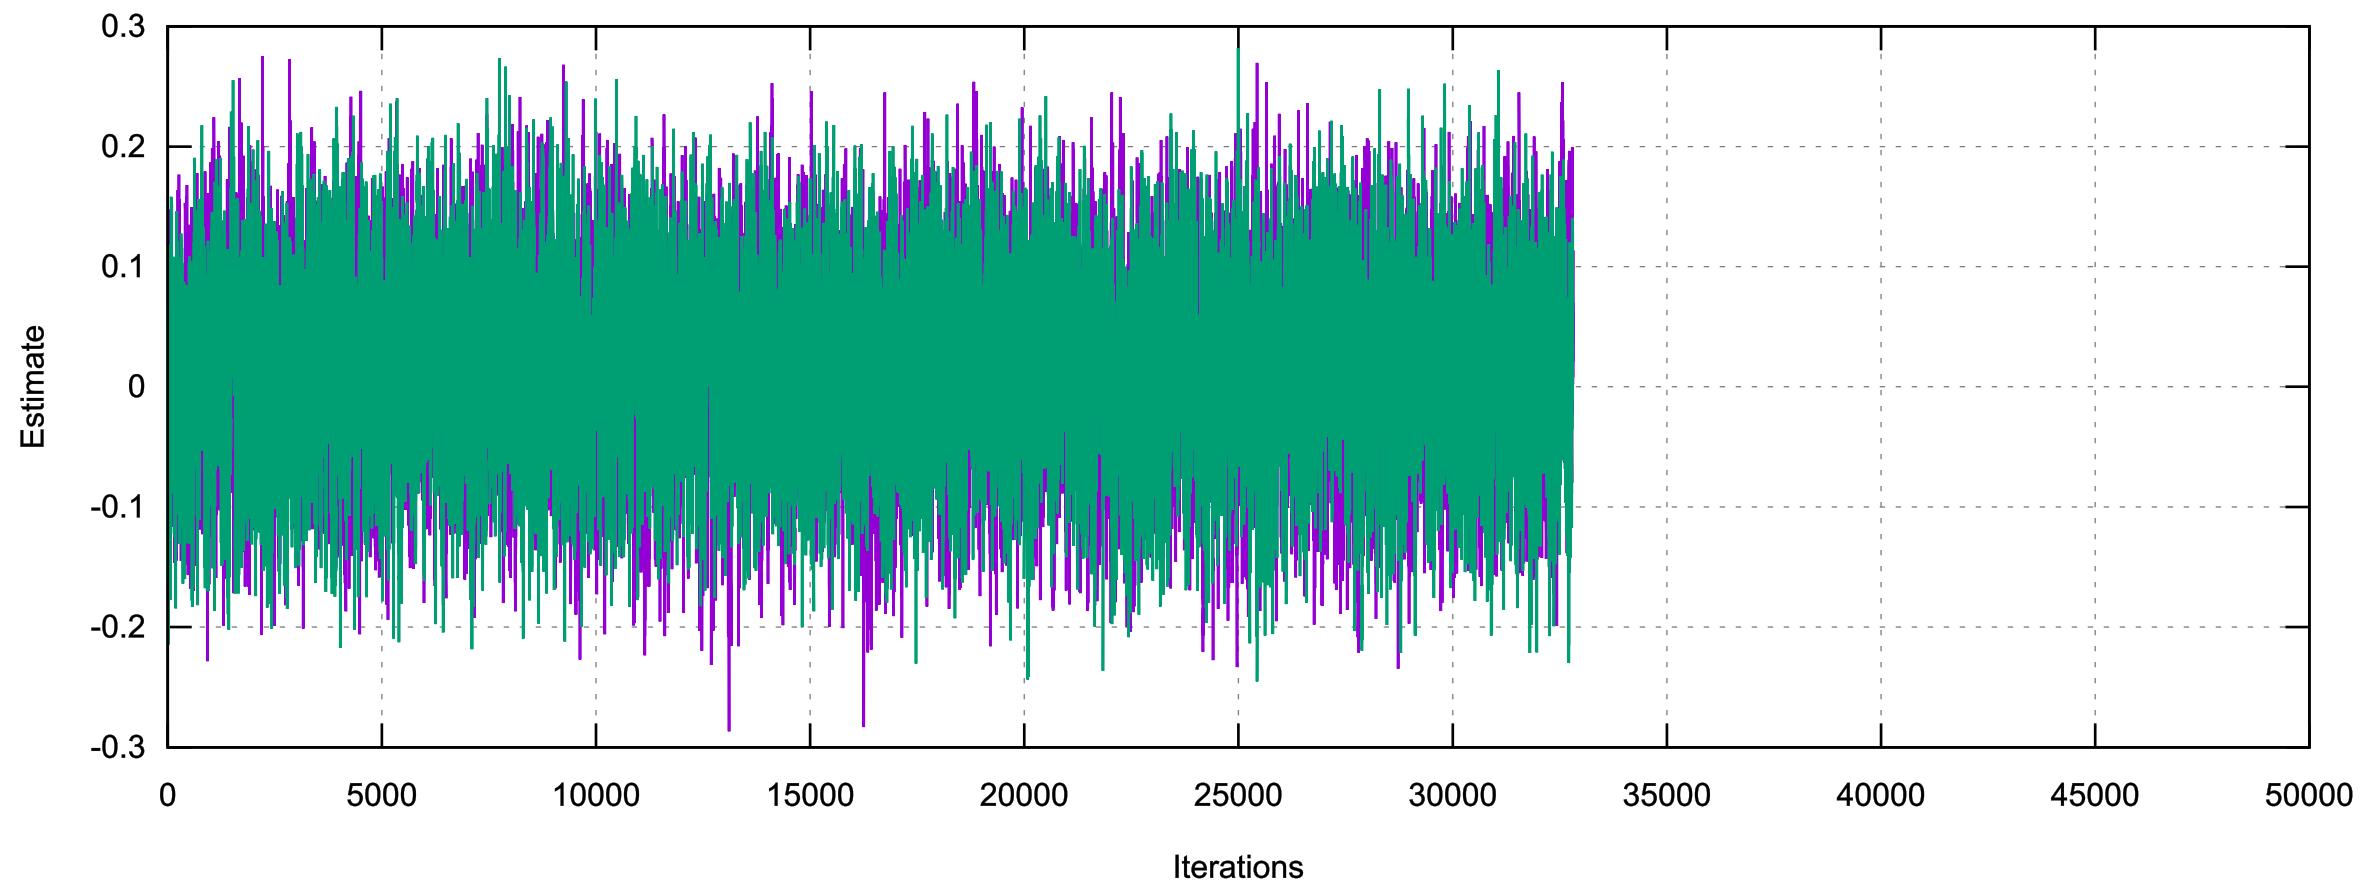

CRED\_ON regressed on ENG.2 at level-2

Parameter 32

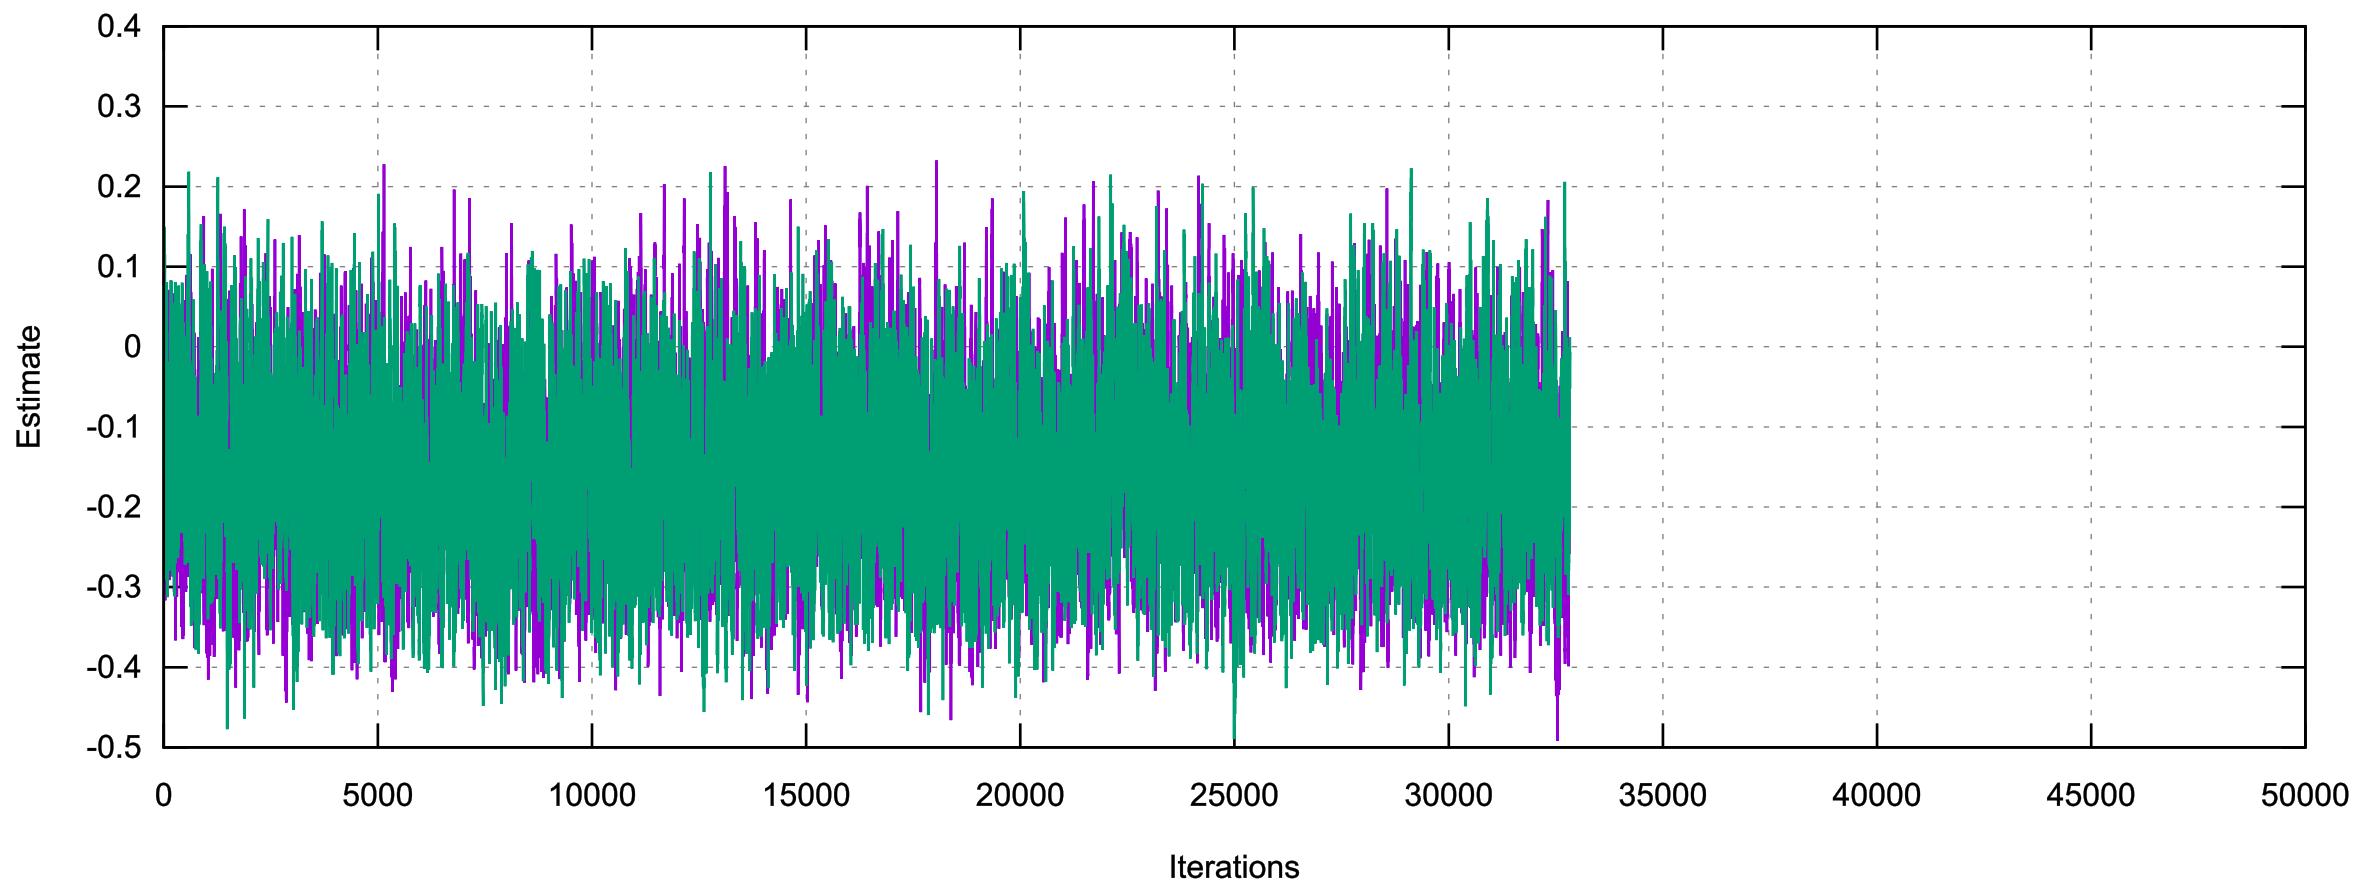

CRED\_ON regressed on GENDER.2 at level-2  
Parameter 33

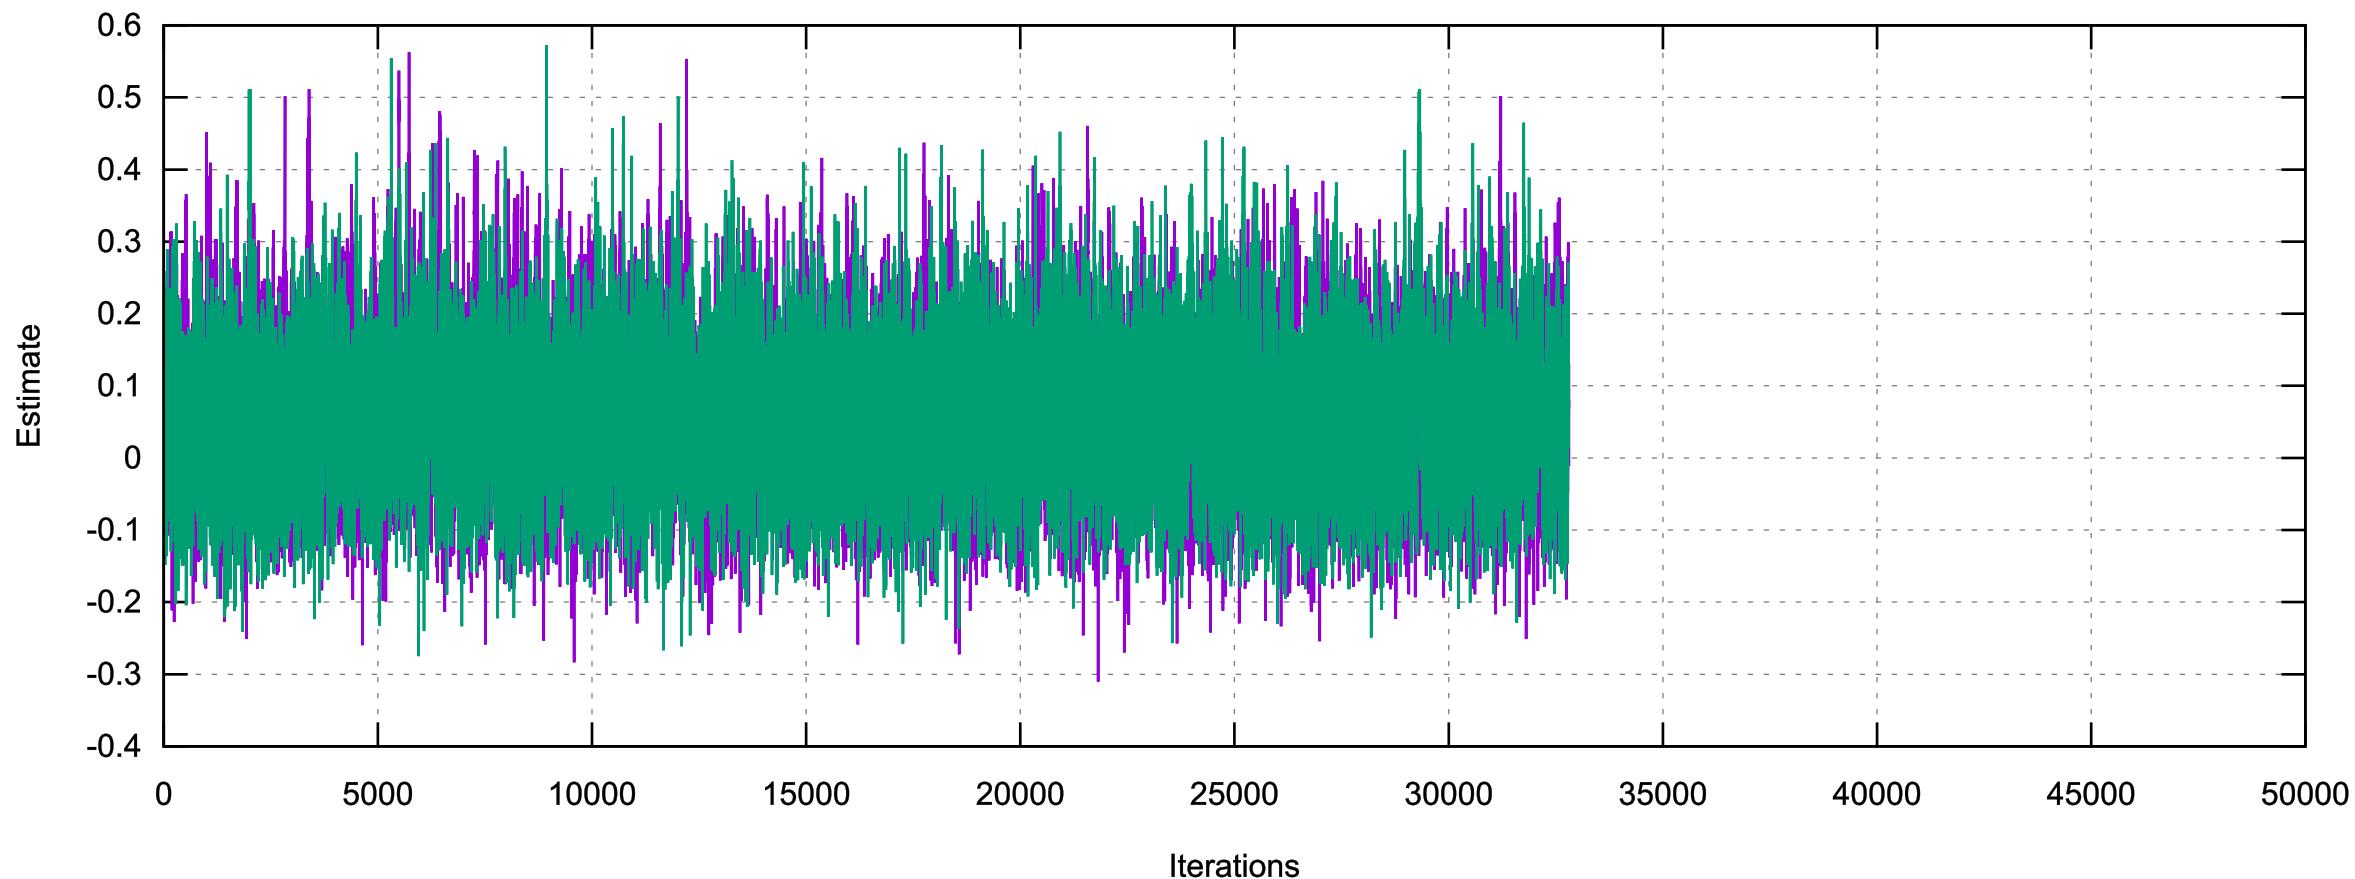

CRED\_ON regressed on GENDER.3 at level-2

Parameter 34

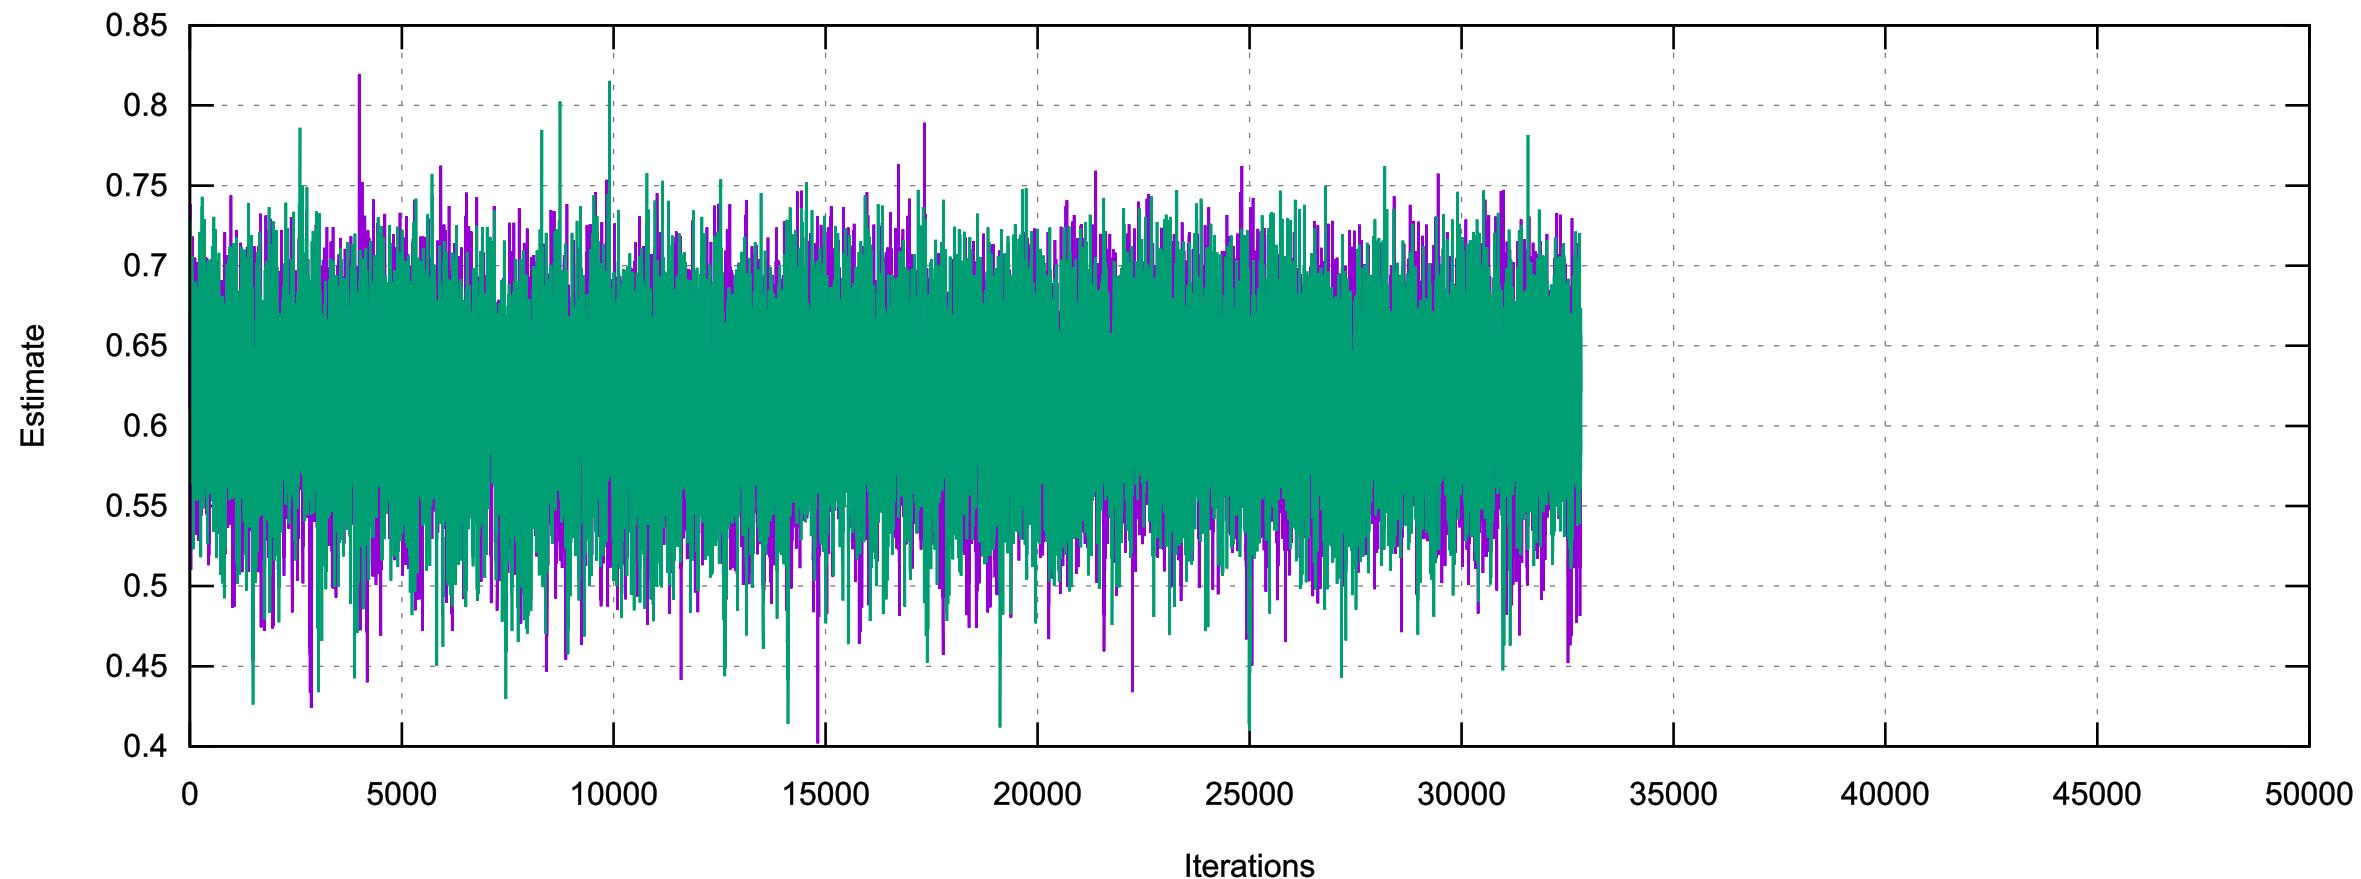

CRED\_ON regressed on ISONE at level-2

Parameter 35

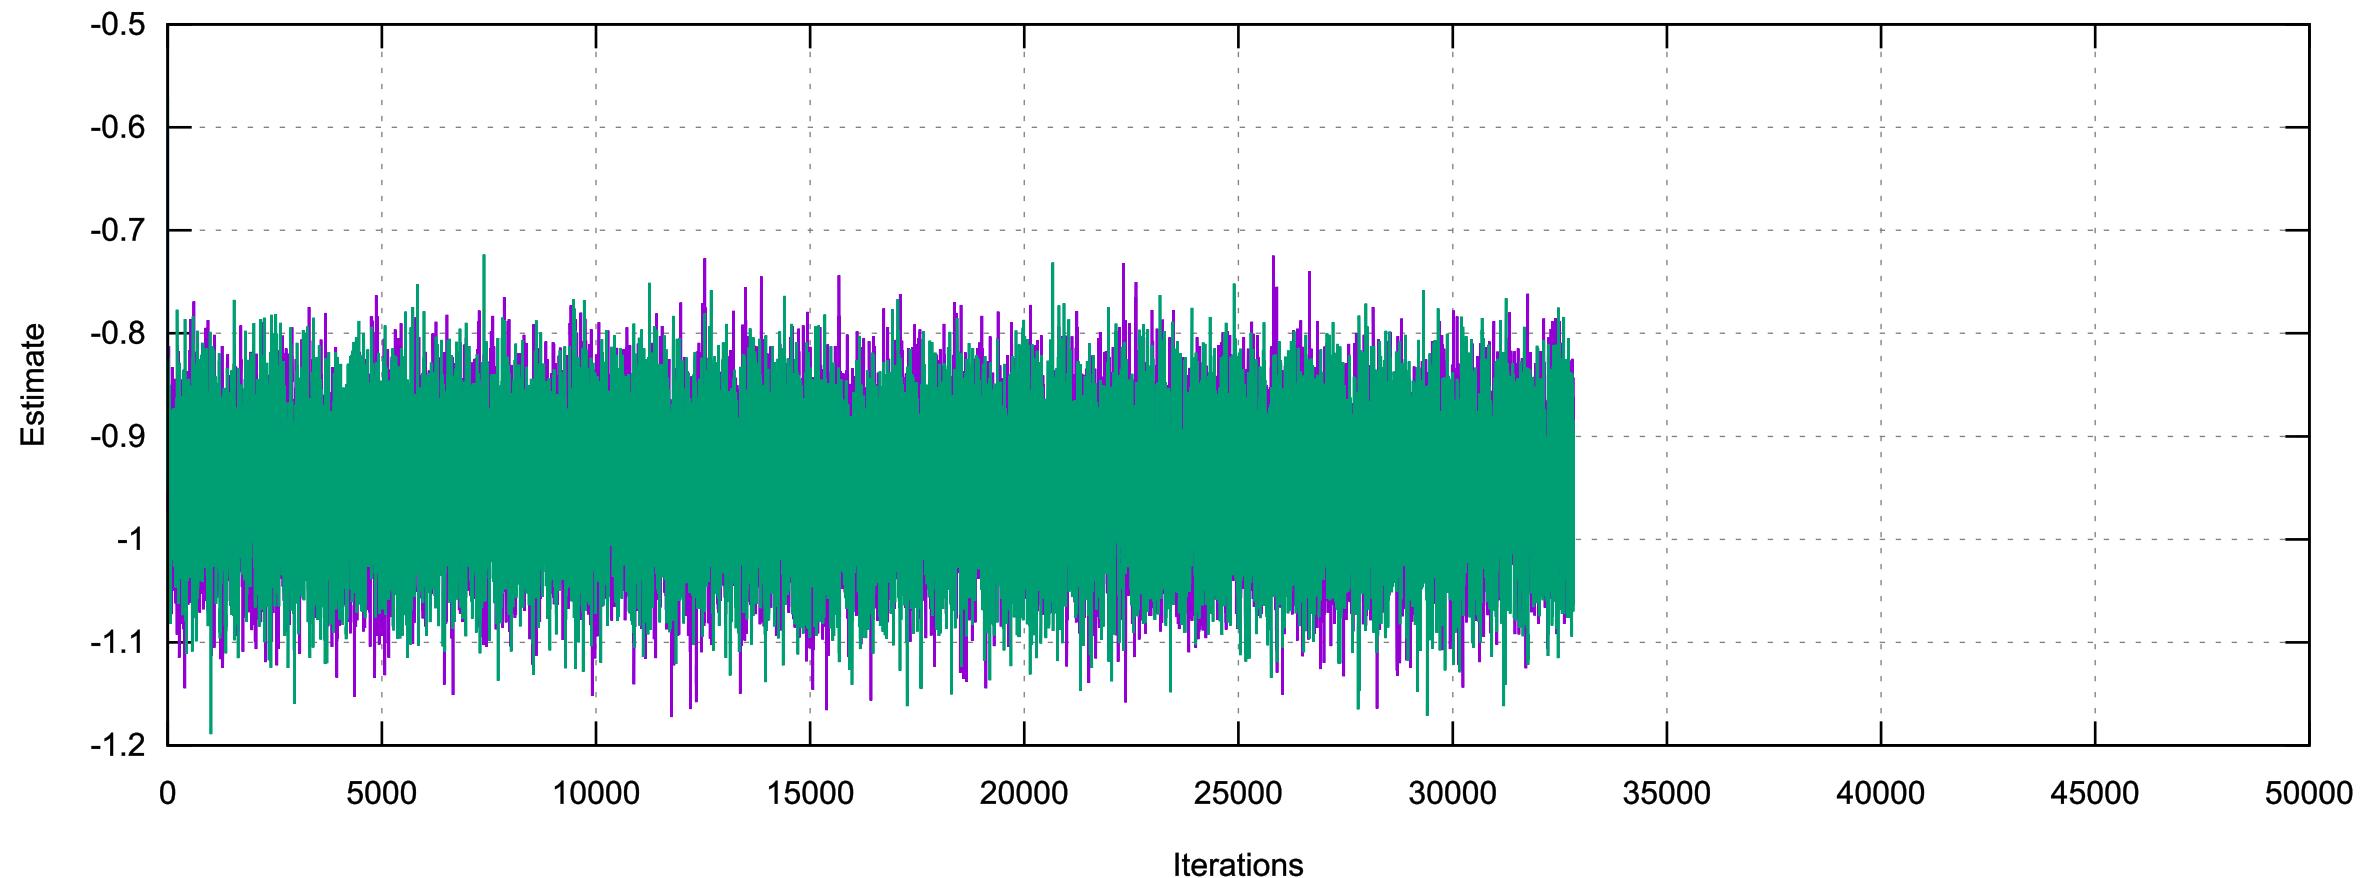

CRED\_ON level-2 residual variance  
Parameter 36

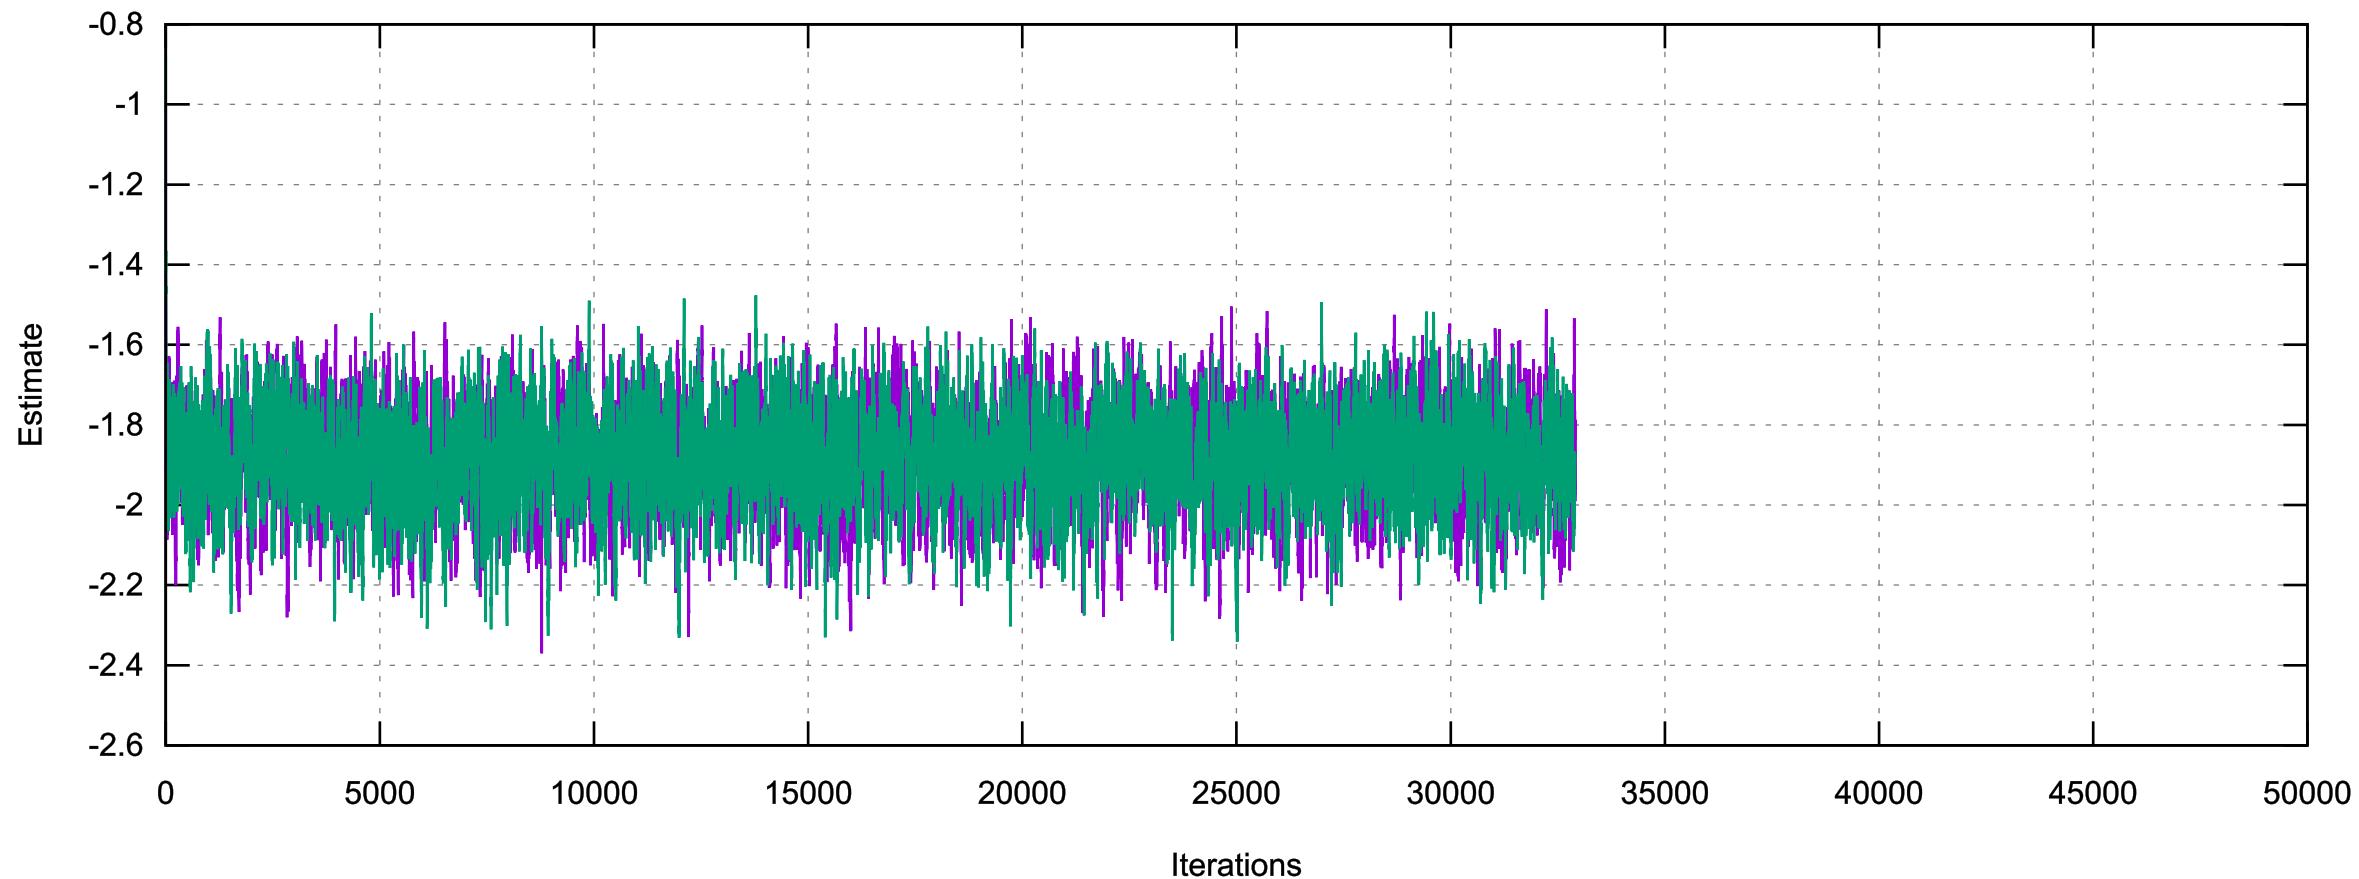

GENDER#2 grand mean

Parameter 37

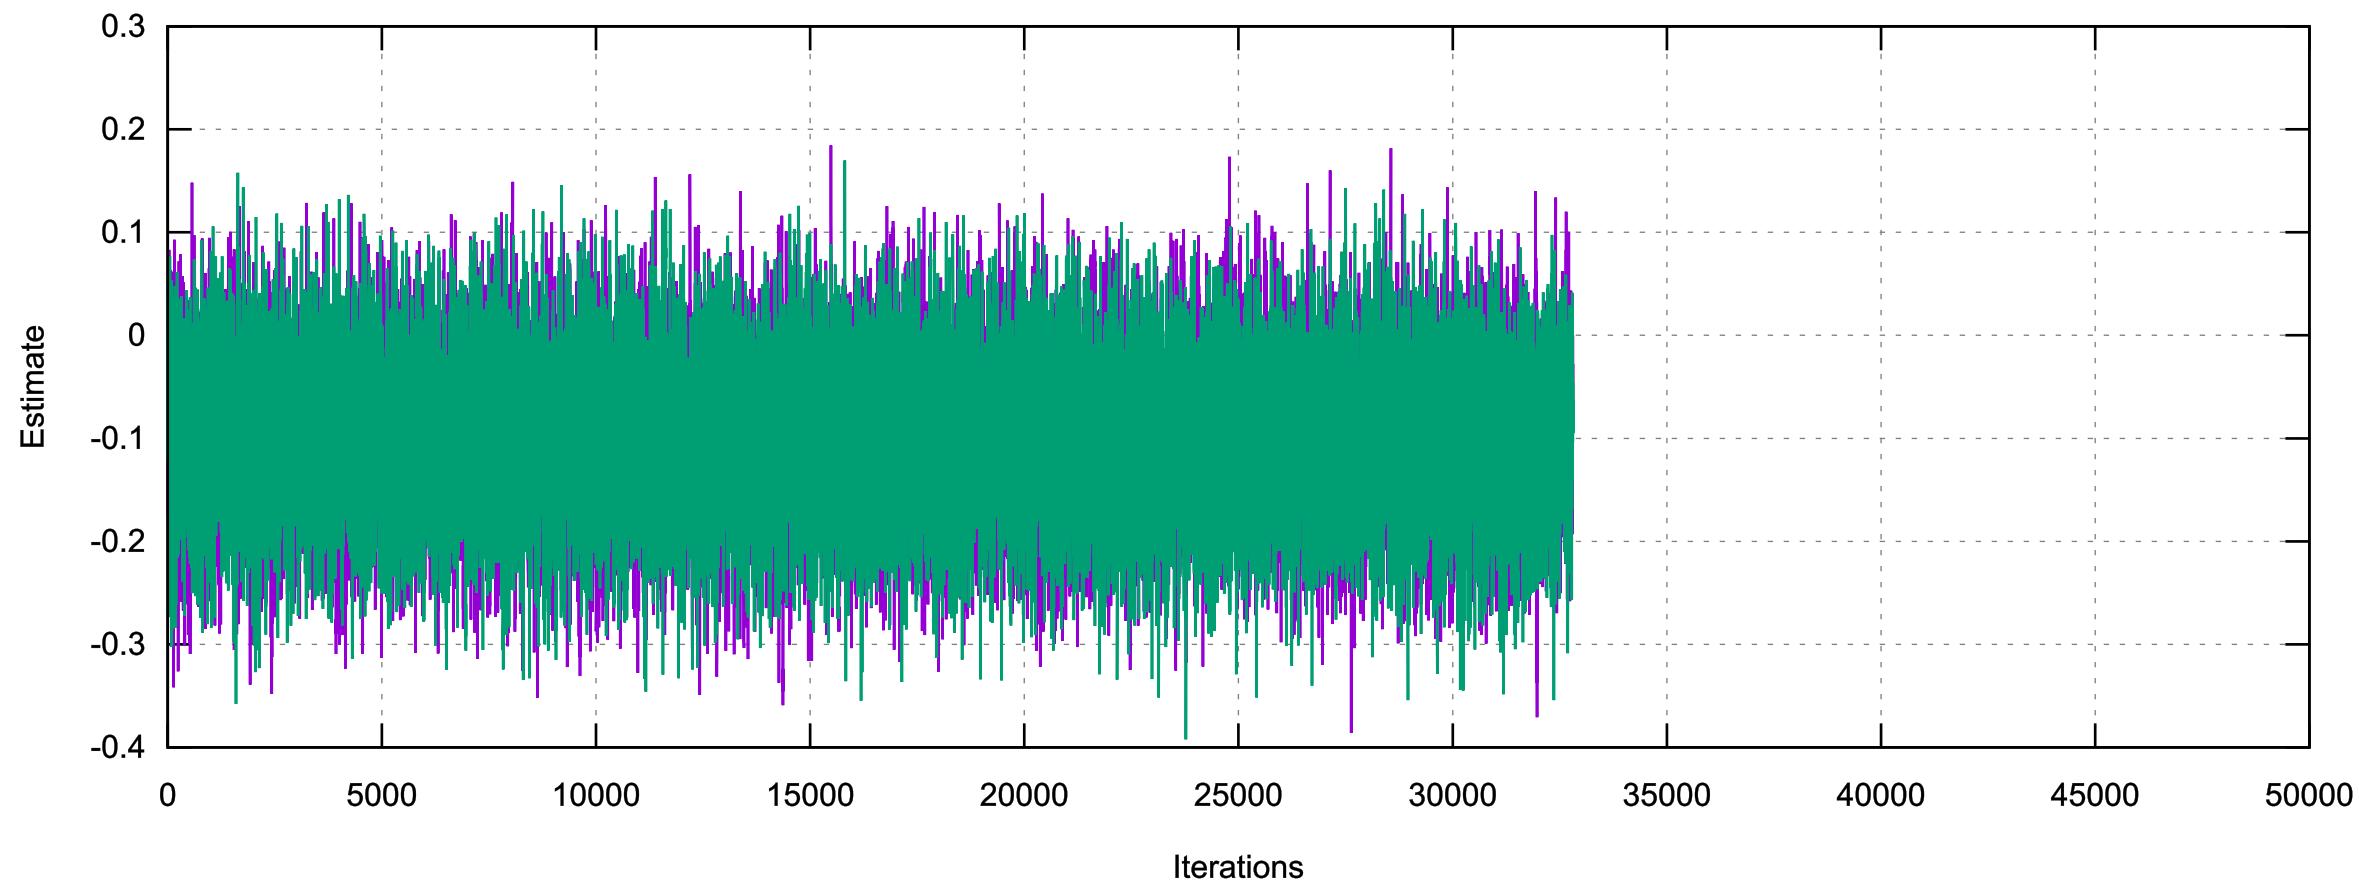

### GENDER#3 grand mean

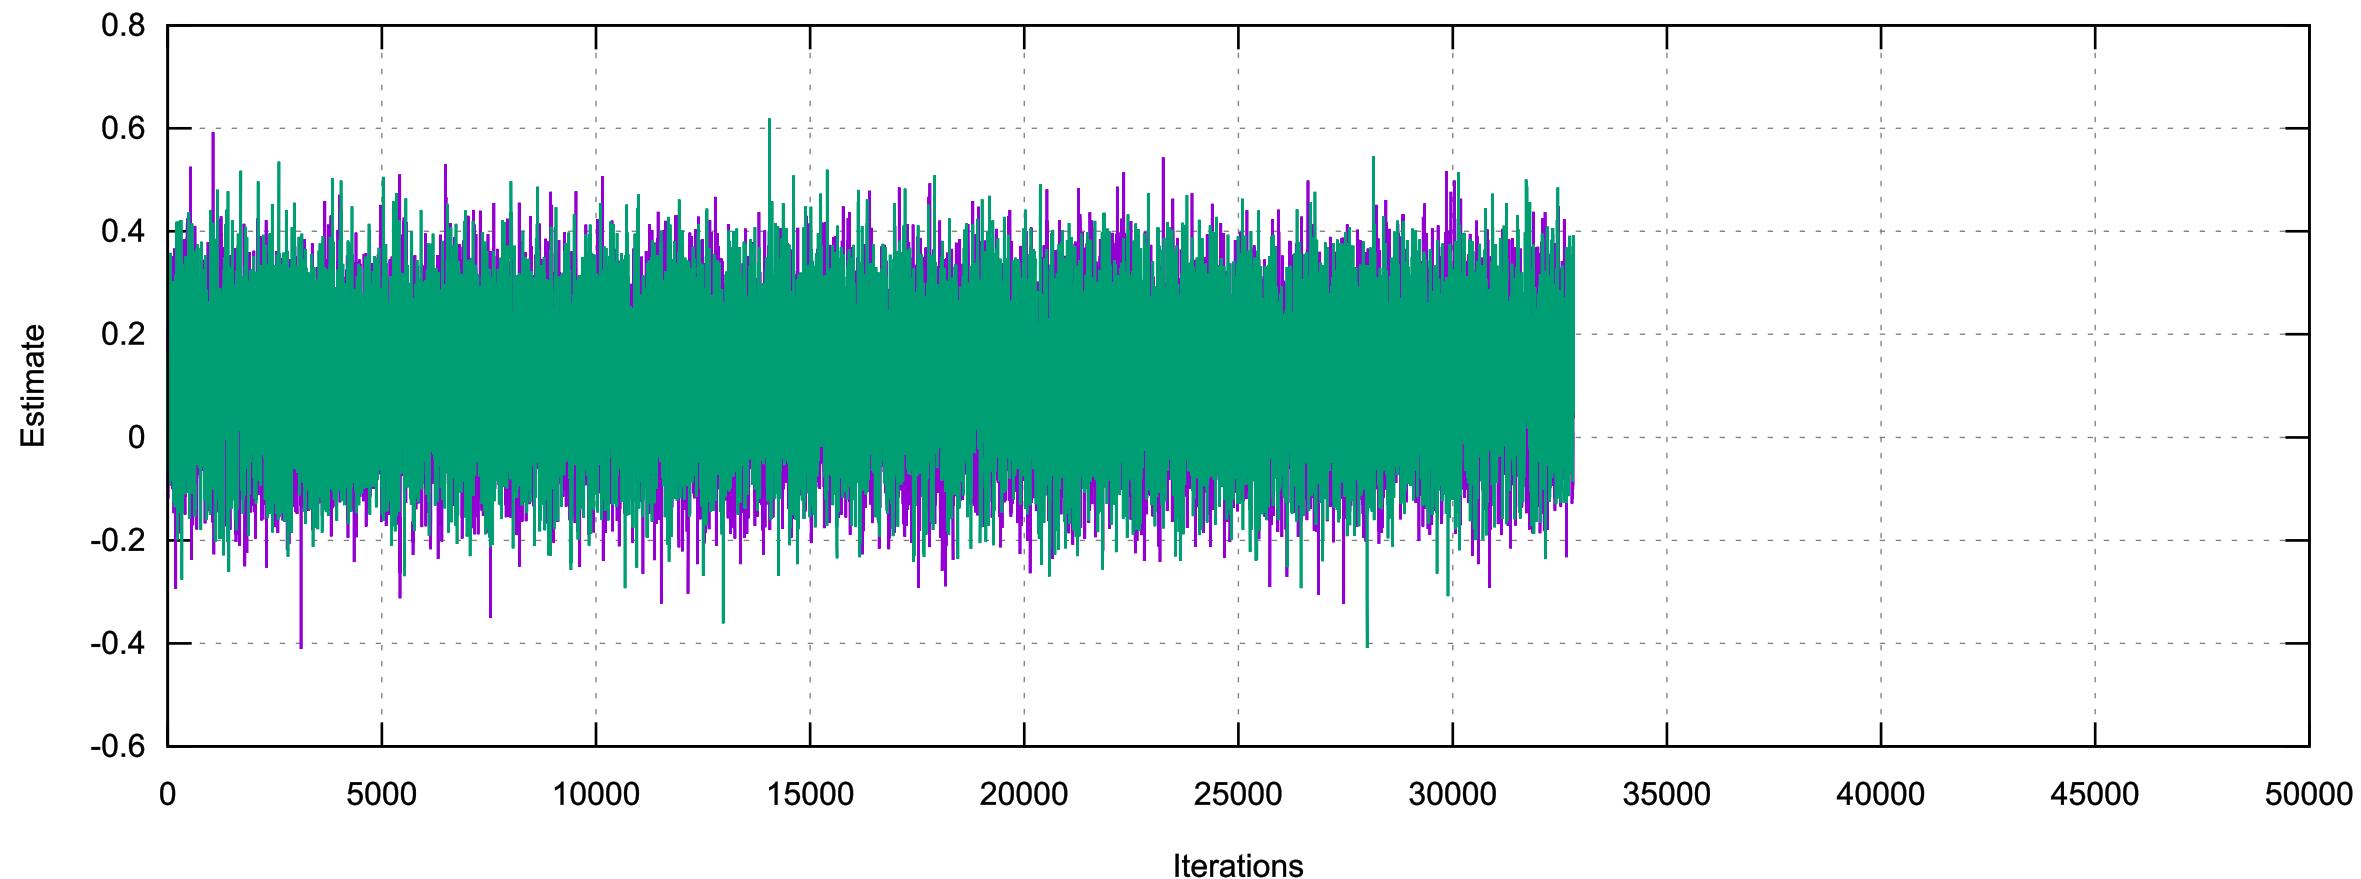

Parameter 38

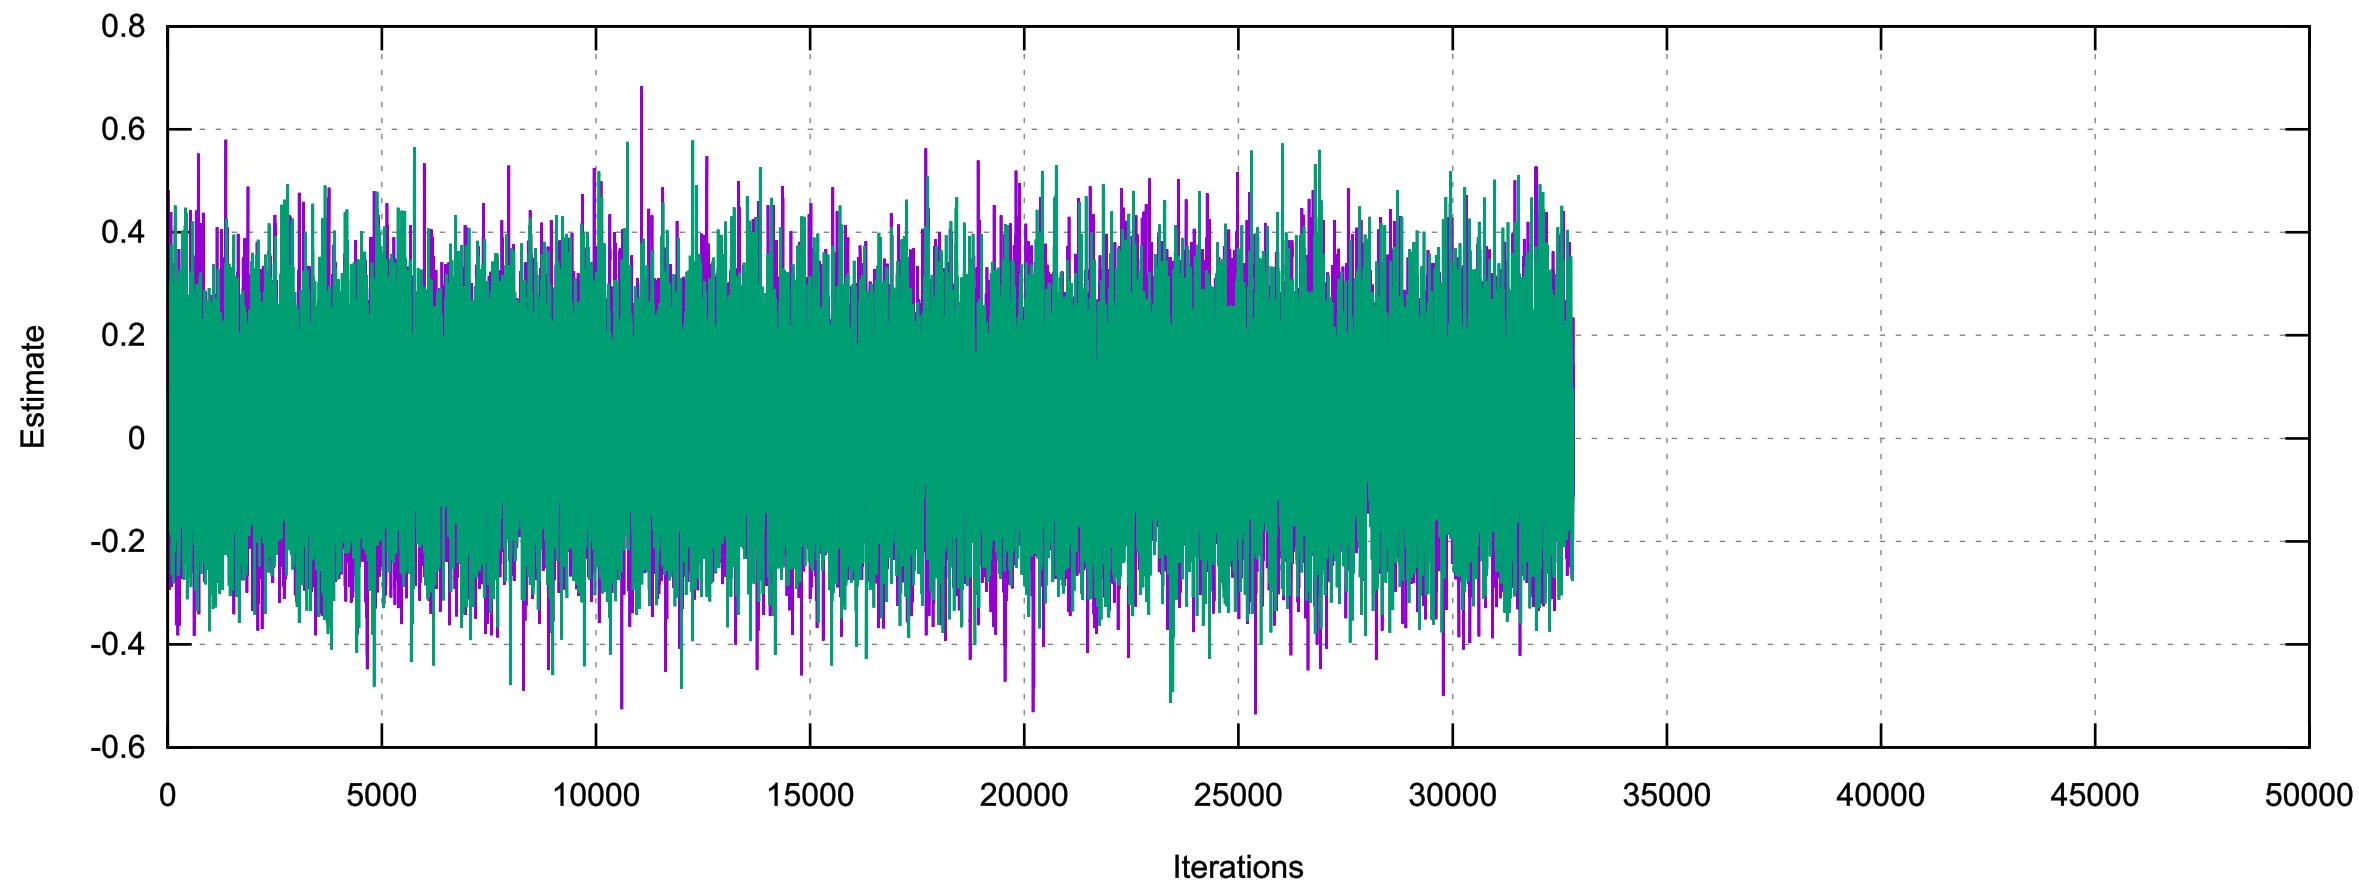

GENDER#2 regressed on CRED\_ON at level-2  
Parameter 39

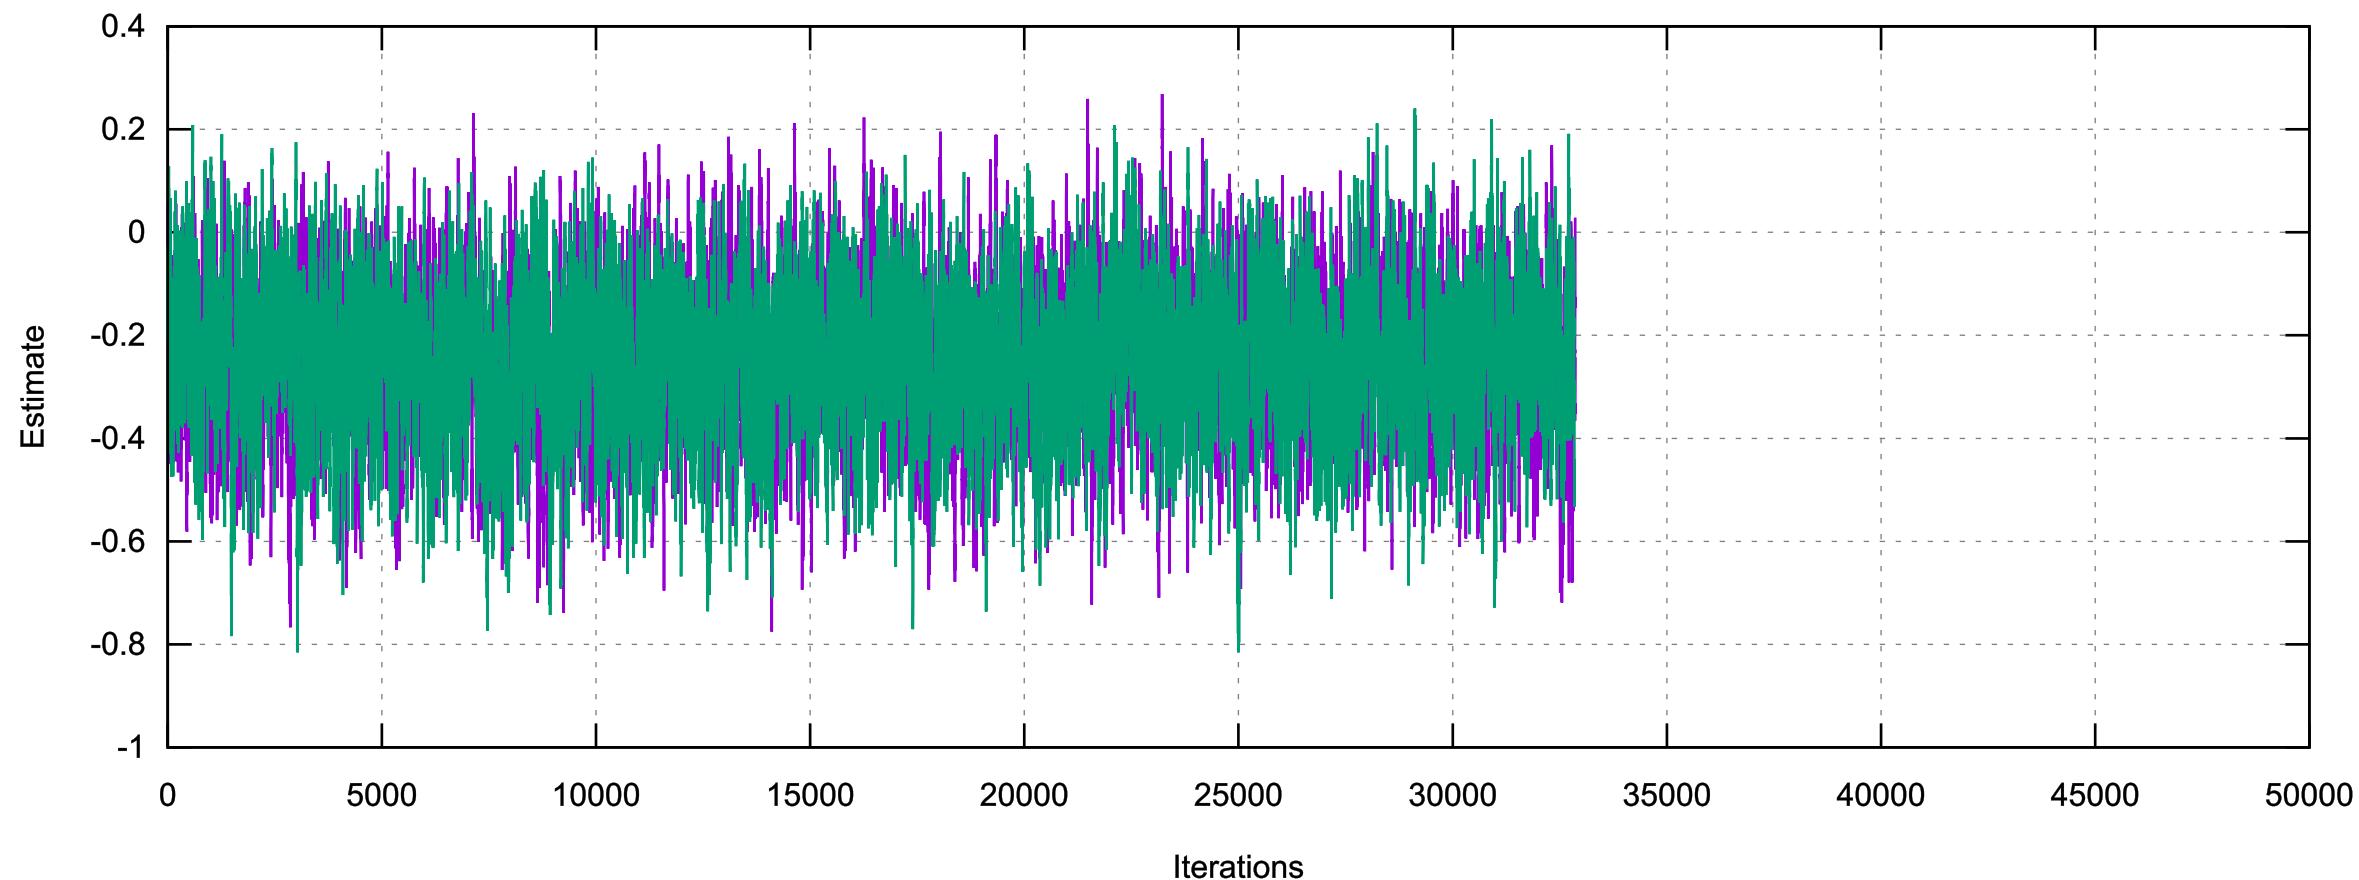

GENDER#2 regressed on ENG.2 at level-2  
Parameter 40

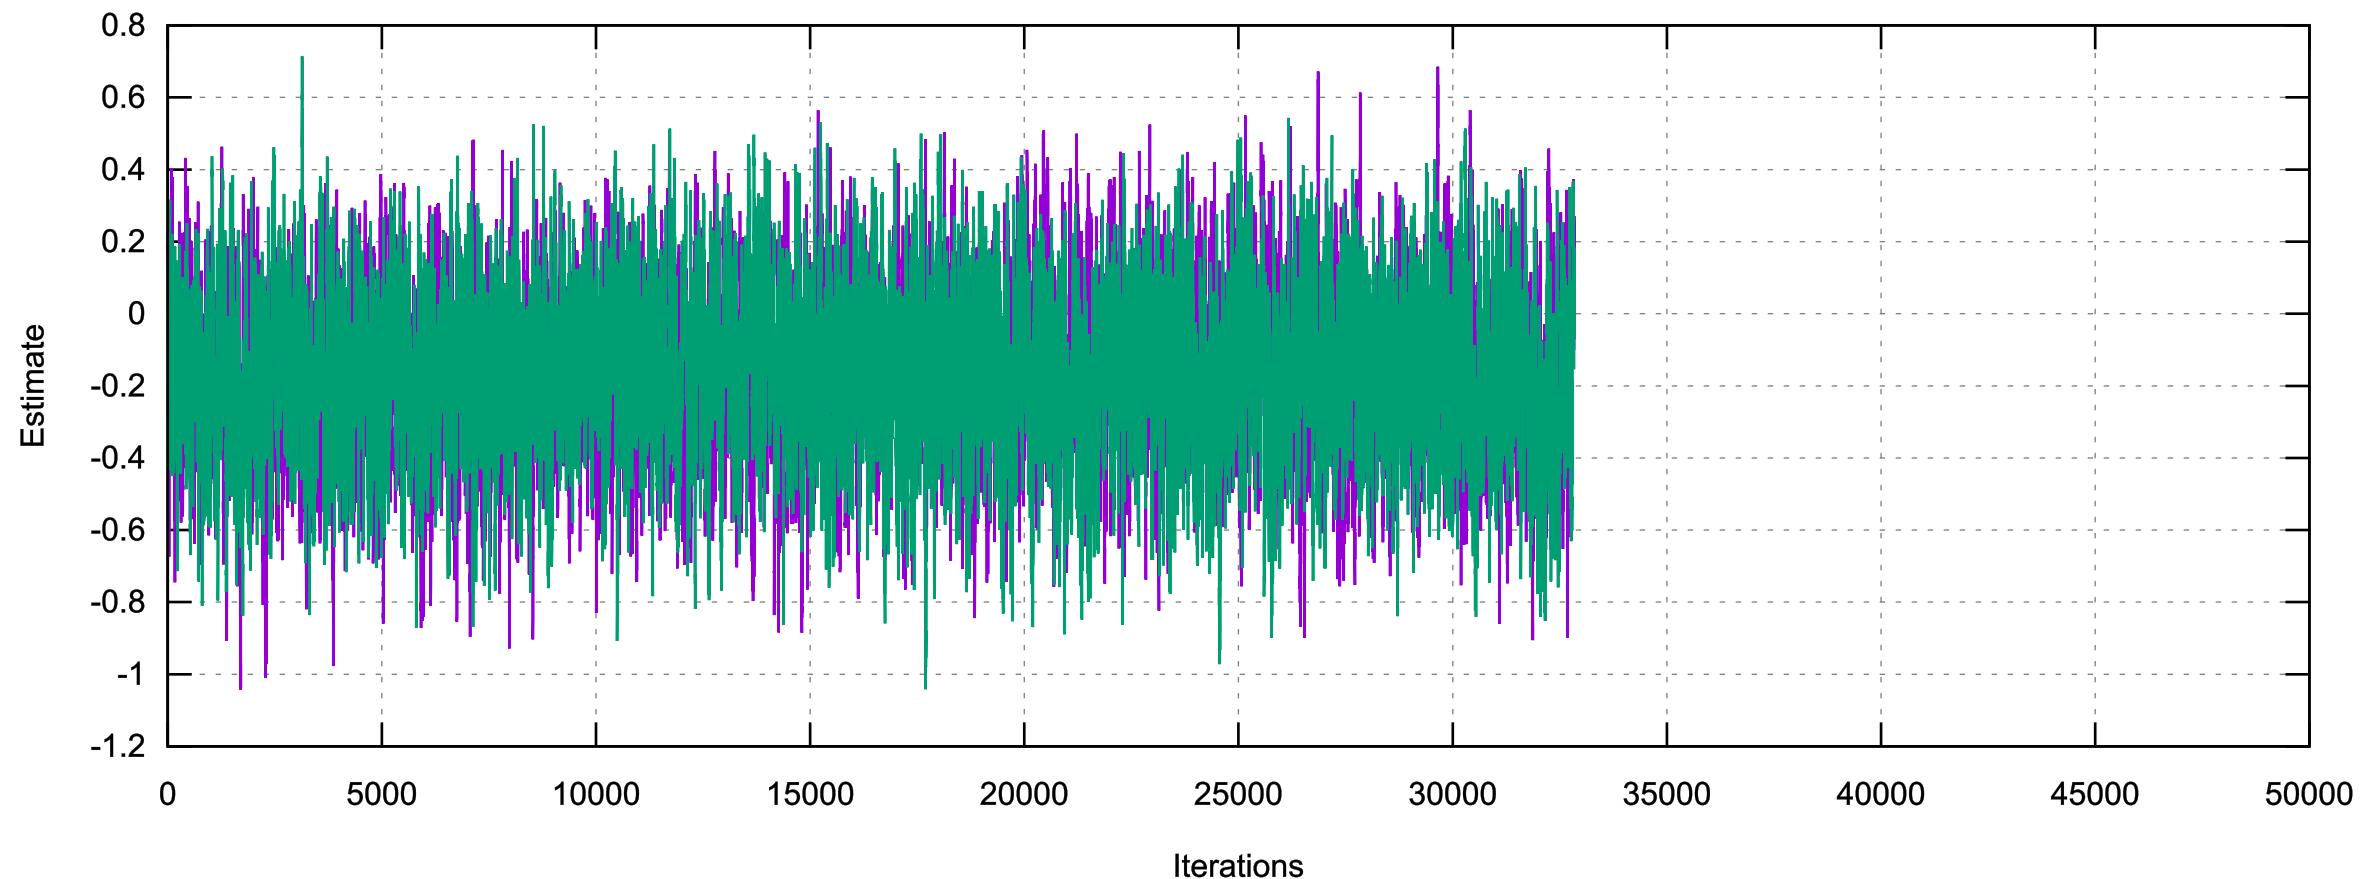

GENDER#2 regressed on ISONE at level-2  
Parameter 41

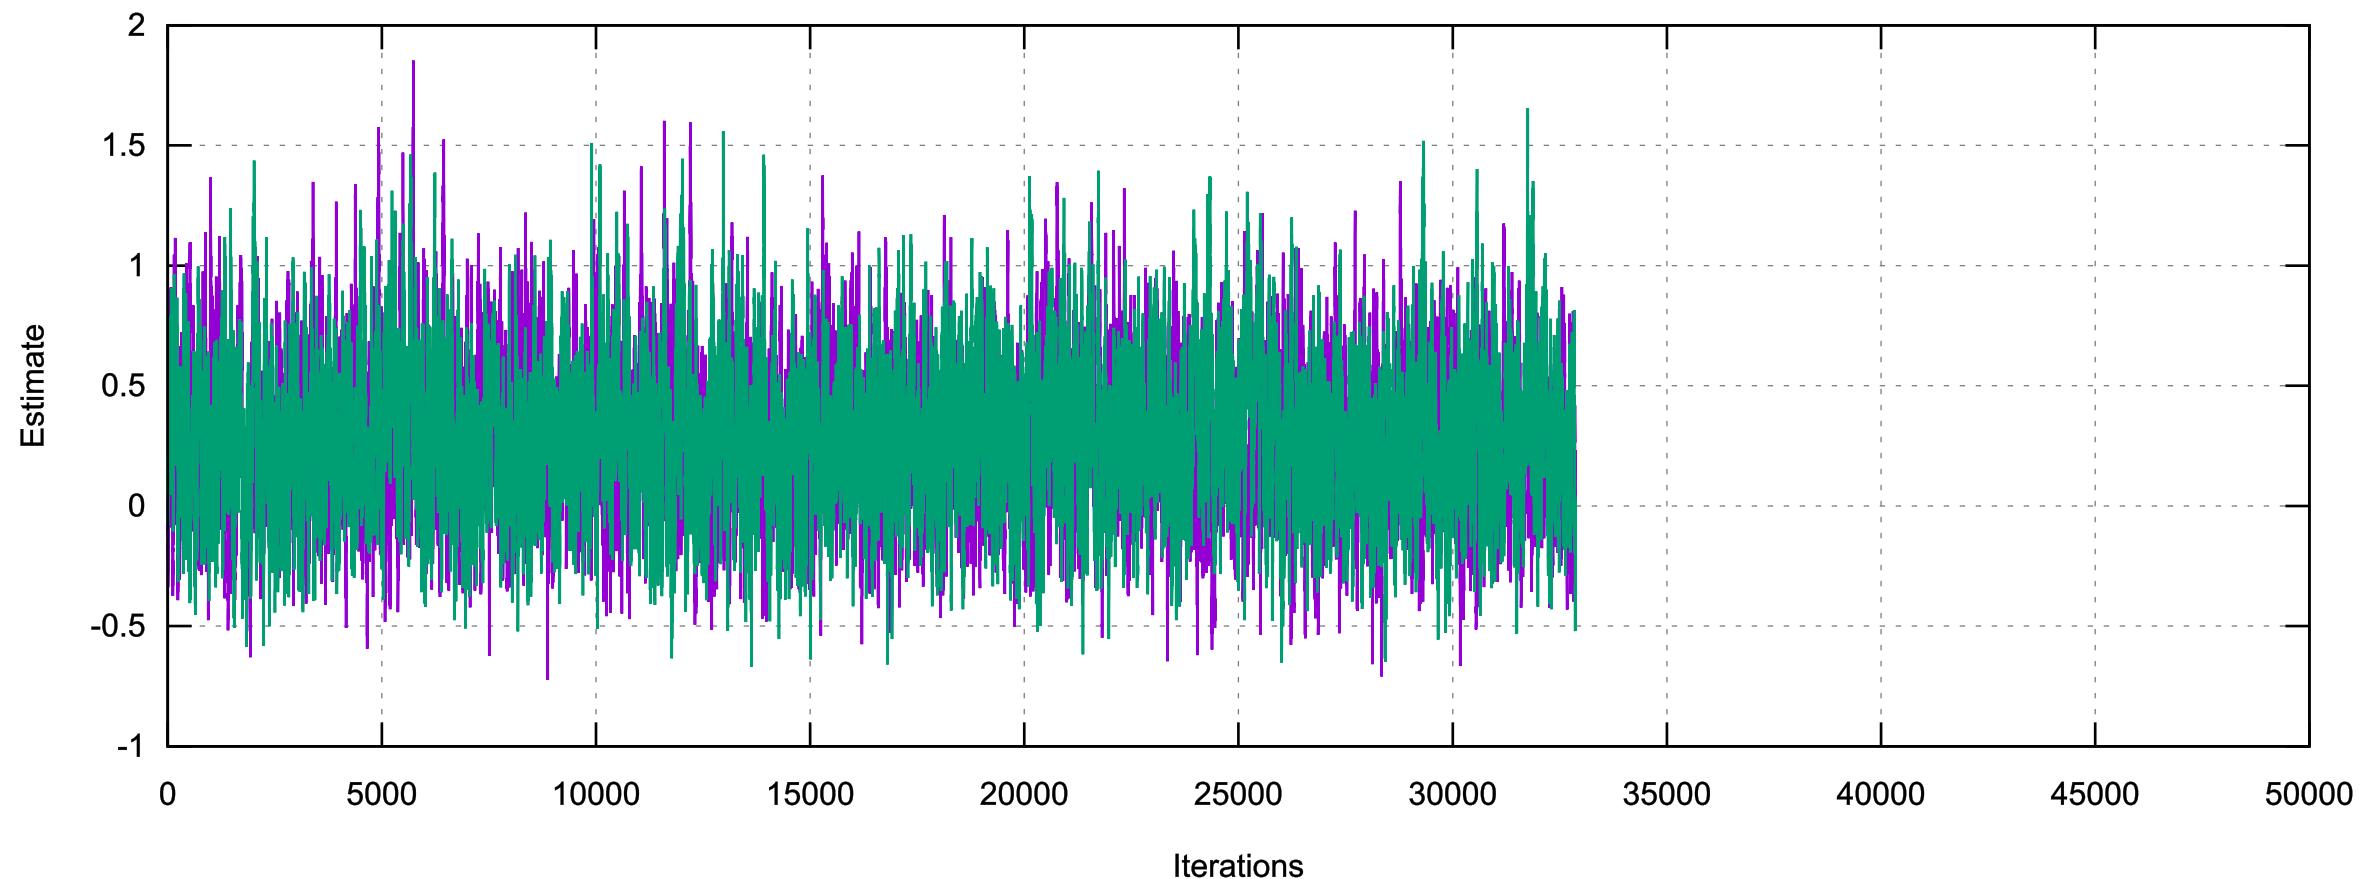

GENDER#3 regressed on CRED\_ON at level-2  
Parameter 42

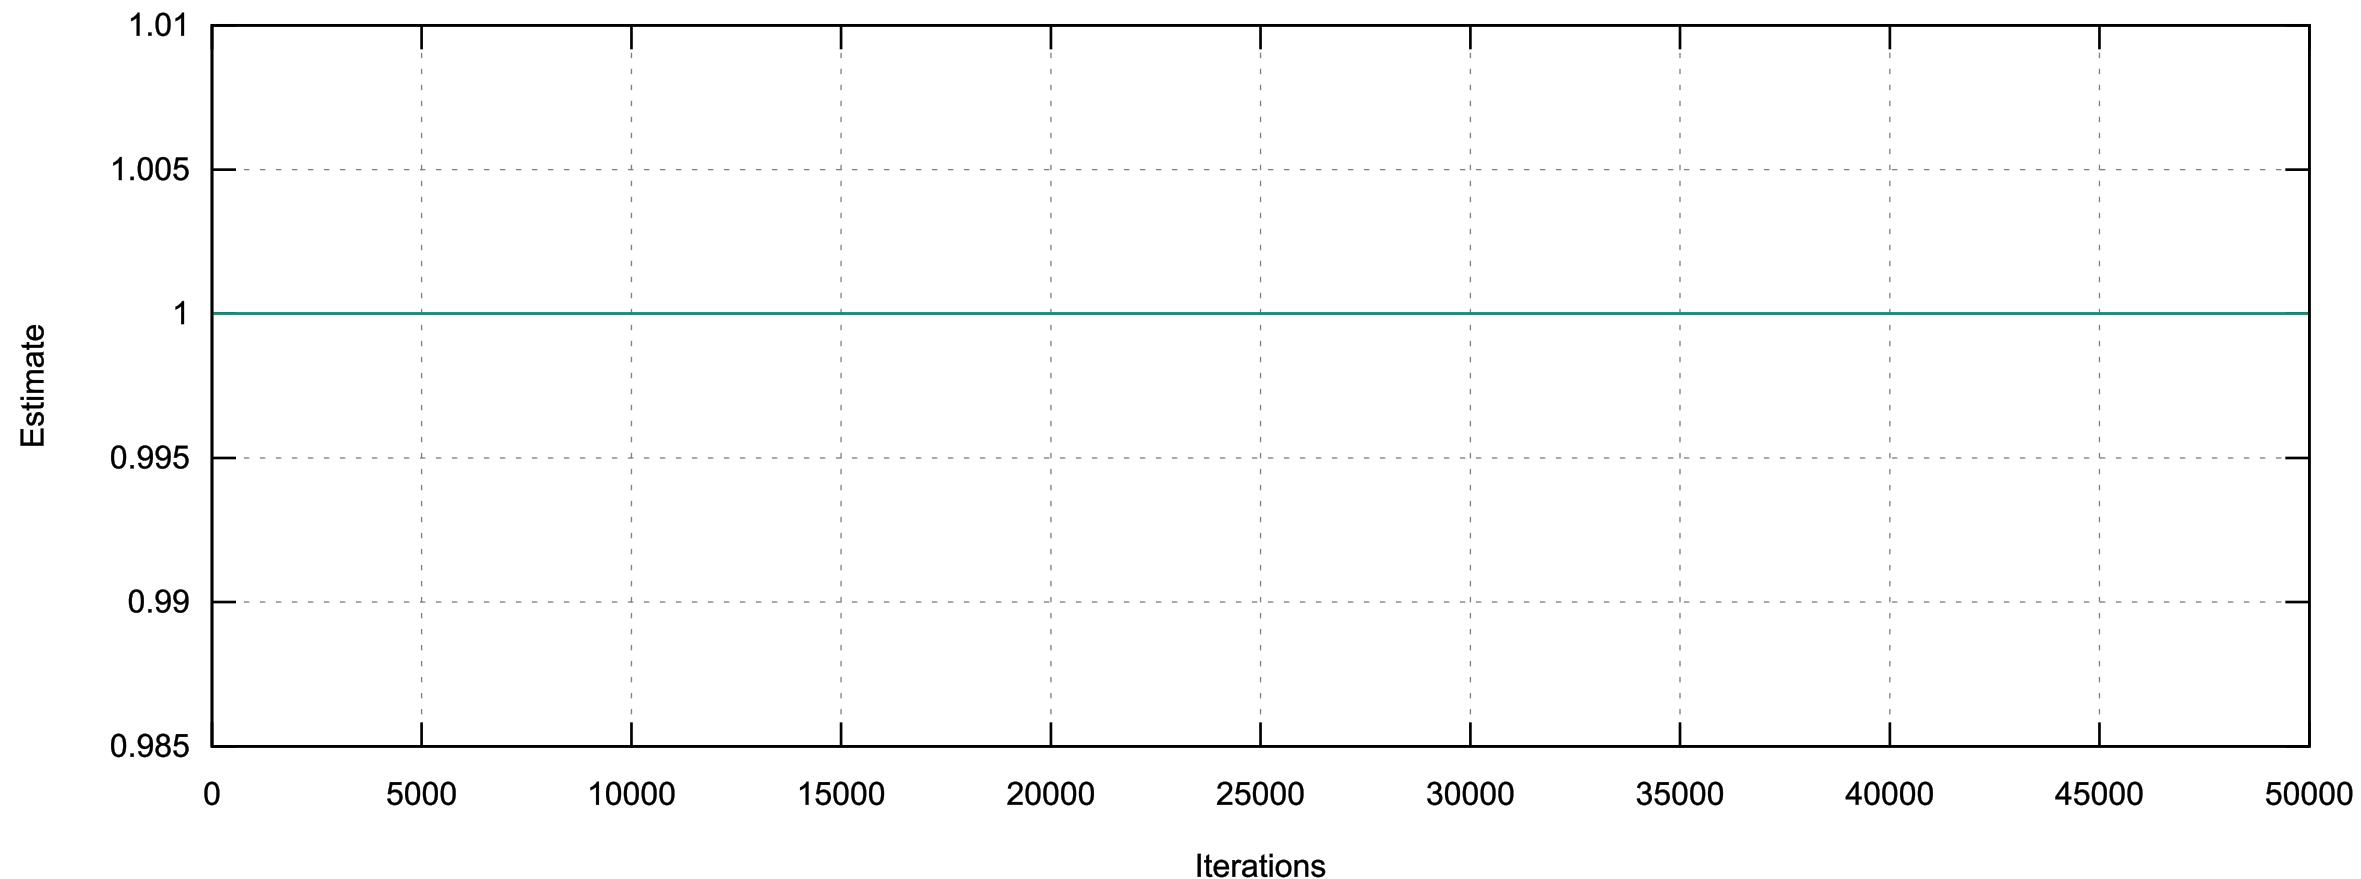

GENDER#3 regressed on ENG.2 at level-2  
Parameter 43

GENDER#3 regressed on ISONE at level-2  
Parameter 44

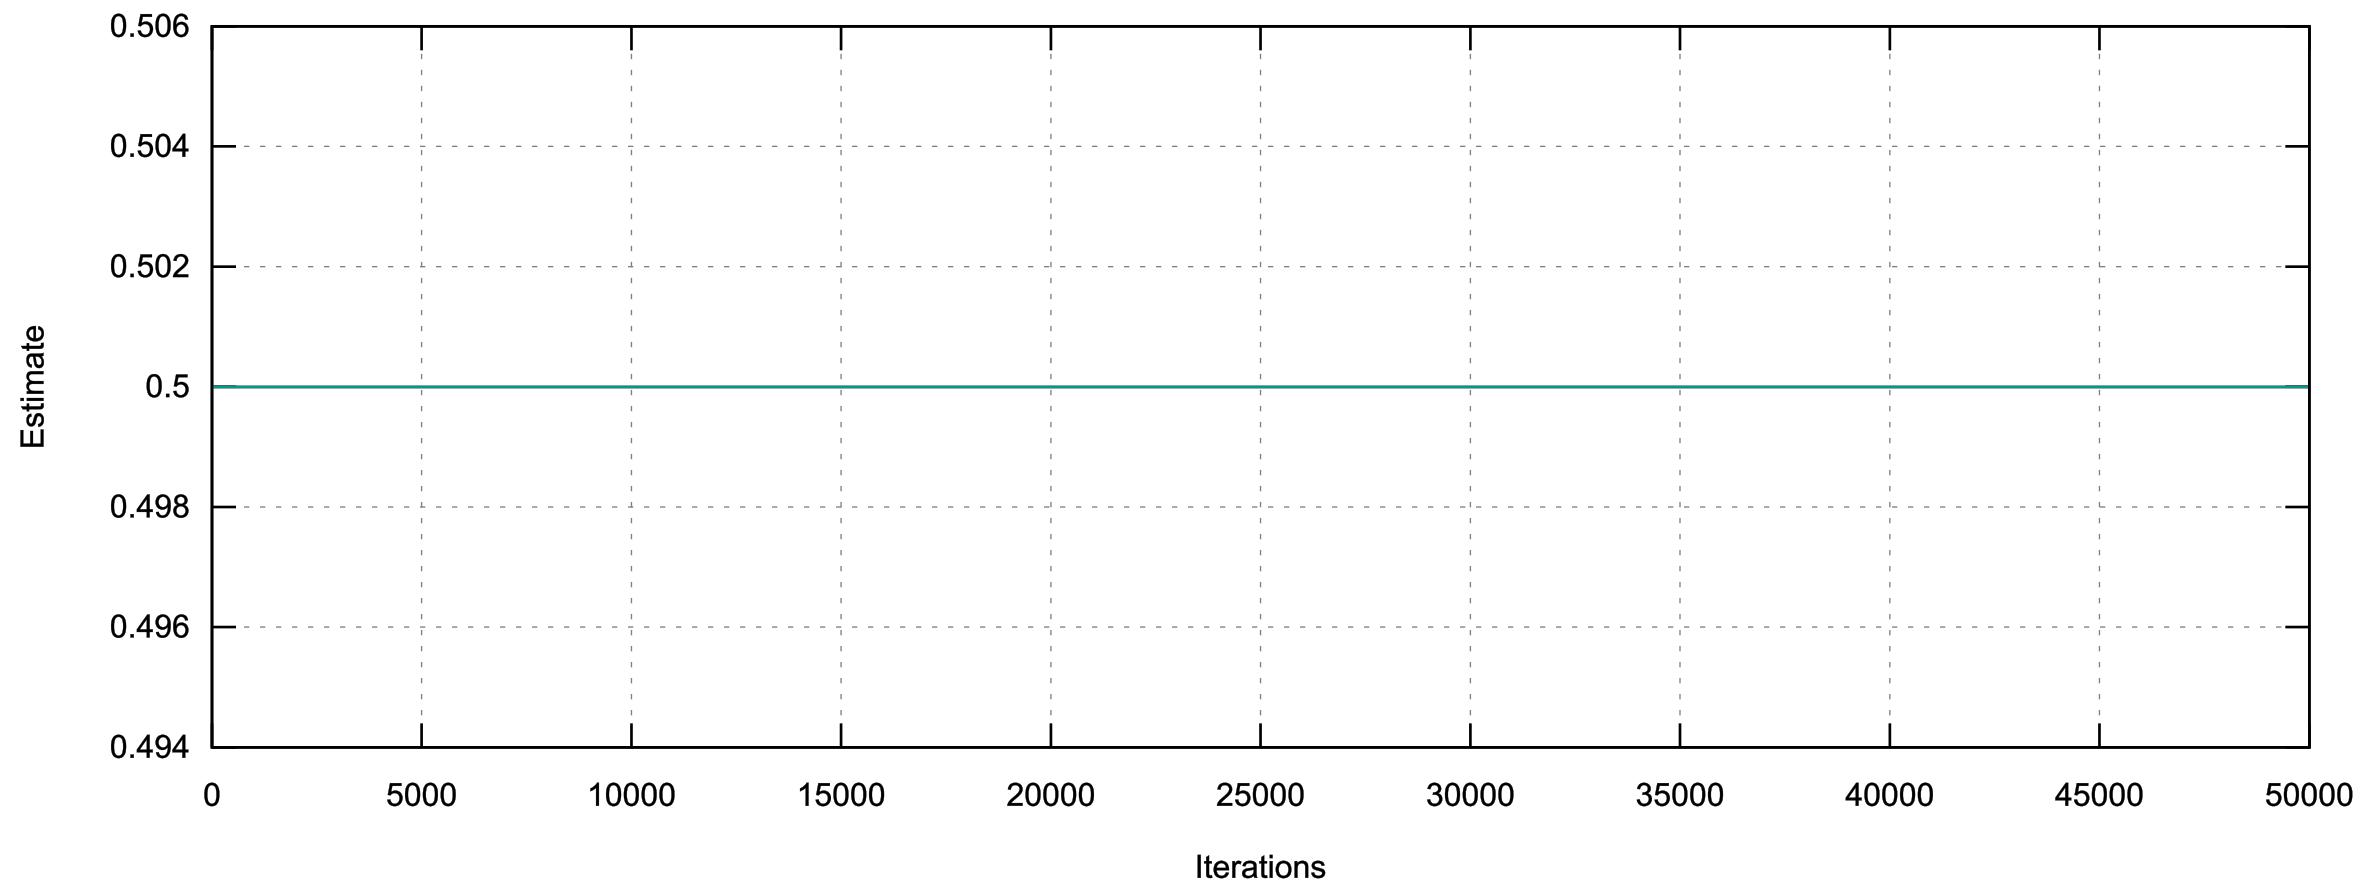

GENDER#2 level-2 residual variance  
Parameter 45

Level-2 residual covariance between GENDER#2 and GENDER#3

Parameter 46

GENDER#3 level-2 residual variance  
Parameter 47
